Instructions:

Applications for the review of plans and specifications to ensure conformance with State adopted installation codes may be submitted in writing to the Oklahoma Construction Industries Board. An application, and the appropriate filing fee, shall accompany the construction plans and specifications submitted for plan review. Plan review shall only be conducted for construction projects where a city or town has not adopted a trade installation code by ordinance that is more stringent than the standard of installation as described in OAC 158:40-1-4 Electrical, OAC 158:30-1-4 Plumbing and OAC 158:50-1-4 Mechanical. Applications shall only be reviewed if submitted prior to the bid dates for the project.

Plan requests are not complete unless accompanied by plan review request form and the appropriate fees. Please make remittance payable to the CONSTRUCTION INDUSTRIES BOARD (CIB), Plan Review.
