

OHBI Data and Surveillance Workgroup

October 7, 2021

Zoom Meeting

Attendance:

Annette Mays, Herb Magley, John Morton, Leslie Ballenger, Morgan Fitzgerald, Nadine Walter

Welcome & Introductions:

Morgan Fitzgerald, co-chair, opened the meeting by welcoming all and briefed all attendees on the topics that would be covered today.

Healthy Brain Initiative Issue Map:

Morgan Fitzgerald

Morgan shared her screen and the group looked at the 5 action items under Monitor and Evaluate the workgroup will be focusing on for the new ADRD State Plan. Morgan announced that M-1 is already asked for this Grant Year (GY) since it is in her budget for 2022. It will also be placed in the GY 3 budget, but feels it should stay in the state plan for future years.

The required action item is M-3: Use data gleaned through available surveillance strategies and other sources to inform the public health program and policy response to cognitive health, impairment and caregiving. We discussed the examples in the issue map from South Dakota and Summit County of a needs assessment. It was a consensus that we should do our own needs assessment. Nadine said the Caregiver Coalition would be willing to work together on a caregivers needs assessment. Each group member will think about the needs assessment; which questions, target, and how they want to disseminate for us to discuss at the next meeting.

OK Data:

Morgan Fitzgerald

Morgan shared her screen and the group looked at the data from the Office of Primary Care for DO and MD board certifications. The group also looked at the BRFSS [Caregiver](#) and [Subjective Cognitive Decline](#) module questions.

Morgan said she hopes to have answers before the December meeting on the questions and data missing.

Close:

Next Meeting Date – December 2, 2021 from 12-1. Morgan will send out the link for that meeting and it will be recurring on Zoom every other month on the 1st Thursday of the month.

Next Coalition Meeting Date- October 19, 2021 from 1-3pm.

Meeting Adjourned
