Cite as: 63 O.S. § 1-1013 (OSCN 2024)

The term "public bathing place," as used in the following sections of this article, includes all entirely artificially constructed wading pools, swimming pools, bathhouses used collectively by a number of persons for wading, swimming, recreative, or therapeutic bathing, together with all sanitary facilities, bathing suits, buildings, equipment, and appurtenances pertaining to such bathing places; provided, that such term shall not apply to those public or semipublic baths where the main object is the external cleansing of the body, to bathing places maintained by an individual for the use of family and friends, or to bathing places owned or managed by a group or association of the owners of thirty or fewer homes, the use of which is limited to the homeowner group and their nonpaying guests. The term "public bathing place" does not include spray pads or spray grounds. As used in this section, "spray pads or spray grounds" mean interactive recreation areas intended for use by children in which the water is supplied by a system of sprays and is not allowed to accumulate above ground.

No person, municipality, as defined by paragraph 5 of Section 1-102 of Title 11 of the Oklahoma Statutes, or entity shall engage in or continue the operation of a public bathing place, as defined by Section 1-1013 of Title 63 of the Oklahoma Statutes, until an annual license has been obtained from the State Commissioner of Health for each such public bathing place. Each such operator shall pay an annual fee for such license to be fixed by the State Board of Health. Unless otherwise provided by rules promulgated by the Board, each such license shall expire one (1) year following the date of issue. No such license shall be transferable, and application for such license shall be made upon forms prescribed by the Commissioner. Each application for such license shall be accompanied by the applicant's certification that the public bathing place for which the license is sought is in compliance with the provisions of Section 1-1017 of Title 63 of the Oklahoma Statutes, and no license shall be issued or renewed for such public bathing place until after such certification of compliance has been received by the Commissioner. Provided, municipalities of five thousand (5,000) population or less, shall not be charged more than Fifty Dollars (\$50.00) for such fee.

- A. Public bathing places that are permanently out of service shall be deemed to be public nuisances.
- B. A public bathing place is permanently out of service when it is removed from use with no intention of being reopened.
- C. A public bathing place other than a wading pool will be presumed to be permanently out of service when:
 - 1. An indoor public bathing place has not been in use for ninety (90) consecutive days;
 - 2. An outdoor public bathing place has not been in use at any time during the period extending from June 1 to September 1 of the same year.
- D. Closure or securing of a permanently out-of-service public bathing place shall be required immediately upon being presumed permanently out of service. Closure is to be completed by filling in the public bathing place with earthen material or by covering the facility with solid, rigid, weight-supporting material to make it level with the surrounding area. Securing is to be completed by constructing or utilizing an existing barrier adequate to prevent entry by unauthorized persons.
- E. Municipalities shall be allowed to secure public bathing places which are out of service and have not been secured in accordance with the requirements of this section, and may charge the costs thereof against the taxes of the owner.

Pools and Spas

Article Article 10 - General Sanitation

Section 1-1022 - Public Pools and Spas - Non Regulations - Rules - Construction Permit - Licenses - Inspection - Security - Public Nuisance

This Statute Will Go Into Effect

Effective On: 11/01/2024

See Historical Data for Current Version

Cite as: 63 O.S. § 1-1022 (OSCN 2024), Pools and Spas

A. The State Department of Health shall regulate public pools and spas. The Department shall not regulate:

1. Spray pads, spray grounds, or splash pads intended for use by children in which the water is supplied by a system of sprays and does not accumulate above ground;
2. Pools located at private residences;
3. Pools run by a homeowner's association where pools or spas are limited to use by the homeowner group and their nonpaying guests; and
4. Public or semipublic pools where the main objective is the external cleansing of the body.

B. The State Commissioner of Health shall promulgate rules for the safety and sanitation of public pools and spas, fees for construction permit applications, fees for operation license applications, fines for violations of safety and sanitation requirements, and revocation standards for noncompliance. Municipalities with a population of five thousand (5,000) or less, according to the latest Federal Decennial Census, shall be charged no more than Fifty Dollars (\$50.00) for construction permit applications and for operation license applications.

C. All public pool and spa owners shall apply for a construction permit on a form designated by the State Department of Health. Pool and spa designs shall be based on the International Swimming Pool and Spa Code, which may be promulgated into rule by the State Department of Health. Construction permit applications shall include plans prepared by a licensed professional engineer. Pool and spa owners must possess a construction permit from the State Department of Health prior to beginning construction.

D. Public pools and spas shall be licensed annually by the Department. Public pool and spa owners shall apply for licensure on a form designated by the Department.

E. Public pool and spa owners must allow an authorized representative from the State Department of Health access for the purposes of an inspection. Public pool and spa owners, managers, operators, and attendants shall be responsible for maintaining sanitary and safe conditions. All owners, managers, operators, and attendants in charge of a public pool or spa shall be responsible for ensuring safety and sanitation requirements are met when operational. All pool and spa owners shall maintain records demonstrating compliance and shall provide to the State Department of Health upon request. The Department shall report any suspected illegal activity on the premises of licensed public pools and spas to the appropriate enforcement authority.

F. Every public pool and spa shall be secured for the purposes of preventing public access during the months in which it is not operational. Public pools and spas that are out of compliance with safety and sanitation requirements during three consecutive inspections shall be considered a public nuisance. These pools shall be considered permanently closed by the municipality in which the public pool is located. Permanently closed pools and spas shall be completely filled in, or fully drained and secured by constructing or utilizing a barrier adequate for the prevention of unauthorized persons. Municipalities may secure permanently closed public pools and

spas and charge the costs thereof against the taxes of the owner. Permanently closed pools and spas fully drained and secured by a barrier shall complete the initial licensure process prior to opening to the public. Permanently closed pools that have been filled in shall be required to complete the construction permit application process prior to the completion of the initial licensure application process.
