5. Business:
 - The committee discussed where they left off at for the Anti-Venom plan. Sam Murray stated he will bring the topic up with the RMPG group to see if they have a plan already for the Region. He will also call the hospitals in the Region to see which medication they carry and how many dosages.
 - The committee discussed putting out the STEMI Survey again, since it has been so long since the last survey was done. Lori Strider will send out the survey to the group via email and bring paper form to the next RTAB.
 - The committee discussed a Surgical Extraction plan. The committee would like to see Region

3's plan. Lori Strider will bring their plan to the next RPC meeting for the committee to review. Sam Murrey stated he would get with RMRS to see if they have a plan.

6. Jennifer Thompson informed the committee that Saint Francis is using a new medication for stroke. The medication is a fast push drug, not a drip. Therefore, a BLS service can transfer those patients to definitive care. Dr. James Campbell discussed with the committee on how we can get feedback from hospitals to EMS on the outcome of patients. The committee discussed how they get feedback for other time sensitive matters and how we can put the same plan in affect for trauma patients.
