Nursing Home & LTC Strike Team and Infrastructure Grant Activities

Respirator Fit Testing-Train the Trainer:

- Vendor will provide Respirator Fit Testing Train the Trainer education to two identified healthcare workers at approximately 150 SNF/LTC and 150 "other LTCFs"
- Participating facilities will be provided a complete fit testing kit for their facility or they will be provided any supplies needed to complete a kit the facility already has on hand.

Requirements for Participation:

- Develop an OSHA compliant Respiratory Protection Plan-(required before the vendor will contact you to schedule the training)
- Medical Clearance capabilities-vendor will assist facilities with this

3

How Do We Sign-up for Respirator Fit Testing Train the Trainer or How Can We Contact Someone with Questions?

If you would like to sign your facility up for this grant activity the preferred method would be for your facility representative to complete a Learning Needs Assessment on RedCap:

1. Open your camera and point at the QR code to the right and click on the link which will pop up on your screen in yellow. The link will take you directly to the assessment
2. Enter this link into your URL <https://redcap.health.ok.gov/surveys/> and then you will be prompted to enter the following code: DD8M7X8MJ (code is not case sensitive).

If you have questions about Respirator Fit Testing or you would like to Sign-Up by other means you can contact the project coordinator:

Kerry Cudd at 405-808-9217 OR

Chapter 663

C1505

- Each assisted living center and its staff shall be familiar with and shall observe all resident rights and responsibilities enumerated under Title 63 O.S. Supp. 1997, Section 1-1918.B
- 63 O.S. 1-1918.(B)(5)
- (5) Every resident shall have the right to receive adequate and appropriate medical care consistent with established and recognized medical practice standards within the community. Every resident, unless adjudged to be mentally incapacitated, shall be fully informed by the resident's attending physician of the resident's medical condition and advised in advance of proposed treatment or changes in treatment in terms and language that the resident can understand, unless medically contraindicated, and to participate in the planning of care and treatment or changes in care and treatment. Every resident shall have the right to refuse medication and treatment after being fully informed of and understanding the consequences of such actions unless adjudged to be mentally incapacitated.
