Congratulations to Custer County's Certified Healthy Oklahoma Awardees

The Custer County Health Department is proud to announce that 5 local entities have been awarded Certified Healthy status for 2018. Certified Healthy Oklahoma is a free statewide certification that recognizes entities going above and beyond to make health and wellness a priority for all. The program is open to businesses, campuses, communities, congregations, early childhood programs, restaurants, and schools.

A crucial factor in improving the health of Oklahomans is providing a variety of opportunities for residents to make healthier choices where they live, work, learn, play, and pray. Certified Healthy Oklahoma meets this challenge by recognizing a wide variety of entities which encourage health-focused behaviors and policies.

These certifications provide opportunities for Custer County to create environments which support health policies and individual health decisions which ultimately improve Oklahoma's health outcomes," said Brandie Combs, Regional Director. "We applaud all Certified Healthy Oklahoma recipients for making the healthy choice the easy choice, and for helping to create a culture of wellness in their communities."

Certifications are awarded at the Basic, Merit and Excellence levels, depending on the number of criteria fulfilled. The following entities received recognition by the Certified Healthy Oklahoma program, sorted by program area and certification level:
