

HealthChoice benefits

Working with providers to offer end-to-end CARE: clinical advocacy relationships to empower

HealthChoice is partnering with CARE to help give eligible plan participants the resources they need to live their best lives. Your patients may be eligible for the following programs at no additional cost:

Complex Condition CARE

CARE nurse managers advocate for and support patients and caregivers throughout treatment for complex or catastrophic conditions, including organ transplants, cancer care or neonatal/NICU stays.

Call: 844-604-6244

Maternity CARE

One-on-one calls with an OB/GYN nurse, offering pre-pregnancy assessments for women considering having a baby and ongoing support for those who are pregnant. Our goal is to help participants understand and reduce their potential health risks to avoid complications and premature delivery.

Call: 844-604-6244

CARE Cues

Confidential email notifications with personalized “Things to do” reminders of actions to take to improve their health. CARE Cues includes prompts for recommended preventive care, such as annual screenings, mammograms or cervical cancer screenings, diabetes monitoring or heart health care.

Ongoing Condition CARE

Personalized guidance from our CARE nurses support improved health outcomes and self-management for members identified as high risk for one or more of the following chronic conditions:

- **Neuromuscular/autoimmune disorders:**
ALS, multiple sclerosis, myasthenia gravis, rheumatoid arthritis
- **Cardiovascular disorders:**
Hypertension, heart failure, coronary artery disease (CAD)
- **Respiratory disorders:**
Asthma, COPD
- **Behavioral health disorders:**
Depression and general anxiety disorder
- **Blood disorders:**
HIV, Hepatitis C, sickle cell anemia
- **Gastrointestinal disorders:**
Ulcerative colitis, Crohn's disease
- **Oncology:**
Breast, prostate, colorectal, lung cancers
- **Endocrine disorders:**
Diabetes (type 1 and type 2)
- **Genitourinary disorders:**
Chronic kidney disease (CKD)
