

LETHALITY ASSESSMENT PROTOCOL TEAM

PROACTIVE NOT REACTIVE

ABOUT OUR TEAM

We train system partners on LAP because it saves lives by helping them identify high-risk intimate partner violence (IPV) and connect victims to safety before it's too late.

WHY LAP?

IDENTIFIES HIGH-RISK CASES

Helps law enforcement recognize when a victim is at risk of serious harm or death.

CONNECTS VICTIMS TO SERVICES

Provides an immediate bridge to advocacy & safety planning.

SUPPORTS OFFICER RESPONSE

Gives officers a structured tool to guide their response in dangerous situations.

SAVES LIVES

Reduces IPV fatalities through early intervention and support.
