

IMPORTANT NOTE ABOUT ECF SERVICE LIST – PLEASE READ BEFORE FILING:

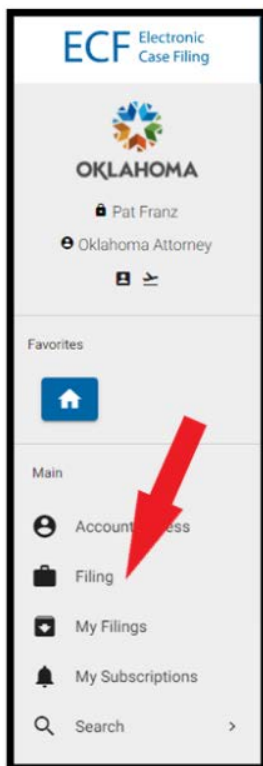

- The ECF Service List is the list of email address that will receive notices of case activity for a particular case – e.g., document filings or new docket entries.
- The email address of the Filer initiating/filing a new case (and paying the filing fee) is automatically placed on the ECF Service List by the System.
- If you were **not** the ECF Filer whose credentials were used to file the Application (or other initiating document) when the **case** was originally filed, **please file an Entry of Appearance to ensure you are placed on the ECF Service List** and receive e-mail notifications of all activity in the case.
- For those Filers who did NOT initiate the case, the Court Clerk’s Office staff will review all Entries of Appearance to include additional ECF Filers on the ECF Service List.
- **If you are filing after hours, this review by the Court Clerk’s Office will occur the next business day.**
- Until you are placed on the ECF Service List, you may confirm your filing by clicking on the case number after you are through filing to see whether the document is listed in the Case Docket (as discussed in the instructions below).

All documents filed/uploaded into ECF must be in Portable Document Format (PDF).

The size limit is twenty-five megabytes (25 MB) per document.

- **If a document has attachments, those can be uploaded as a part of the main document OR as separate documents related to the main document.**
- One benefit of filing attachments separately is the ability to navigate quickly to the attachments from the Case Docket in ECF.
- In addition, when attachments are filed as separate, but related, documents, each attachment can *also* be up to 25 MB in size.
- As discussed below, the system will prompt you through this process for filing attachments as separate documents.

To file a document in an existing case, click on the “briefcase” Filing icon on the left vertical ECF Menu:

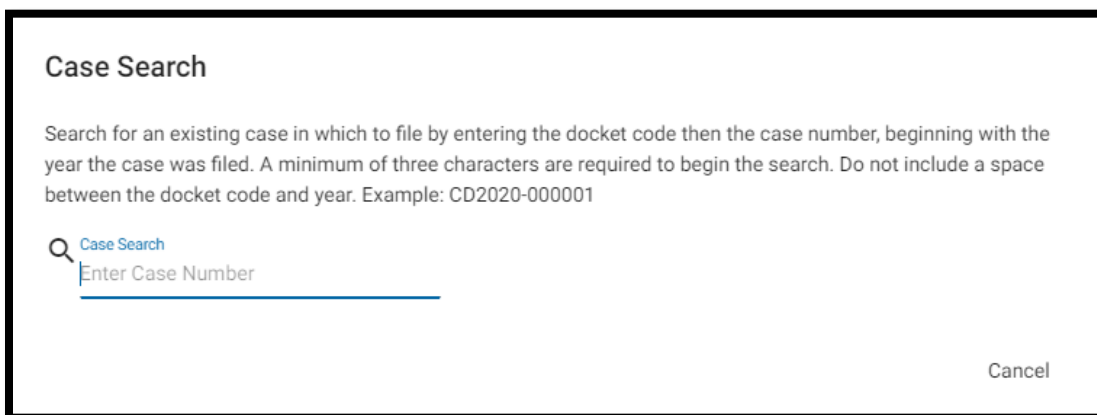

On the Filing Screen, click **File in Existing Case**:

A Case Search pop-up will open. Starting with the two-letter docket code, type as much of the case number as you can in this format: **XXYYYY-#####**

A minimum of three characters is required.

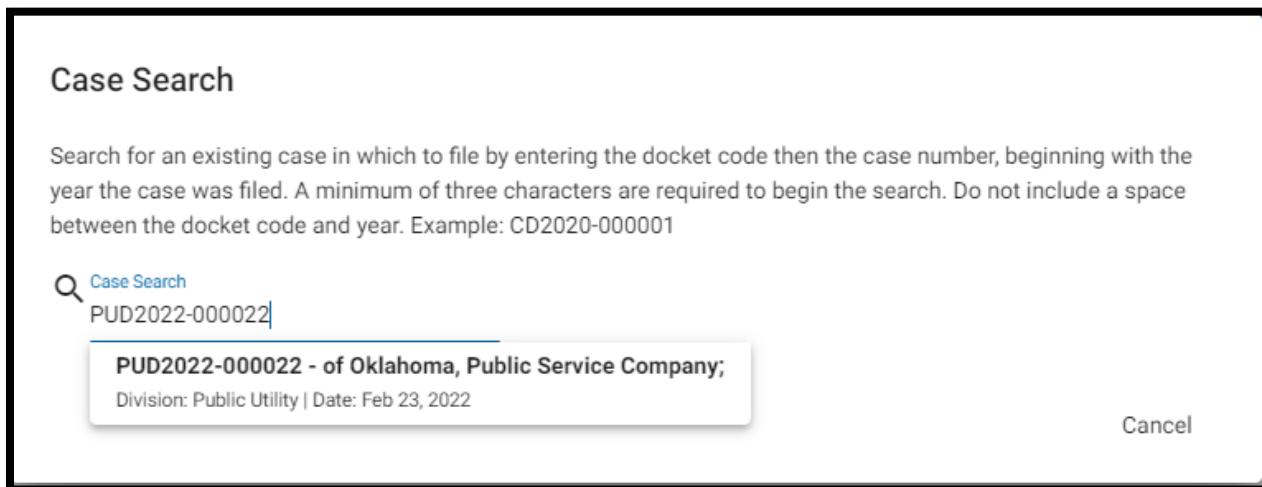

NOTE: For those “Transitional Cases” filed prior to the ECF launch and now open in ECF, translate the original case number into the new ten (10) character ECF format, *e.g.*, to file in CD 202200300, search for CD2022-000300. **You must include the dash and the docket code.**

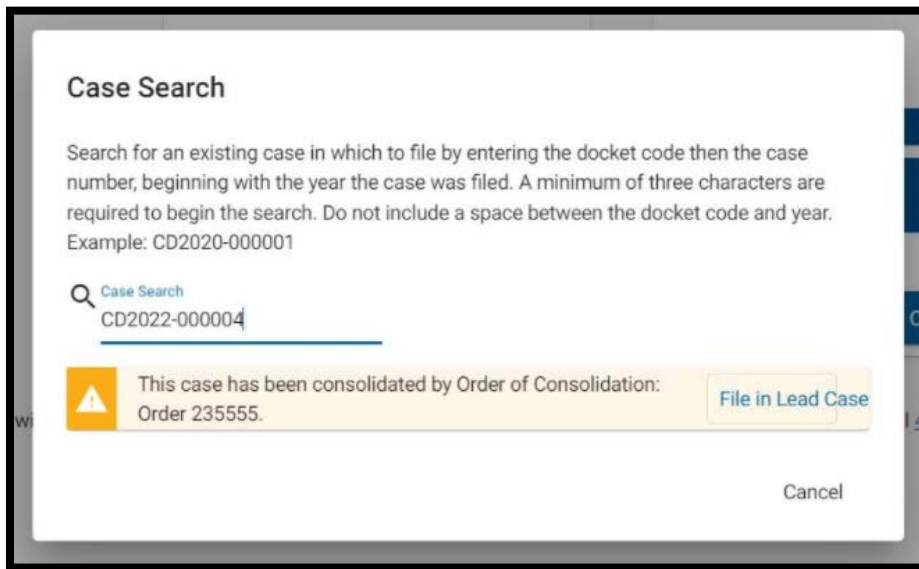

The more characters typed results in a shorter selection of cases in the drop-down list from which to choose:

Click on the name of the case in which you would like to file:

NOTE: If the case in which you would like to file has been consolidated with other cases per a Commission order, the ECF System will direct you to file in the “lead” case as designated in the order of consolidation. To do so, click **File in Lead Case**:

NOTE: If the Application in the Case was not filed under your credentials and you have not filed an Entry of Appearance, you must do so in order to be included on the Official ECF Service List and receive email notifications in the case.

On the Documents page, use the drop-down list of parties to the case to indicate the party for which the document is being uploaded:

NOTE: If the party on behalf of which the document is being filed is not in the dropdown list, check the **Add New Party** box.

A **Search for Party** pop-up box will open.

Begin typing the name of the party to determine if the party is listed in the ECF System entity database and click **Search**:

Search for Party

Name public | Email | Phone Number | Tax ID | Search Q | Create a New Party →

Party Name : Individual Type : Email : Org Name : Address :

Party Not Found...

0 Records

If the name of the party is in the search results list, click on the name.

If the party is not in the search results, click **Create a New Party**:

Search for Party
