CAUSE CD NO. 200604826

FILED
OCT 27 2017

COURT CLERK'S OFFICE - OKC
CORPORATION COMMISSION
OF OKLAHOMA

Order No. 669457

Concurring Opinion of Corporation Commissioner Bob Anthony

The Governor of Oklahoma on August 7, 2017 formed a Task Force to conduct an analysis of the Oklahoma Corporation Commission that shall include, among other items, "A performance assessment, addressing: ... Time required to process workload and individual cases. " Because Cause CD No. 200604826 is now more than eleven years old, and because it also raises questions about the integrity of the Oklahoma Corporation Commission, I suggest the Task Force start here with its performance review.

In my opinion, lack of leadership and failed attention to duty by the commissioners has allowed unnecessary delay and neglect of serious issues in this case. For example, my participation in Order No. 529450 adopted by a 2-0 Commission vote on September 8, 2006 failed to appreciate an Oklahoma Supreme Court decision in *Leck v. Continental Oil Co.*, 1989 OK 173, 800 P. 2d 224 where "allegations are in the nature of intrinsic fraud for which relief, if any, must be sought in the forum where the fraud allegedly occurred." That means the Corporation Commission should own up to and confront our own issues of alleged intrinsic fraud. Also, preservation of the integrity of our judicial process must not wait upon the diligence of private litigants.

The power to "set aside fraudulently begotten judgments" was addressed by the United States Supreme Court in *Hazel-Atlas Glass Company v. Hartford Empire Company*, 1944, 64 S.Ct. 997, 322 U.S. 238, 88 L.Ed. 1250. "This case involves the power of a Circuit Court of Appeals, upon proof that **fraud** was perpetrated on it by a successful litigant, to vacate its own judgment entered at a prior term and direct vacation ... " The decision continues, in part (with emphasis added):

Every element of the fraud here disclosed demands the exercise of the **historic power of equity to set aside fraudulently begotten judgments.** ... Furthermore, **tampering with the administration of justice** in the manner indisputably shown here involves far more than an injury to a single litigant. It is a **wrong against the institutions set up to protect and safeguard the public**, institutions in which **fraud cannot complacently be**

tolerated consistently with the good order of society. Surely, it cannot be that preservation of the integrity of the judicial process must always wait upon the diligence of litigants. The public welfare demands that the **agencies of public justice be not so impotent that they must always be mute and helpless **victims of deception and fraud.****

This Cause CD No. 200604826 involves claims of

- adjudicated finding on appeal that counsel misled the Oklahoma Corporation Commission and caused it to enter an erroneous order
- misconduct that was in the nature of “intrinsic fraud” and, as such, is a “public rights” issue which is within the jurisdiction of the Commission.

The U. S. Court of Appeals for the Tenth Circuit held in this matter that, under Oklahoma law, only the Oklahoma Corporation Commission has the jurisdiction to determine damages or other relief arising from ... litigation misconduct occurring before the Commission.

The current Motion to Dismiss in this Cause CD No. 200604826 argues

- there is no basis for a claim that the Commission was misled
- even if proved, intrinsic fraud upon the Commission cannot result in money damages.

The inaction of this Commission has now been addressed, overruled or countermanded by reports, recommendations, decisions, orders, judgments or holdings from

- Corporation Commission Administrative Law Judges
- Corporation Commission Appellate Referees
- Oklahoma Court of Civil Appeals
- Oklahoma Supreme Court
- U. S. District Court for the Western District of Oklahoma
- U. S. Court of Appeals for the Tenth Circuit.

Surely, the Corporation Commission should heed the Order and Judgment of the Tenth Circuit, recognize its constitutional duties and move expeditiously to resolve this matter now.

Respectfully submitted,

Commissioner Bob Anthony
