

MARKETS AND OPERATIONS POLICY COMMITTEE MEETING

July 15, 2025: 1:00 p.m. - 5:00 p.m. CT | July 16, 2025: 8:00 a.m. - 12:00 p.m. CT
Southwest Power Pool Corporate Campus – Little Rock, Arkansas

MINUTES

[Link to Materials](#)

Agenda items may be taken out of order and could conclude earlier or later than estimated time. MOPC could take action on any of the agenda items, including informational.

Ⓑ Will go to Board of Directors for review or approval

Ⓐ Will go to Regional State Committee for review or approval

Any amendments are strongly encouraged to be vetted with MOPC leadership at least one week prior to the MOPC meeting.

ADMINISTRATIVE

1. Chair Joe Lang (Omaha Public Power District) called the meeting to order at 1:00 p.m. CT. He announced that some items would be taken out of order so that the meeting time could be used more efficiently. MOPC staff secretary assistant Michael Daly (SPP) reviewed administrative items, including the new members, meeting information, proxies, action items, Robert's Rules of Order reminders, the revision request summary, and draft motions.

APPROVAL ITEMS (2-9)

Richard Ross (AEP Southwestern Electric Power Company) moved, and Heather Starnes (Missouri Joint Municipal Electric Utility Commission) seconded, to approve the consent agenda with the exclusion of item 2.d.iii RR692 (SIR758) DISIS Multiple Phase One (Restudy Proposal). The motion passed with 100% approval.

Natasha Henderson (SPP) presented an overview of RR692 DISIS Multiple Phase One (Restudy Proposal) for the committee. The proposed revision request adds the ability to restudy DISIS clusters during Phase 1 if large amounts of withdraws occur at decision point 1. This ability helps iterate results earlier in the DISIS process before larger securities are due for projects. Derek Brown (Transource Missouri) moved, and Heather Starnes (Missouri Joint Municipal Electric Utility Commission) seconded, to approve RR692 DISIS Multiple Phase One (Restudy Proposal) as presented. Maggie Kristian (Geronimo Power) proposed an alternative motion to approve RR692 with penalty free withdrawal option for the first iteration of phase 1 if restudy thresholds are triggered, contingent upon RTWG approval. Steve Gaw (Advanced Power Alliance) seconded her motion. The committee discussed the motion at length and questioned whether this change would alter the proposed changes to the tariff language originally presented. Subsequent discussion offered an alternative to the motion by taking an action item for SPP staff to perform an analysis for the 2024 DISIS mimicking the Phase 1 analysis and provide the results to 2024 DISIS customers prior to the start of the official 2024 DISIS Phase 1. Ultimately, the committee moved forward with the original motion to approve RR692 DISIS Multiple Phase One (Restudy Proposal) as presented. The motion passed with 95% approval.

2. **Consent Agenda**Joe Lang (OPPD) 15

a. **Past Meeting Minutes**

- i. April 2025 Meeting Minutes
- ii. June 2025 Special Meeting Minutes

Strategic Initiative Request (SIR)
Revision Request (RR)

b. Market Working Group

- i. RR675 (SIR748) — Frequently Constrained Area Tariff Correction (RTWG)
- ii. RR677 (SIR751) — Price Formation Settlement Calculation Clean-Up (RTWG)
- iii. RR678 (SIR753) — Quick Start Resource Language Logic Clean-Up (ORWG, RTWG)
- iv. RR680 (SIR736) — Incremental Market Efficiency Use Addendum Template (RTWG)
- v. RR683 (SIR759) — Reliability Commitment Notification Correction (ORWG, RTWG)
- vi. RR685 (SIR734) — Join WPP Reserve Sharing Group (ORWG, RTWG)
- vii. RR691 (SIR686) — Day-Ahead Market Tariff Clean-Up (RTWG)

c. Project Cost Working Group

- B i. Q3 2025 In-Service Date Delay Recommendation
- B ii. Line South Shreveport—Wallace Lake 138kV Out of Bandwidth
- B iii. Line S3454—S3740 345kV Out of Bandwidth
- B iv. Cunningham—Quahada 115 kV—Buckeye Tap New Line Out of Bandwidth

d. Transmission Working Group

- i. RTO Expansion Brightline Study Results (ESWG)
- ii. RR679 (SIR756) — ITP Manual Update—Five-Year Average Enhancement (RTWG)
- iii. RR692 (SIR758) — DISIS Multiple Phase One (Restudy Proposal) (RTWG)

3. Staff

Casey Cathey (SPP) shared with the committee a policy proposal to integrate high impact large loads into the SPP region. Antoine Lucas (SPP) began by noting the history of this initiative in the SPP stakeholder process. Casey highlighted the key drivers behind this initiative as well as solutions to more quickly interconnect these types of loads. Committee members discussed the need for this proposal to move forward, and shared concerns around timing, adherence to established stakeholder processes, and a need for a technical review by specific working groups. *Richard Ross (AEP Southwestern Electric Power Company) moved, and Olivia Hough (City Utilities of Springfield, Missouri) seconded, to approve RR696 SPP Comments 20250711 Integrate and Operate High Impact Large Loads as presented.* The motion failed with only 54% voting in favor.

Steve Gaw (Advanced Power Alliance) moved, and Matt Caves (Western Farmers Electric Cooperative) seconded, to hold a special MOPC workshop with further consideration of RR696 no later than the end of September 2025. The motion passed with 70% approval.

4. Consolidated Planning Process Task Force

Sunny Raheem (SPP) presented RR684 (SIR140) Consolidated Planning Process Tariff to the committee. This proposed revision request unites the Generation Interconnection (GI) and Integrated Transmission Planning (ITP) processes into a single Consolidated Planning Process (CPP). The CPP enables faster resource integration, shared costs based on benefits, and more efficient, reliable grid development. *Heather Starnes (Missouri Joint Municipal Electric Utility Commission) moved, and Derek Brown (Transource Missouri) seconded, to approve Revision Request RR684 Consolidated Planning Process (CPP) Tariff Changes as presented.* The motion passed with 100% approval.

5. Economic Studies Working Group/Transmission Working Group

Derek Brown (Evergy) and Calvin Daniels (WFEC) presented the 2026 ITP/CPP Transmission Assessment Scope Phase 2 to the committee. This proposed scope supports the study to initiative the

Consolidated Planning process and set the GRID-C rate for GI interconnection customers. *Derek Brown (Transource Missouri) moved, and Heather Starnes (Missouri Joint Municipal Electric Utility Commission) seconded, to approve the 2026 Integrated Transmission Plan and Consolidated Planning Process Transition Assessment Scope as presented.* The motion passed with 100% approval.

6. Resource and Energy Adequacy Leadership (REAL) Team

Natasha Henderson (SPP) reviewed the Demand Response and Peak Demand Assessment Policy with the committee. The coupling of these two initiatives will help ensure realistic forecasts that reflect the impact of flexible load. *Jim Flucke (Evergy Metro) moved, and Heather Starnes (Missouri Joint Municipal Electric Utility Commission) seconded, to direct staff to prepare a revision request based on the Demand Response policy framework and conduct stakeholder reviews in conjunction with the development and approval of the LRE Peak Demand Assessment policy and revision request.* The motion passed with 93% approval.

7. Transmission Working Group

a. Derek Brown (Evergy) presented RR676 (SIR752) Load Assessment Update for Electric Storage Resources to the committee. This proposal seeks to implement a new policy that will create a process for studying load associated with Electric Storage Resources (ESRs) that are subject to SPP's Generator Interconnection (GI) process. This process will facilitate compliance with FERC Orders 845 and 2023 as well as NERC FAC-002 requirements. *Derek Brown (Transource Missouri) moved, and Jeff Wells (NextEra Energy Resources) seconded, to approve RR676 Electric Storage Resource Load Assessment as presented.* The motion passed with 99% approval.

b. Steve Purdy (SPP) presented RR693 (SIR766) GI Priority Processing—Surplus Plus Submission to the committee. This proposal outlines a new process to quickly add incremental capacity at existing generating facilities, but it will sunset at the start of the Consolidated Planning Process, respect queue priority, and be limited to “shovel-ready” projects. Steve noted that stakeholder and staff feedback had driven additional revisions to the recommendation after its initial approval from the Transmission Working Group. *Derek Brown (Transource Missouri) moved, and Adam Snapp (Oklahoma Gas and Electric Company) seconded, to approve RR693 GI Priority Processing—Surplus Plus as presented. Derek Brown (Transource Missouri) moved to amend, and Olivia Hough (City Utilities of Springfield, Missouri) seconded, his previous motion to add the following words after the word Plus in the original motion: as modified in staff's comments to align with FERC's acceptance of SPP's Order 2023 compliance filing and including staff's recommended language to (1) make facilities retired no more than 5 years eligible; (2) make Priority Requests higher queued than DISIS clusters that haven't started study; and (3) remove the MW limit from Priority Requests and keep only the percentage of existing capacity limit.* The motion to amend the previous motion passed with 76% approval. The fully revised motion passed with 77% approval.

8. Market Working Group

Micha Bailey (SPP) presented RR689 (SIR763) TCR Market Electrically Equivalent Settlement Location Enhancement to the committee. This proposal aims to correct a market inefficiency with a system enhancement that will reject Market Participant bid(s): 1.) when sourcing from an EESL group to another Settlement Location on the system; and, 2.) when the MP adds another bid from a Settlement Location on the system back into the original EESL group but sinking at a different Settlement Location than the source. Raleigh Mohr (SPP Market Monitoring Unit) shared the perspective of the Market Monitor on this proposal. *Richard Ross (AEP Southwestern Electric Power Company) moved,*

and Bill Grant (XO Energy) seconded, to approve RR689 TCR EESL Enhancement as presented. Olivia Hough (City Utilities of Springfield, Missouri) moved, and Natasha Brown (Oklahoma Municipal Power Authority) seconded to amend the previous motion to approve RR689 with edits recommended by The Energy Authority restricting implementation to ARR's submitted for self-conversion to TCR and not applying these restrictions to settling ARR's. The motion to amend the previous motion failed with 36% voting in favor. The original motion to approve RR689 TCR EESL Enhancement as presented passed with 96% approval.

9. **Staff**

Aaron Shipley (SPP) presented RR681 (SIR167) Seams Project Cost Allocation to the committee. This proposal will provide a cost allocation mechanism in the SPP Tariff applying to projects where SPP shares costs with one or more neighbors, but the project does not qualify as an interregional project. Jeff Wells (NextEra Energy Resources) moved, and Robert Pick (Nebraska Public Power District) seconded, to approve RR681 Seams Project Cost Allocation as presented. The motion failed with 55% voting in favor.

INFORMATIONAL (10-13)

Due to timing considerations for approval items, no informational items were presented during the meeting. Antoine Lucas (SPP) encouraged committee members to review the documents provided for these items and submit any questions to the appropriate staff.

10. **Staff**

Quarterly Operations Review

Derek Hawkins (SPP)

11. **Staff**

Quarterly Integrated Transmission Plan Report

Brooke Keene (SPP)

12. **Staff**

Market Update

Yasser Bahbaz (SPP)

13. **Staff**

2025 Look Ahead

Antoine Lucas (SPP)

WRITTEN REPORTS

Due to timing considerations for approval items, no questions were solicited for written reports during the meeting.

14. **Market Working Group** Action Item Update and RR Impact Summary.....Richard Ross (AEP)

15. **Market Working Group** Market Work PlanRichard Ross (AEP)

  16. **Project Cost Working Group** Q3 2025 Report and Appendix 1Angie Anderson (Sunflower)

  17. **Staff** Q3 2025 Quarterly Project Tracking Report & Appendix 1 and 2Tammy Bright (SPP)

18. **Staff** CPP Update—SCRIPT C3 Common Model.....Sunny Raheem (SPP)

19. **Staff** Holistic Integrated Tariff Team Update Paul Suskie (SPP)

20. **Staff** Attachment Z2 Update Paul Suskie (SPP)
21. **Transmission Owner Selection Process Task Force**Adam Snapp (OG&E)

CLOSING

22. **Review New Action Items**

Antoine Lucas (SPP) reviewed the two new action items taken during the meeting:

- Action Item 326: SPP Staff will perform analysis for the 2024 DISIS mimicking the Phase 1 analysis and provide the results to 2024 DISIS customers prior to the start of the official 2024 DISIS Phase 1.
- Action Item 327: SPP Staff to review an option of utilizing a technical solution (AI) to analyze a request to prevent TCR requests from being accepted that would be in conflict with the approved TCR EESL language that was approved in RR689 TCR Market EESL Enhancement.
- Action Item 328: SPP Staff to ensure amendments approved for RR693 GI Priority Processing—Surplus Plus are taken back to the Transmission Working Group prior to the August 2025 meeting of the SPP Board of Directors.

23. **Reminders and Future Meetings**

Antoine Lucas (SPP) reminded committee members that the next regularly scheduled quarterly meeting would take place in Little Rock in October. He also noted that there was an action taken to hold an additional committee meeting prior to the next regular quarterly meeting and stated that details would be forthcoming.

24. **Adjournment**

Joe Lang (OPPD) reminded committee members to complete the meeting survey and adjourned the meeting at 12:19 p.m. CT.

Respectfully submitted,

Michael Daly on behalf of Antoine Lucas
Staff Secretary
