

MARKETS AND OPERATIONS POLICY COMMITTEE MEETING

Oct. 14, 2025: 8:00 a.m. - 5:00 p.m. CT | Oct. 15, 2025: 8:00 a.m. - 12:00 p.m. CT
Southwest Power Pool Corporate Campus – Little Rock, Arkansas

MINUTES

[Link to Materials](#)

Agenda items may be taken out of order and could conclude earlier or later than estimated time. MOPC could take action on any of the agenda items, including informational.

(B) Will go to Board of Directors for review or approval

(R) Will go to Regional State Committee for review or approval

Removing any consent agenda items and any amendments to suggested motions are strongly encouraged to be vetted with MOPC leadership at least one week prior to the MOPC meeting.

ADMINISTRATIVE

1. Chair Joe Lang (Omaha Public Power District) called the meeting to order at 8:03 a.m. CT. MOPC staff secretary assistant Michael Daly (SPP) reviewed administrative items, including the new members, meeting information, proxies, action items, Robert's Rules of Order reminders, revision request summary, and draft motions.

APPROVAL ITEMS (2-7)

Matt Caves (Western Farmers Electric Cooperative) moved, and Richard Ross (AEP Southwestern Electric Power Company) seconded, to approve the consent agenda as presented. The motion passed with 100% approval.

2. **Consent Agenda**.....Joe Lang (OPPD) 15

a. **Past Meeting Minutes**

- i. July 2025 Meeting Minutes
- ii. August 2025 Special Meeting Minutes

Strategic Initiative Request (SIR)
Revision Request (RR)

b. **Market Working Group**

- (B) (R) i. RR655 (SIR689) — Outage Criteria (CAWG, ORWG, RTWG, SAWG, TWG, Board/RSC)
- ii. RR670 (SIR727) — Mitigation Offer Definition Enhancement (RTWG)
- iii. RR686 (SIR732) — Ramp Setpoint and Stepped Setpoint Clarification (ORWG, RTWG)
- iv. RR695 (SIR728) — Minimum Offer Levels (RTWG)
- (R) v. RR706 (SIR778) — Add FSE Transfer Point for Candidates (CAWG, RTWG)
- vi. RR711 (SIR769) — Create New OCM Business Practice (ORWG, SAWG)
- vii. RR713 (SIR736) — Incremental Market Efficiency Use Addendum Update—AE Addendum 3b—Stegall DC Tie (RTWG)
- viii. RR716 (SIR777) — RTO Expansion (ORWG, RTWG)
- ix. RR717 (SIR762) — Tank Test Language Update (RTWG)
- (B) x. 2025 Annual Violation Relaxation Limit (VRL) Analysis Report (ORWG)

c. **Project Cost Working Group**

- (B) (R) i. Q4 2025 In-Service Date Delay Recommendation
- (R) ii. RR700 (SIR671) — BP7060 Raise NTC-C and Applicable Cost Threshold

- (R) iii. RR712 (SIR771) — BP7060 Financial Commitment Window Increase
 - (B) iv. Gentleman—Cherry Co.—Holt Co. 345kV Out of Bandwidth (NPPD)
 - (R) v. RR710 (SIR785) BP7060 Large Load NTCs (ESWG, RTWG, TWG)
 - d. **Regional Tariff Working Group**
 - i. RR709 — Annual Revisions to Attachment W—Index of Grandfathered Agreements
 - ii. RR721 (SIR802) — OATT Business Practice Updates: Revisions for RTO Expansion
 - e. **Supply Adequacy Working Group**
 - (R) i. RR707 (SIR782) — Conventional Resource Performance Based Accreditation (CAWG, RTWG)
 - f. **Economic Studies Working Group / Transmission Working Group**
 - i. RR708 (SIR786) — Detailed Project Proposal Additional Postings (RTWG)
 - ii. 2026 ITP and CPP Transition Assessment Scope—ERAS Stability Needs
 - g. **Transmission Working Group**
 - i. RR682 (SIR756) — IEP Response to Questions (RTWG)
 - ii. RR690 (SIR730) — DISIS Harm Test BP7250 (RTWG)
 - iii. RR705 (SIR761) — BP7250 Updates for JTIQ Tariff Language (RTWG)
 - iv. RR715 (SIR750) — Quarterly Operating Limits
 - (B) v. Sponsored Upgrade Study (SUS-042) Sarpy County Upgrades (OPPD)

3..Cost Allocation Working Group

Natasha Henderson (SPP) presented RR719 (SIR781) GI NRIS Base Plan Funding Opportunities to the committee. This proposal allows for Base Plan Funding for Network Upgrades for Network Resource Interconnection Service (NRIS) upon designation. Additionally, this recommendation aims to align cost allocation for deliverability by allowing the delivery portion of NRIS prior to the implementation of the Consolidated Planning Process (CPP) to also be eligible for Base Plan Funding. *Mike Wise (Golden Spread Electric Cooperative) moved, and Derek Brown (Prairie Wind Transmission) seconded, to approve RR719 (SIR781) GI NRIS Base Plan Opportunities with incorporated SPP comments.* The motion passed with 88% approval.

4. Market Working Group

a. Richard Ross (AEP) and Micha Bailey (SPP) presented RR697 (SIR754) LTCR Netting of Flows to the committee. This proposal fulfills an item from the Holistic Integrated Tariff Team's market recommendations to allow all market participants with long-term firm service the opportunity to receive Long Term Congestion Rights (LTCRs). The proposed revision request modifies the governing language to enact this change recommended by the Regional State Committee (RSC). *Richard Ross (AEP Southwestern Electric Power Company) moved, and Olivia Hough (City Utilities of Springfield, Missouri) seconded, to approve RR697 (SIR754) Netting of Flows in the LTCR Allocation as presented.* The motion passed with 73% approval.

b. Richard Ross (AEP) presented a proposal to implement an Economic Topology Optimization process to the committee. The proposal satisfies a request from the SPP Board of Directors to determine the feasibility of implementing an economic reconfiguration request process. The proposal sets forth a process for market participants to request an evaluation of specific

transmission operations actions to efficiently mitigate congestion costs in a transparent manner. *Richard Ross (AEP Southwestern Electric Power Company) moved, and Jim Flucke (Evergy Metro) seconded, to approve SIR73 Economic Topology Optimization process document as posted.* The motion passed with 91% approval.

5. Transmission Working Group

Mike Wise (GSEC) presented an appeal of the TWG's decision on RR642 (SIR130) HITT T3 Phase 2 Att. AQ Load Hosting Capacity Tool to the committee. The revision proposes to modify Attachment AQ to limit its application to new load, modifications to loads, and load retirements that need to be addressed outside of the Integrated Transmission Plan (ITP) due to timing or some other significant reason. To implement the policy, a proposed Load Hosting Capacity Tool will determine how much load can be accommodated at each node on the SPP Transmission System without incremental investment. There was disagreement at the working group level on whether the results of the Load Hosting Capacity Assessment should be known only to the Transmission Provider or the Host Transmission Owner. The appeal from Golden Spread Electric Cooperative sought to enable both Transmission Customers and Host Transmission Owners to access the Load Hosting Capacity Assessment results. Mike Wise (Golden Spread Electric Cooperative) requested that the revision request be returned to the working group to further identify changes necessary to implement the tool. His request was captured as a new action item for the committee.

Later, leadership determined that since TWG rejected the proposed revision request, a vote would be necessary since the rejection from the working group was being appealed to the committee. *Mike Wise (Golden Spread Electric Cooperative) moved, and John Varnell (Tenaska Power Services) seconded, to approve RR642 as written enabling Transmission Customers and Host Transmission Owners to access Load Hosting Capacity Assessment results.* The motion failed with only 30% voting for approval.

6. Economic Studies Working Group/Transmission Working Group

Derek Brown (Evergy) presented the 2025 Integrated Transmission Plan (ITP) portfolio to the committee for approval. He noted that the grid is at its current limits, and coupled with accelerating load growth, that strategic investments are needed to keep pace. Though the total plan identified projects estimated to cost around \$18 billion, the committee was asked for approval of up to 50 projects at an estimated \$11 billion for reliability and near-term needs. SPP would continue evaluate the \$7 billion of deferred projects in the 2026 ITP assessment. Derek explained the series of votes taken by the TWG and the considerations driving each one.

Richard Ross (AEP Southwestern Electric Power) moved, and Derek Brown (Prairie Wind Transmission) seconded, to endorse the recommended plan, as modified in the joint TWG/ESWG meeting, including approval of projects for construction or deferment as recommended; and to endorse the 2025 ITP Assessment Report, as modified and discussed in the 10/1 joint TWG/ESWG meeting as documentation the 2025 ITP has been completed in accordance with Attachment O of the SPP OATT.

Derek Brown (Prairie Wind Transmission) moved, and Adam Snapp (OG&E Transmission) seconded, to amend the previous motion by striking the words "endorse the recommended plan, as modified in the joint TWG/ESWG meeting, including approval of projects for construction or deferment as

recommended” and replacing them with following the words “endorses the recommended plan, as modified in the joint TWG/ESWG meeting on October 1st, 2025, including approval of projects for construction or deferment as recommended. MOPC recommends additional deferments of NTCs for these projects: Crawfish Draw to Minco 765kV line, Minco to Seminole 765kV line, and Seminole to Anthem 765kV line.” The motion failed with only 49% voting for approval.

The committee then returned to the previous motion for a vote. The motion failed with only 57% voting for approval.

The following morning, the committee returned to the topic for additional consideration. *Mo Awad (Evergy Kansas Central) moved, and Adam Snapp (OG&E Transmission) seconded, the following motions:*

(1) to endorse the 2025 ITP Assessment Report, as documentation the 2025 ITP has been completed in accordance with Attachment O of the SPP OATT;

(2) to endorse for construction all 345 kV and below as recommended by ESWG/TWG and 765 kV reliability projects (Phantom to Crawfish Draw, Crawfish Draw to Woodward, and SW Shreveport to Seminole), as recommended by ESWG/TWG; and

(3) to endorse for construction the 765 kV economic projects (Crawfish Draw to Minco, Minco to Seminole, and Seminole to Anthem) as recommended by ESWG/TWG.

In the discussion of these motions, it was clarified that the 2025 ITP portfolio did include deferred items and represented the entire portfolio even though when NTCs are issued for the deferred projects is an outstanding question. Casey Cathey (SPP) noted that motion 1 was only intended to reflect that the portfolio addresses the needs identified, and that SPP met its obligation as required by its Open Access Transmission Tariff.

Motion 1 passed with 95% approval. Motion 2 passed with 93% approval. Motion 3 failed with only 44% voting for approval.

The committee returned again to the topic in an effort to address the 765 kV projects identified in the portfolio. *Richard Ross (AEP Southwestern Electric Power) moved, and Adam Snapp (OG&E Transmission) seconded, to endorse for construction one 765 kV economic project recommended by ESWG/TWG (Seminole to Anthem).* The motion passed with 73% approval.

7. Staff

Steve Johnson (SPP) shared a proposal to alter SPP Working Group Representation due to the on-going RTO expansion effort. After sharing a brief update on the RTO expansion project, Steve reviewed the entities joining as members of the RTO effective April 1, 2026, and noted that their voices would be vital in policy development discussions. He shared a proposed representation proposal for working groups, discussed key considerations supporting the proposed representation, and reviewed feedback received. *Jim Flucke (Evergy Metro) moved, and Olivia Hough (City Utilities of Springfield) seconded, to endorse the RTO Expansion Representation in SPP Working Groups with a limitation of two additional seats each for MWG, SAWG, ORWG, ESWG; and that existing Western membership be counted toward any additional seat.* The motion failed with

only 49% voting for approval. *Steve Gaw (Advanced Power Alliance) moved, and John Varnell (Tenaska Power Services) seconded, to endorse RTO Expansion Representation in SPP Working Groups (MWG, SAWG, ORWG, TWG, ESWG, RTWG).* The motion passed with 67% approval.

INFORMATIONAL (8-19)

8. **Staff**

Paul Suskie (SPP) addressed the committee regarding the recent decision on the Surplus Plus filing with the Federal Energy Regulatory Commission (FERC). He noted that 2 additional amendments—the Retired Facility amendment and the Queue Priority amendment—would be filed as part of RR693 GI Priority Request process.

9. **Staff**

Paul Suskie (SPP) informed the committee about the U.S. Department of Energy's funding for the Joint Targeted Interconnection Queue (JTIQ) projects. He said there are press reports that the grant funds for these projects may be pulled, but that there has not been official confirmation.

10. **Staff**

Derek Hawkins (SPP) shared the Quarterly Operations Review with the committee, which included a review of noteworthy system operations items from the previous quarter. He pointed out the lessons learned and insightful trends.

11. **Staff**

Carrie Simpson (SPP) presented an update on the development of RR720 (SIR795) Conditional High Impact Large Load (CHILL). This draft policy will offer an avenue for load to be studied without a Designated Network Resource or committed planned generation through Attachment BC. Additionally, she detailed the Price Adaptive Load Service (PALS) initiative which is a concept developed to explore an alternative approach to large-load integration. PALS is designed to align price signals with load participation and system capability, providing adaptive service options for high-impact loads. Carrie solicited comments from the committee to further inform the policy development efforts and determine whether PALS should proceed to sequentially to CHILLS.

12. **Operating Reliability Working Group**

Charles Cates (SPP) and Jeremy Harris (Evergy) provided the committee with an update related to the implementation of FERC Order 881. The project remains on track and testing of the system is in the beginning stages. A readiness evaluation would be completed by early March 2026 to ensure the go-live date of September 1, 2026, remains on track.

13. **Staff**

Paul Suskie (SPP) updated the committee on the organization's efforts to comply with the Attachment Z2 Remand Order. FERC recently asked for more information from SPP on its plan to refund and resettle amounts as part of the order. He noted that work would continue to provide FERC the requested information as well as provide updated balances and totals to entities affected by the order.

14. **Staff**

Due to time constraints, the update on FERC Order 2222 was not presented.

15. **Staff**

Due to time constraints, the Quarterly Generator Interconnection update was not presented.

16. **Staff**

Due to time constraints, the Quarterly Integrated Transmission Plan Report update was not presented.

17. **Staff**

Due to time constraints, the 2027 ITP Sunset and RTO CPP Transition Futures update was not presented.

18. **Staff**

Yasser Bahbaz and Natasha Henderson (SPP) updated the committee on the development of RR703 (SIR776) Demand Response and LRE Peak Demand Assessment. The draft policy will enhance reliability, reduce costs, and provide stakeholders multiple opportunities for participation. The development work on the policy will continue in collaboration with stakeholders with the goal of presenting it for approval at the committee's January 2026 meeting.

19. **Staff**

Due to time constraints, the 2026-2027 Look Ahead was not presented.

WRITTEN REPORTS (20-29)

20. **Market Working Group** Action Item Update and RR Impact SummaryRichard Ross (AEP)

21. **Market Working Group** Market Work PlanRichard Ross (AEP)

ⓑ 22. **Project Cost Working Group**Angie Anderson (Sunflower)
Q4 2025 Quarterly Project Tracking Report and Appendix

ⓑ 23. **Project Cost Working Group**Angie Anderson (Sunflower)

ⓑ 24. **Staff** NTC 200455 Withdrawal SPS.....Victoria Doyle (SPP)

ⓑ 25. **Staff** NTC 220808 Modification EKC.....Victoria Doyle (SPP)

ⓑ 26. **Staff** NTC 210642 Withdrawal SPS.....Victoria Doyle (SPP)

ⓑ Ⓡ 27. **Staff** Q4 2025 Quarterly Project Tracking Report & Appendix 1 and 2.....Scott Maple (SPP)

28. **Staff** Holistic Integrated Tariff Team Update Paul Suskie (SPP)

29. **Transmission Owner Selection Process Task Force**Adam Snapp (OKGE)

CLOSING (30-32)

30. **Review New Action Items**

Michael Daly noted there were two new action items captured during the meeting:

- MOPC returned RR642 to the TWG to further identify changes to the Load Hosting Capacity Tool to enable implementation. This action item was subsequently rendered moot after the committee rejected RR642.
- SPP Staff to work with ORWG and TWG to review and propose updates to the Disturbance Voltage Recovery Criteria by April 2026 MOPC. The review may include recommendations

to processes to ensure reliable operation of the SPP system in high wind/low load scenarios.

31. Reminders and Future Meetings

Antoine Lucas (SPP) shared the following reminders with stakeholders:

- If you would like your comments on an approval item to be included in its RR report or recommendation to the Board of Directors (if applicable), please send them to [Antoine Lucas](#) and [Michael Daly](#) by close of business on Thursday, October 16.
- Please notify [Michael Daly](#) if your company's representative changes.
- Upcoming MOPC meetings:
 - [January 13-14, 2026](#) Virtual Only
 - [April 14-15, 2026](#) New Orleans, Louisiana
 - [July 14-15, 2026](#) Oklahoma City, Oklahoma
 - [October 13-14, 2026](#) Little Rock, Arkansas

32. Adjournment

Joe Lang (OPPD) adjourned the meeting at 12:01 p.m. CT.
