RE: Notification of Intent to Build a Wind Energy Facility in Texas County, Oklahoma and Cimarron County, Oklahoma.

Ladies and Gentlemen:

Pursuant to the Oklahoma Wind Energy Development Act (Act) and the Oklahoma Corporation Commission (OCC) rules implementing the Act, this letter is a notification of intent to build a wind energy facility. We intend to erect wind energy turbines and related facilities for the Wind Catcher Energy Project in Texas County, Oklahoma and Cimarron County, Oklahoma (Project). Notice is being provided within six (6) months of the initial filing of a Notice of Construction (Form 7460-1) with the Federal Aviation Administration (FAA), made on February 22, 2018, February 23, 2018 and May 22, 2018. As of the date of this notice, and based on publicly available data, we confirm that the Project design complies with the setbacks required by the Act.

This phase of the Project will consist of up to 692 wind energy turbine generators and associated facilities and in conjunction with other filings will constitute a wind farm with approximately 800 turbines. A map indicating the Project boundary and current proposed wind turbine locations is included with this letter as Exhibit A. A summary of the FAA filing information, including the coordinates and elevation of each turbine and key turbine dimensions are included with this letter as Exhibit B.

Simultaneously with sending you this notice, we are providing copies of the notification to the Texas County, Oklahoma Board of County Commissioners and Cimarron County, Oklahoma Board of County Commissioners. No project facilities are located within an incorporated area of a municipality.

Please file stamp a copy of this letter confirming your receipt and send us a file-stamped copy. Thank you.

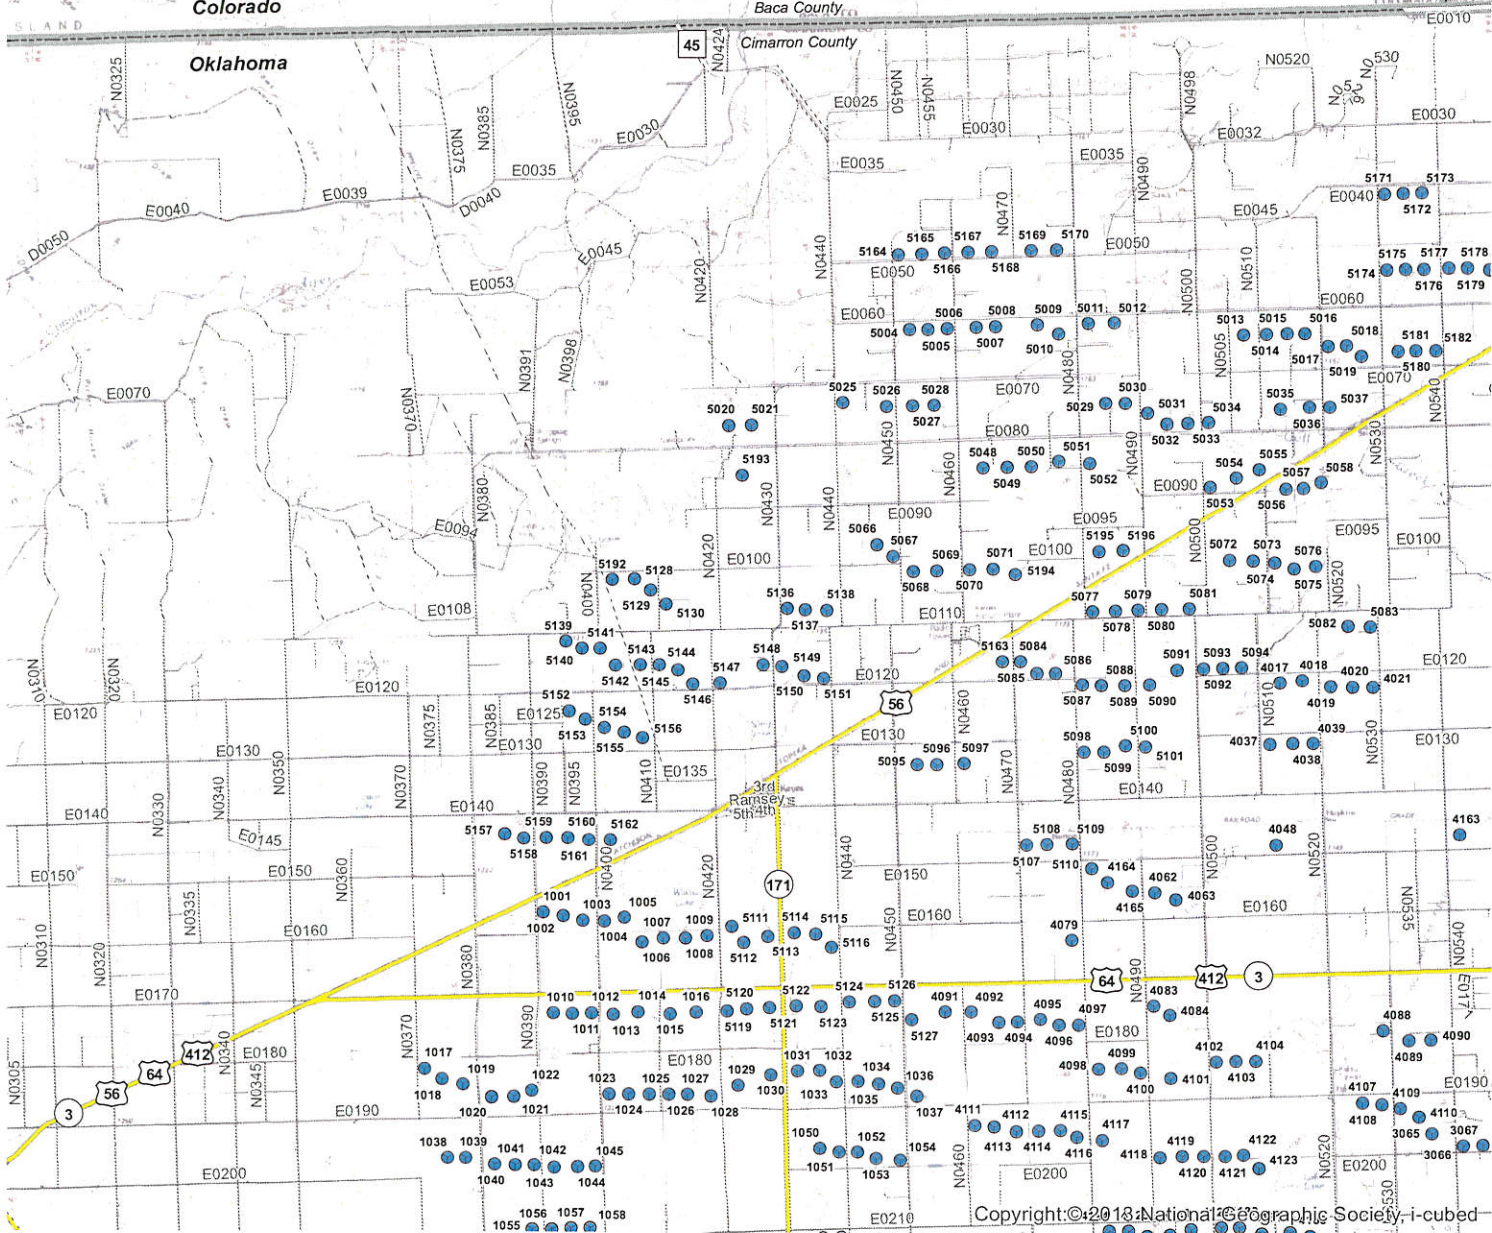

Sincerely,
States Edge Wind I LLC
