Dear Mr. Richards,

The Military Aviation and Installation Assurance Siting Clearinghouse (The Clearinghouse) has reviewed the Frontier IV windpower project in Braman, OK. The Clearinghouse found no adverse impacts to DoD missions in the area and has entered a determination of "No Objection" via the Federal Aviation Administration's Obstruction Evaluation / Airport Airspace Analysis system.

We encourage you to consult DoD well in advance of any expansion. If you have any questions, please contact Steven Sample at steven.j.sample4.civ@mail.mil or at 703-571-0076.

Sincerely,

A handwritten signature in blue ink, appearing to read "RE Tickle".
