RE: Notice of Intent to Construct a Windfarm in Caddo and Comanche Counties, Oklahoma

Dear Commission,

Pursuant to Okla. Stat. tit. § 17-160.21 of the Oklahoma Wind Energy Development Act (the “Act”) and the notice requirements at OAC 165:35-45-4 of the Oklahoma Corporation Commission’s (“OCC’s”) wind energy rules, Blue Canyon Windpower LLC,] (the “Company”) submits this letter as the notification of intent to build a wind energy facility located in Caddo and Comanche Counties, Oklahoma. The Blue Canyon I wind farm has been in operation since 2003. We intend to decommission the existing Wind Turbine Generators (WTGs) at the project site and construct 18 new WTGs and related facilities as part of a repower project (the “Project”).

The Company filed form 7460-1, Notice of Proposed Construction, with the Obstruction Evaluation Division of the Federal Aviation Administration (FAA) for all eighteen (18) of the new WTGs at the Project on July 19, 2023 as well as three (3) alternates and three (3) meteorological towers. Copies of the submitted FAA form 7460-1 filing for each WTG within the Project is attached to this letter along with a map showing the proposed project location, including the proposed WTG locations.

Concurrent with providing this notice to you, we are providing similar notice to the Board of County Commissioners in Caddo and Comanche Counties pursuant to Okla. Stat. tit. § 17-160.21. The Company hereby attests compliance with the setback provisions of Okla. Stat. tit. § 17-160.20(A).

If you have any questions regarding this Notice of Intent, please do not hesitate to contact me.

Best Regards,

John Wieland
