Murray County Clerk
P.O. Box 442
Sulphur, OK 73086

Attn: Jill Hall, Murray County Clerk

Re: Affidavit of Intent to Notify in Murray County, Oklahoma

Dear Jill:

Pursuant to §17-160.21 of the Oklahoma Wind Energy Development Act (OWEDA), Glass Sands Wind Energy, LLC (Glass Sands), an affiliate of Renewable Energy Systems Americas Inc. (RES), present this affidavit to the Murray County Clerk as record of intent to notify any operator who is conducting oil and gas operations upon all or any part of the surface estate as to which Glass Sands intends to construct a wind energy facility.

Glass Sands conducted a search to identify with reasonable diligence the whereabouts of any operator entitled to any notice as described in the OWEDA. Exhibit A to this affidavit presents a letter from Schonwald Land and a map of the project referenced identifying operators within the project area as none.

The Project site is located within the boundaries of the Chickasaw Turnpike, E1690 Road, SH-1, and East Lawton Avenue. Please see attached map of the proposed location of all of the various elements of the wind energy facility. The Project will consist of up to 30 wind turbine generators, one substation, approximately 3.45 miles of 115kV kilovolt (kV) overhead transmission line, at least three meteorological towers, and related infrastructure in Murray County.

The notice would have been provided to operators (1) according to the records of the Corporation Commission and county clerk's offices of Murray county, who conduct oil and gas operations upon a part of the surface estate where construction of the Project is intended, or (2) to a lessee of oil and gas leases covering the mineral estate underlying a part of the tracts of land that are filed of record with county clerk in Murray County where the tracts are located and whose primary term has not expired.

If you have any questions, please contact me.

Sincerely,

Colleen Christmas-Garner
Development Manager

**Re: Glass Sands Wind Project
Murray/Johnston County, Oklahoma**

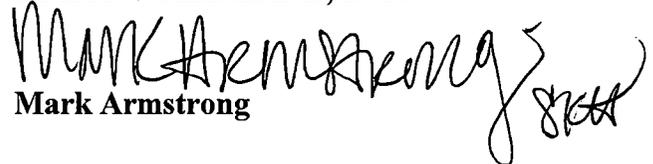

Dear Colleen:

After reviewing the information within the boundaries of the map you provided, I have determined that there is no current production and no current oil and gas leases affecting said lands as of June 25, 2019.

Should you have any questions, comments or require additional information, please do not hesitate to contact me.

Sincerely,

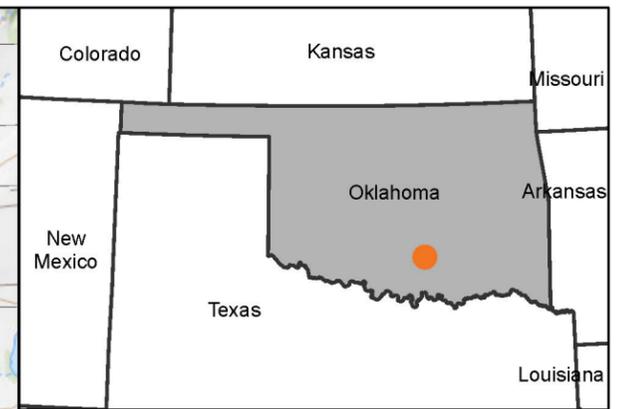

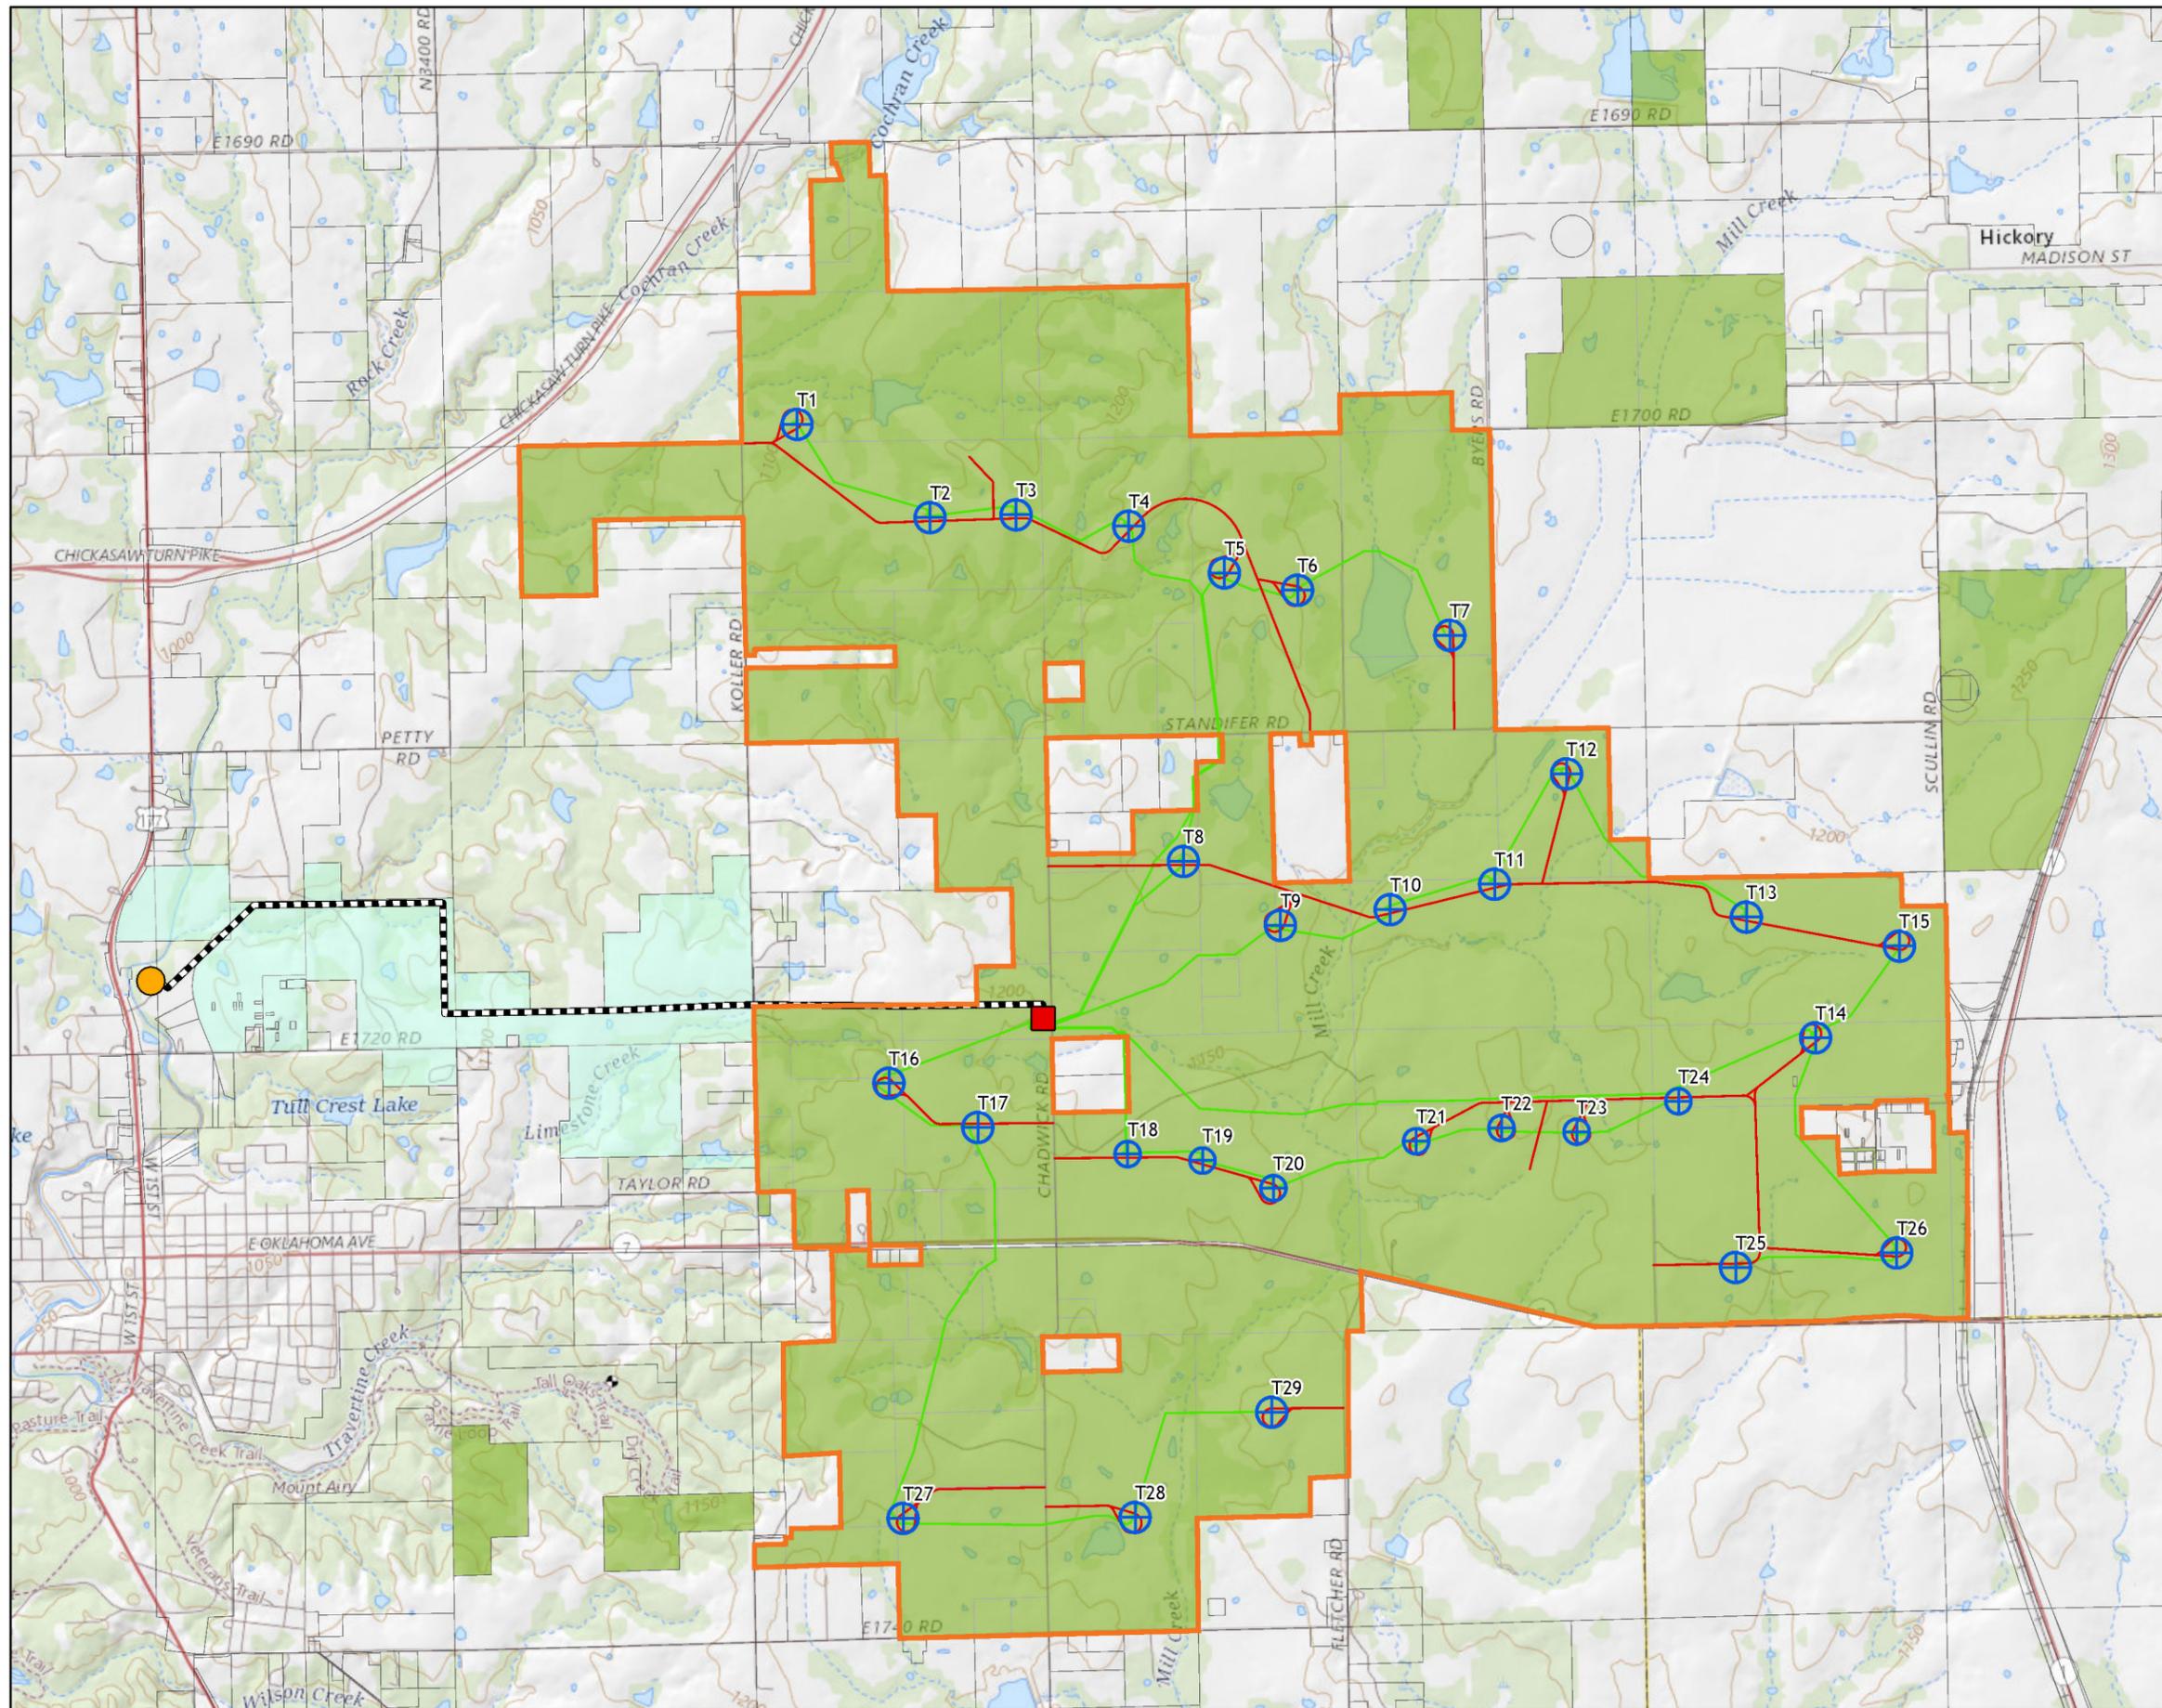

SCHONWALD LAND, INC.

Mark Armstrong
