Ladies and Gentlemen:  
Pursuant to the Oklahoma Wind Energy Development Act (Act) and the Oklahoma Corporation Commission (OCC) rules implementing the Act, this letter is a notification of intent to build a wind energy facility. We intend to erect wind energy turbines and related facilities for the States Edge Wind Energy Project in Texas County, Oklahoma and Cimarron County, Oklahoma (Project). Notice is being provided within six (6) months of the initial filing of a Notice of Construction (Form 7460-1) with the Federal Aviation Administration (FAA), made on November 21, 2016. As of the date of this notice, and based on publicly available data, we confirm that the Project design complies with the setbacks required by the Act.

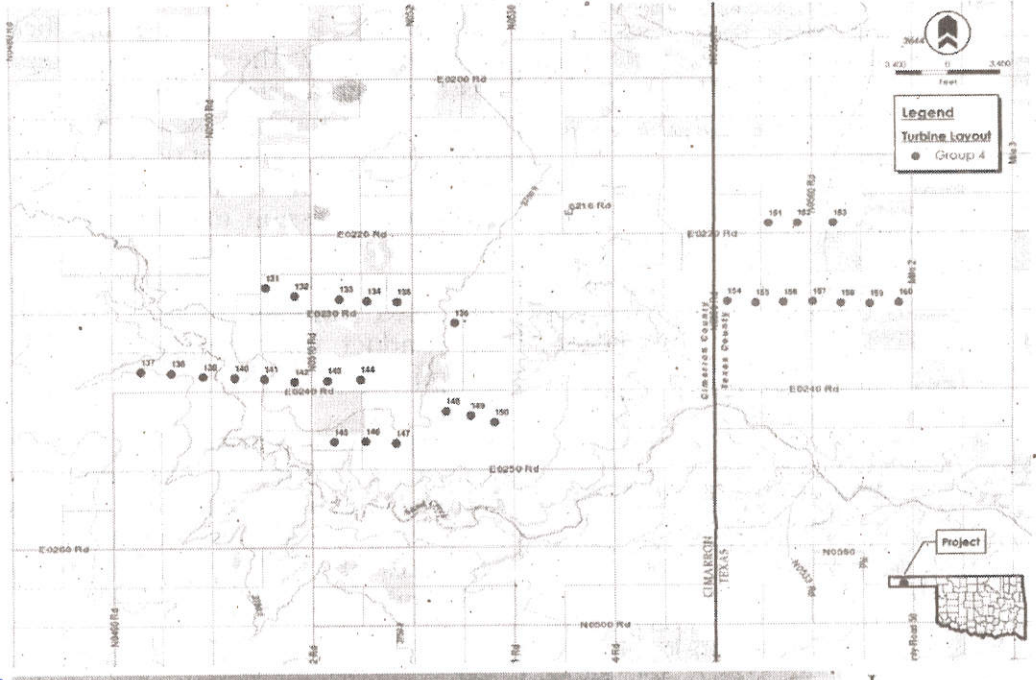

This phase of the Project will consist of approximately 30 wind energy turbine generators and associated facilities. A map indicating the current proposed wind turbine locations is included with this letter as Exhibit A. A summary of the Federal Aviation Administration (FAA) information, including the coordinates and elevation of each turbine and key turbine dimensions are included with this letter as Exhibit B.

Simultaneously with sending you this notice, we are providing similar notice to the Texas County, Oklahoma Board of County Commissioners and Cimarron County, Oklahoma Board of County Commissioners. No project facilities are located within an incorporated area of a municipality.
