## LIVING, LOVING AND LEARNING

"A place where loving concern becomes loving care"

Each new day we commit ourselves to the challenge of living, loving and learning. The opportunity to learn from each other, seniors and caregivers. A challenge to resolve the living, loving and learning experiences in a home like environment that is shared by our seniors and their caregivers.

The opportunity to learn from seniors who have lived long, productive lives and still have much to offer. A different pace in long term care.

The opportunity to change society's image of nursing homes and prove that caregivers can provide humane and intelligent care of our seniors.

## Learn About Life Insurance Basics

# Protect Your Family

- Term policies:** Term policies are pure temporary insurance coverage purchased for a fixed time period such as one year, five years, 10 years or more. If the insured person dies during the insurance period, the amount of the policy is paid to the named beneficiary. At the end of the term, assuming the policy has not been renewed, the policy no longer has any value.
- Permanent life policies:** Permanent life policies provide insurance coverage and build cash value you can borrow against. They are typically more expensive than term insurance.
- Whole life insurance:** Whole life insurance has a set premium payment and builds cash value at a guaranteed rate of return.
- Universal life insurance:** Universal life insurance is a flexible-premium, adjustable life insurance product that allows you to vary the premium payment within certain limits. The death benefit can be increased or decreased as defined in the policy without having to buy a new contract. Like whole life, the cash value can be borrowed.
