What are the benefits of participating in the Strengthening Families Program?

- The program is “FREE”
- You can receive help with gas, transportation, food, and even help with rent (**if you need it**)
- You and your children get dinner together every week
- The program will give you an opportunity to have **supervised interaction** with your kids **every week!!** You will be able to have dinner, as well have time to see each other and interact during the group sessions.
- The overall goal of the program is to speed up reunification for you and your family. If you work hard in the program you can possibly get your kids back faster.
- You and your family will have opportunities to discover and practice new ways to learn, play, get along and grow together.
- Your children will have an opportunity to start or continue the “**healing**” they need from all of the recent changes and past life hurts. The program will help them work through their hurts, anger, and disappointments.
- Participation in this program will give you an opportunity to show everyone involved in your case the commitment you have to get your family back.
- The program will provide you with good training that will help support in setting limits and establishing structure in your recovering family.
