When: 4:00 pm - 6:00 pm

MEETING PURPOSE

To learn about the planned highway work, share your thoughts, and get answers about the US-75 improvements. This will be a come-and-go type meeting with no presentation. Project team members will be on hand to answer questions.

PROJECT DESCRIPTION

The Oklahoma Department of Transportation (ODOT) and the Federal Highway Administration (FHWA) plan to improve US-75 to increase safety, driveability and pedestrian access. The project covers the area between US-62 and SH-56 in Okmulgee, OK. The road surface is wearing out and the sidewalks are not accessible for all users. Daily traffic is 27,500 vehicles, which will increase to 39,300 by 2048.

To correct these issues, ODOT proposes the following improvements:

- Resurfacing the driving lanes and shoulders.
- Upgrading sidewalks to be more accessible.
- Making a safe pedestrian crossing under the railroad.
- Adding a signalized pedestrian crossing at 13th St.

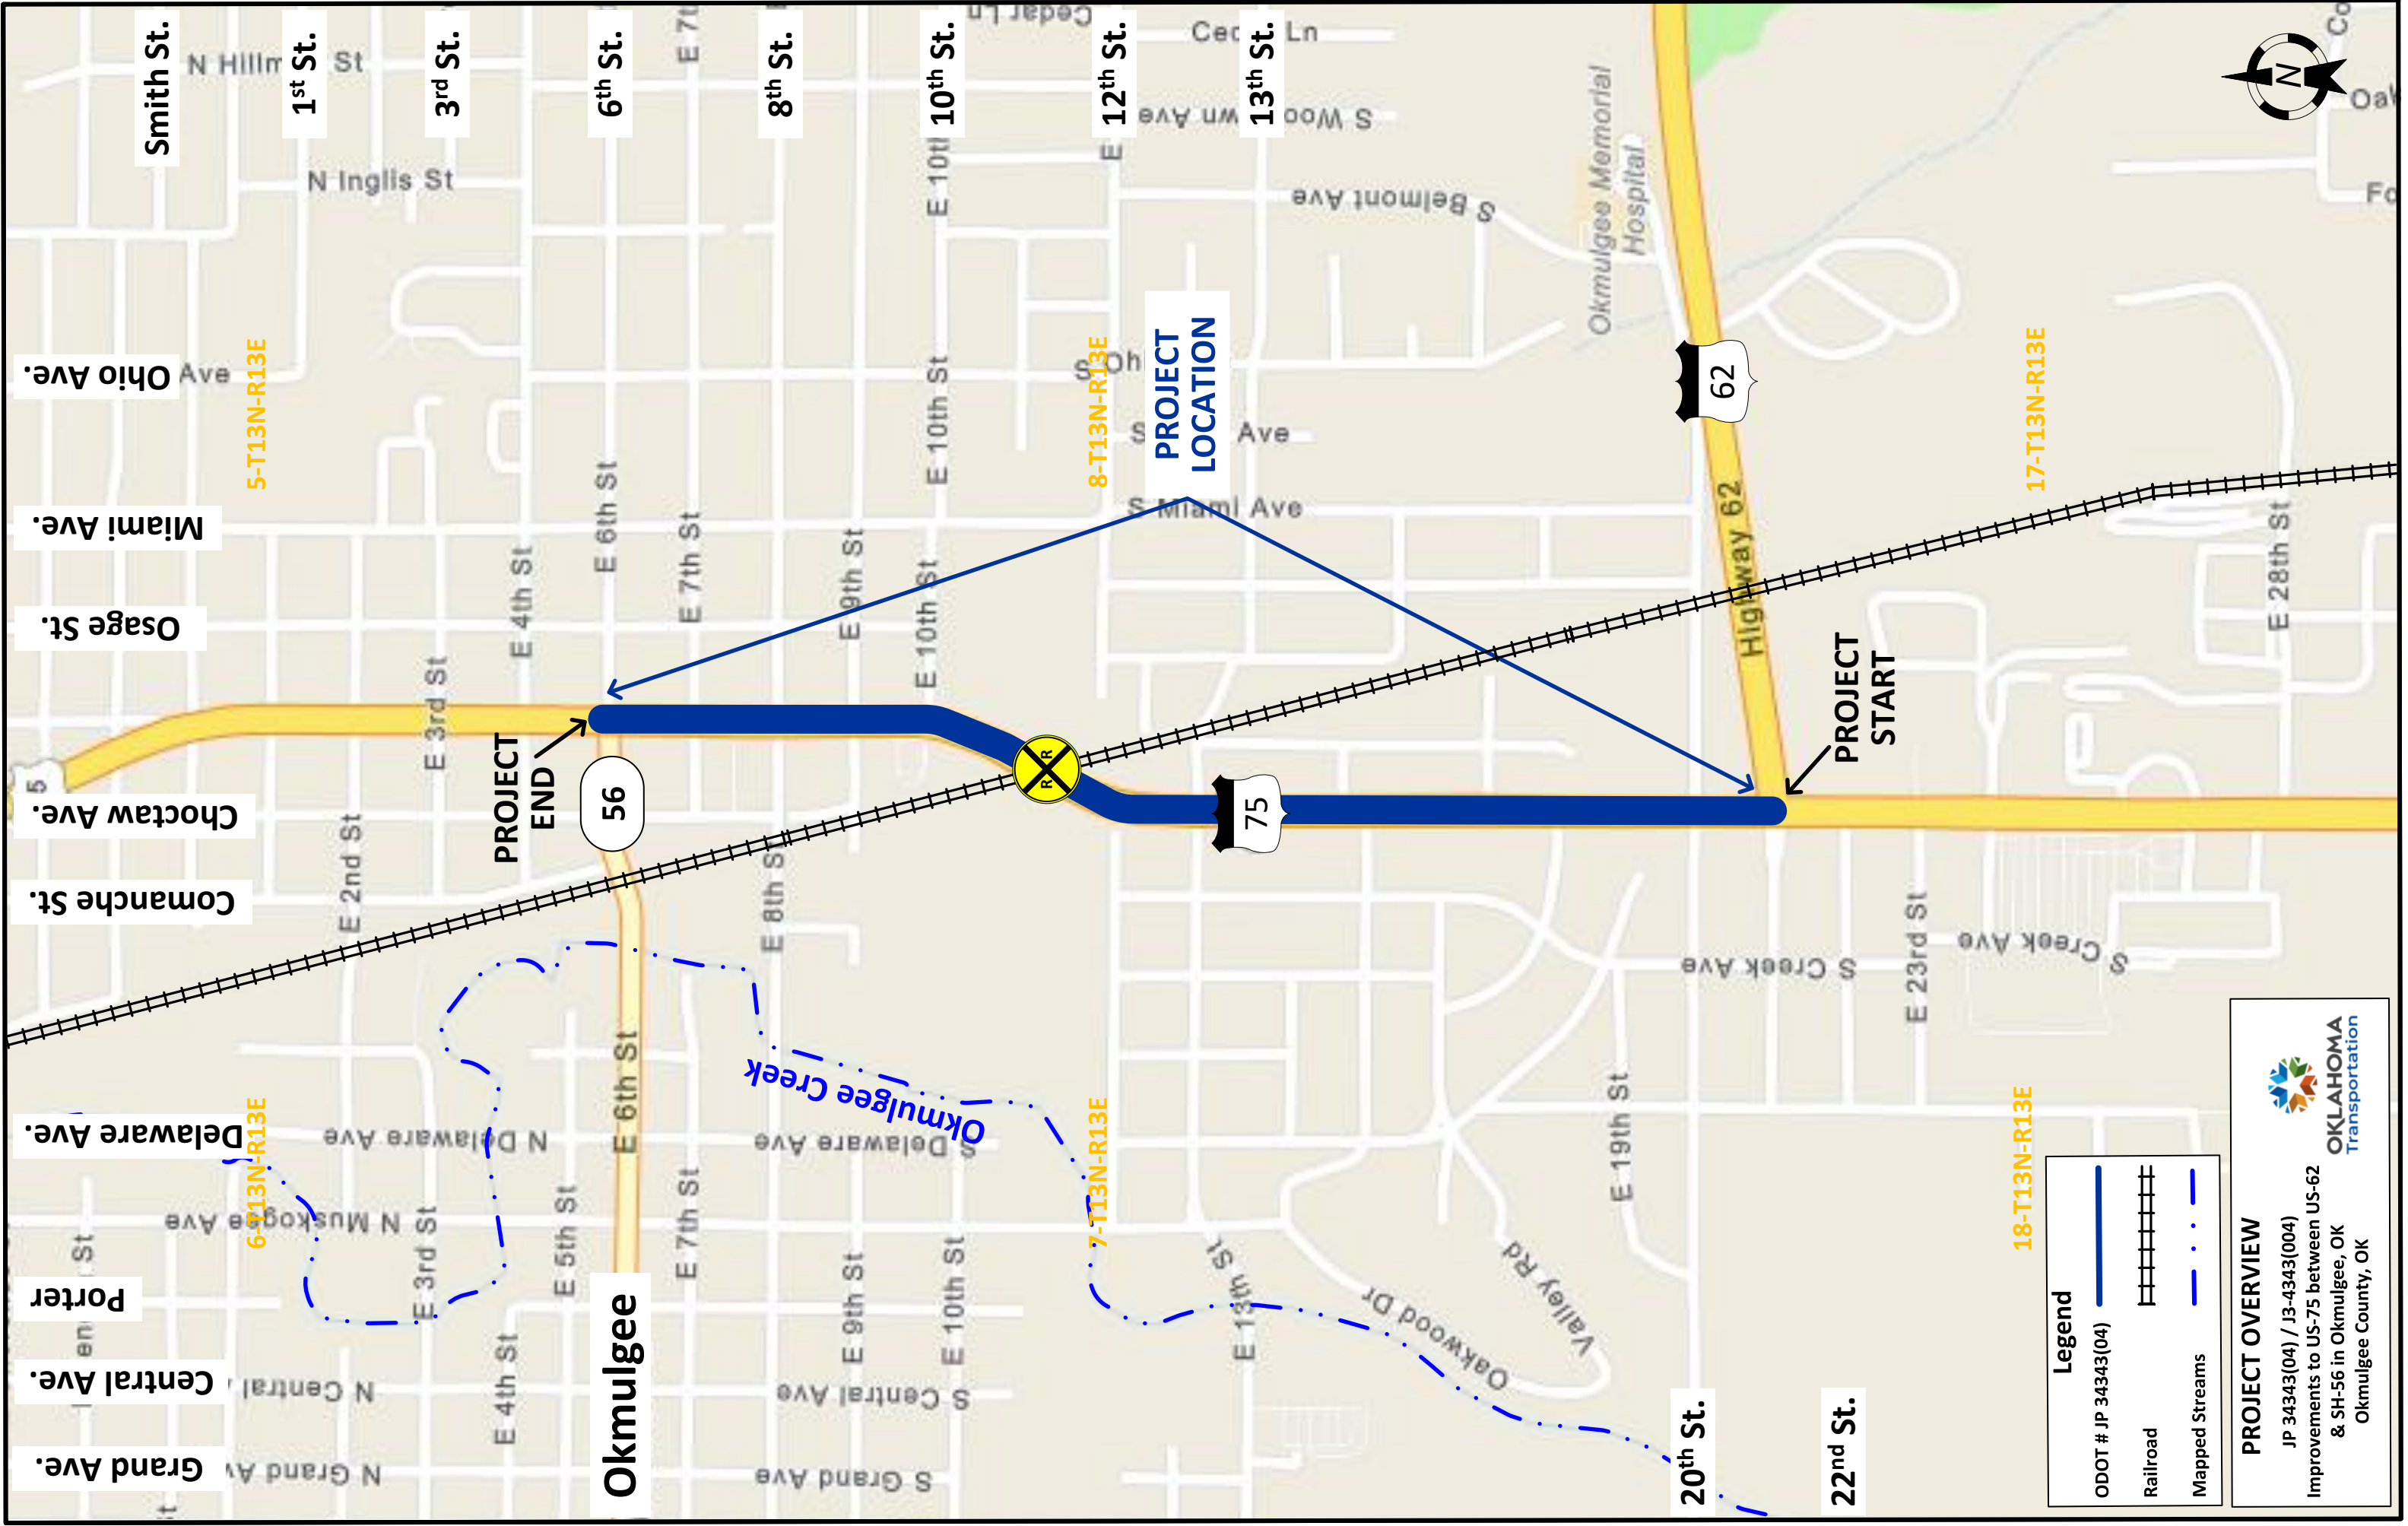

US-75 will stay open during construction. Access to residences and businesses will be maintained.
