Item No. 73 - Supplemental Engineering Contract - Mr. Streb

- a) Adair County - Commission District I (E.C. 570, Supplement No. 3)

Carter::Burgess was previously authorized to prepare final design plans for the US-59 corridor from Ballard to West Siloam Springs. The original scope of work anticipated the US-59 over the Illinois River project to be let as one project. This supplemental agreement is for the additional work necessary to develop two (2) sets of final construction plans for this section, and additional services required to finalize right-of-way and construction plans for the north section of US-59. The adjusted engineering fee for this additional work totals \$245,000.00. The project is in the 8 Year Construction Work Plan with a scheduled letting date in FFY 2007. The total estimate for construction of this project is \$15,617,237.00. Funding will be 80% federal funds and 20% soft match credit.

Item No. 74 - Fiber Optic Proposal

- a) Creek, Logan, Oklahoma, Payne and Tulsa Counties - Commission Districts IV and VIII

Since 1995 the Office of State Finance (OSF), Oklahoma Turnpike Authority (OTA) and Oklahoma Department of Transportation (ODOT) have entered into private/public partnerships involving the

installation of fiber optic cable on the Oklahoma Interstate and Turnpike systems. A proposal for trading fiber optic strands owned by ODOT for strands owned by MBO Video has been reviewed. The trade would be in the form of an Irrevocable Right to Use (IRU) contract agreement for a period of 30 years. The Department requests approval to enter into negotiations for the above mentioned partnership.
