

US-81 Realignment Grady County

OKLAHOMA
Transportation

Total Project Cost: \$260 million
INFRA Grant Request: \$100 million

Project Information

- Construction of 8.25 miles of new US-81 alignment on the west side of Chickasha
- Four-lane, controlled-access highway with six interchanges at major roads and highways
- Two grade-separated railroad crossings
- Oklahoma Turnpike Authority participating in cost of interchange construction at US-81 and I-44/ H.E. Bailey Turnpike
- Construction expected to go to bid in FFY 2023
- Project will greatly reduce congestion and greenhouse gas emissions with an access controlled freeway while allowing more modal options in downtown Chickasha
