

2022 Multimodal Project Discretionary Grant (MPDG) Opportunity

OKLAHOMA
Transportation

Total Project Cost: \$201,864,916
MPDG Request: \$50,000,000
Other Federal Funds: \$82,178,950
State Funds: \$69,685,966

Grady County US-81 Realignment

- Construction of 8.25 miles of new US-81 alignment on the west side of Chickasha
- Two-lane, controlled-access highway with six interchanges at major roads and highways
- Two grade-separated railroad crossings
- Oklahoma Turnpike Authority participating in cost of interchange construction at US-81 and I-44/H.E. Bailey Turnpike
- Construction expected to go to bid in FFY 2023
- Project is anticipated to reduce congestion and greenhouse gas emissions with a controlled-access highway while allowing safer multi-modal options in downtown Chickasha
