

# 2022 Multimodal Project Discretionary Grant (MPDG) Opportunity

*Project Cost: \$139,790,000*

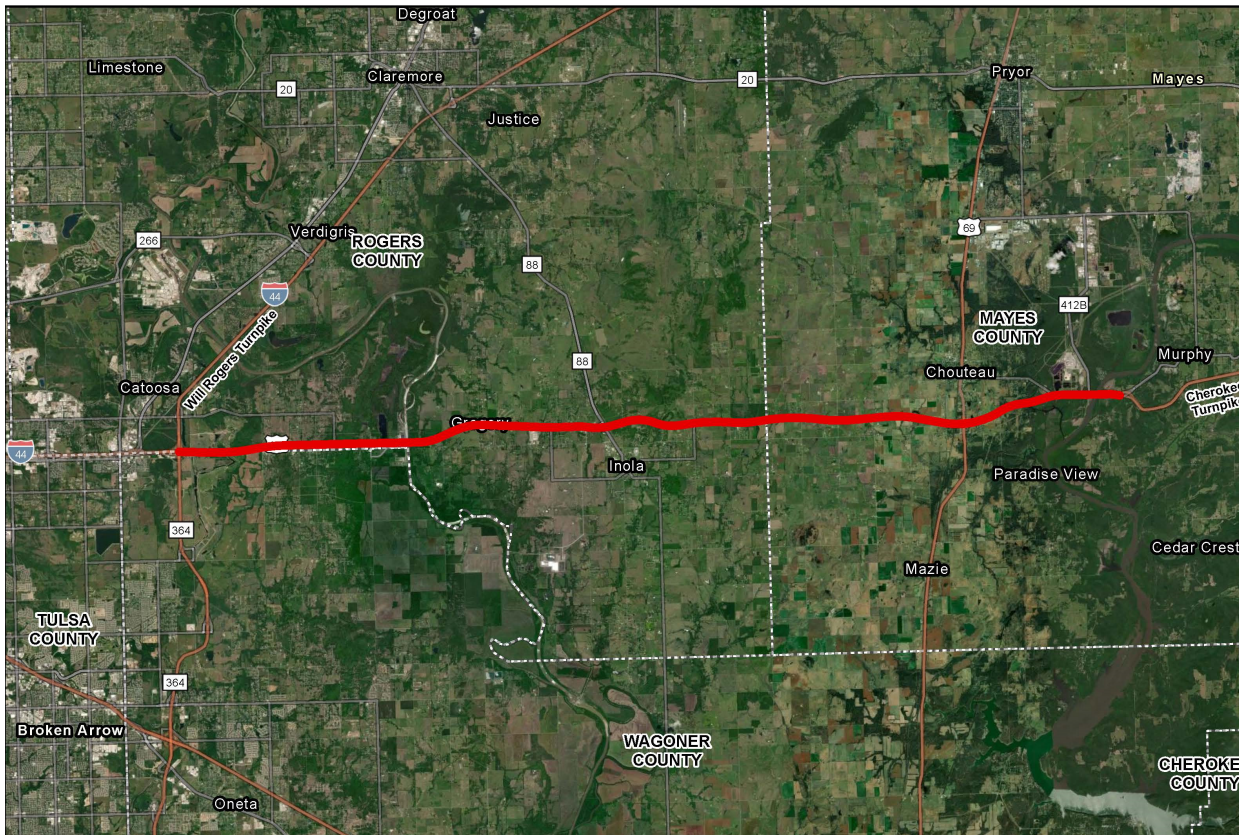

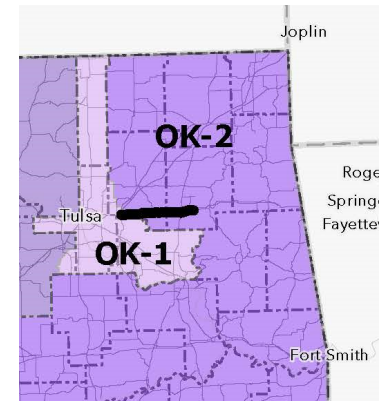

*MPDG Request: \$83,874,000*

*State Funds: \$27,958,000*

*Other Federal Funds: \$27,958,000*

**OKLAHOMA**  
Transportation

## US-412 Priority Improvements for Interstate Designation

- Infrastructure Investment Jobs Act (IIJA) designated 189 miles of US-412 as a future Interstate Highway across Oklahoma and Arkansas
- The existing facility contains at-grade intersections with local roads which need to be addressed for interstate designation
- Northeast Oklahoma and Northwest Arkansas share historic, geographic, and economic interests and the future designation will improve economic development opportunities
- This project will contribute to the requirements needed as an Interstate Highway including:
  - adding interchanges
  - adding overpasses
  - controlling access between the Will Rogers Turnpike and the Cherokee Turnpike
