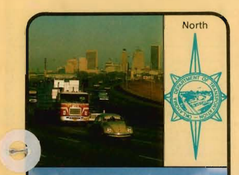
DEPARTMENT OF TRANSPORTATION



A new era began on September 7, 1976 when the Oklahoma Department of Transportation was formed by the state legislature. The new DOT assumes responsibility for coordinating all planning and development of Oklahoma's transportation system. It includes the former Department of Highways, the Governor's Highway Safety Coordinating Committee, the Railroad Maintenance Authority and the Oklahoma Aeronautics Commission.

Transportation is vital to all Oklahomans as it provides the mobility that makes it possible to work, play, live and enjoy our state. Roads, railroads, airports and barge canals all work together to give Oklahomans and their visitors a safe and convenient means of transportation.
