OPEN HOUSE

to solicit public and agency input on
proposed improvements to SH-10A

Gore Public Schools Event Center
1200 North Highway 10
Gore, Oklahoma

The Oklahoma Department of Transportation (ODOT), in cooperation with the Federal Highway Administration (FHWA), is proposing to improve State Highway 10A (SH-10A) beginning 2 miles east of the SH-10 junction, extending east 4.10 miles to the SH-100 junction in Sequoyah County. The existing SH-10A has numerous substandard curves, lacks adequate shoulders and clear recovery area, and has a collision rate 3 times the statewide rate for similar facilities.

The **PURPOSE** of the project is to correct roadway deficiencies, enhance safety, and efficiently accommodate traffic.

After evaluation of seven (7) improvement alternatives and public input from an October 18, 2016 stakeholder meeting and a January 31, 2017 Open House, ODOT selected the Preferred Alternative. The Open House presents results of the environmental studies and preliminary plans for the eastern segment of the Preferred Alternative.

PREFERRED ALTERNATIVE:

- Majority is on or near existing alignment
- Western offset between NS 444 Rd. and NS 445 Rd.
- Asphalt pavement
- 12-ft. driving lanes and 8-ft. shoulders (4-ft. shoulders through Paradise Hill)
- SH-10A will remain open to traffic during construction
- Minimal environmental impacts

ODOT sincerely appreciates your cooperation in this matter. Should you have any questions regarding the project, please contact Melissa Evans, Triad Design Group at 405-752-1122, mevans@triaddesigngroup.com or Leslie Novotny, ODOT Environmental Project Manager at 405-521-2321, lnovotny@odot.org.
