PROJECT

The Oklahoma Department of Transportation (ODOT), in cooperation with the Federal Highway Administration (FHWA), is proposing to improve the intersection at US-75 and Preston Road. The project location is on the back of this flyer. This section of US-75 is a four lane divided highway with four 12-foot wide driving lanes, 10-foot wide outside shoulders and 4-foot wide inside shoulders. There is a history of severe collisions at the US-75 and Preston Road intersection, including over 30 injury collisions and 2 fatalities in the past ten years. The purpose of the project is to improve safety and accessibility of US-75 and Preston Road.

PURPOSE OF THE OPEN HOUSE

The purpose of this open house is to present information about the project and obtain input from the public to further assist in the identification of critical social, economic, and environmental effects that may result from the project.

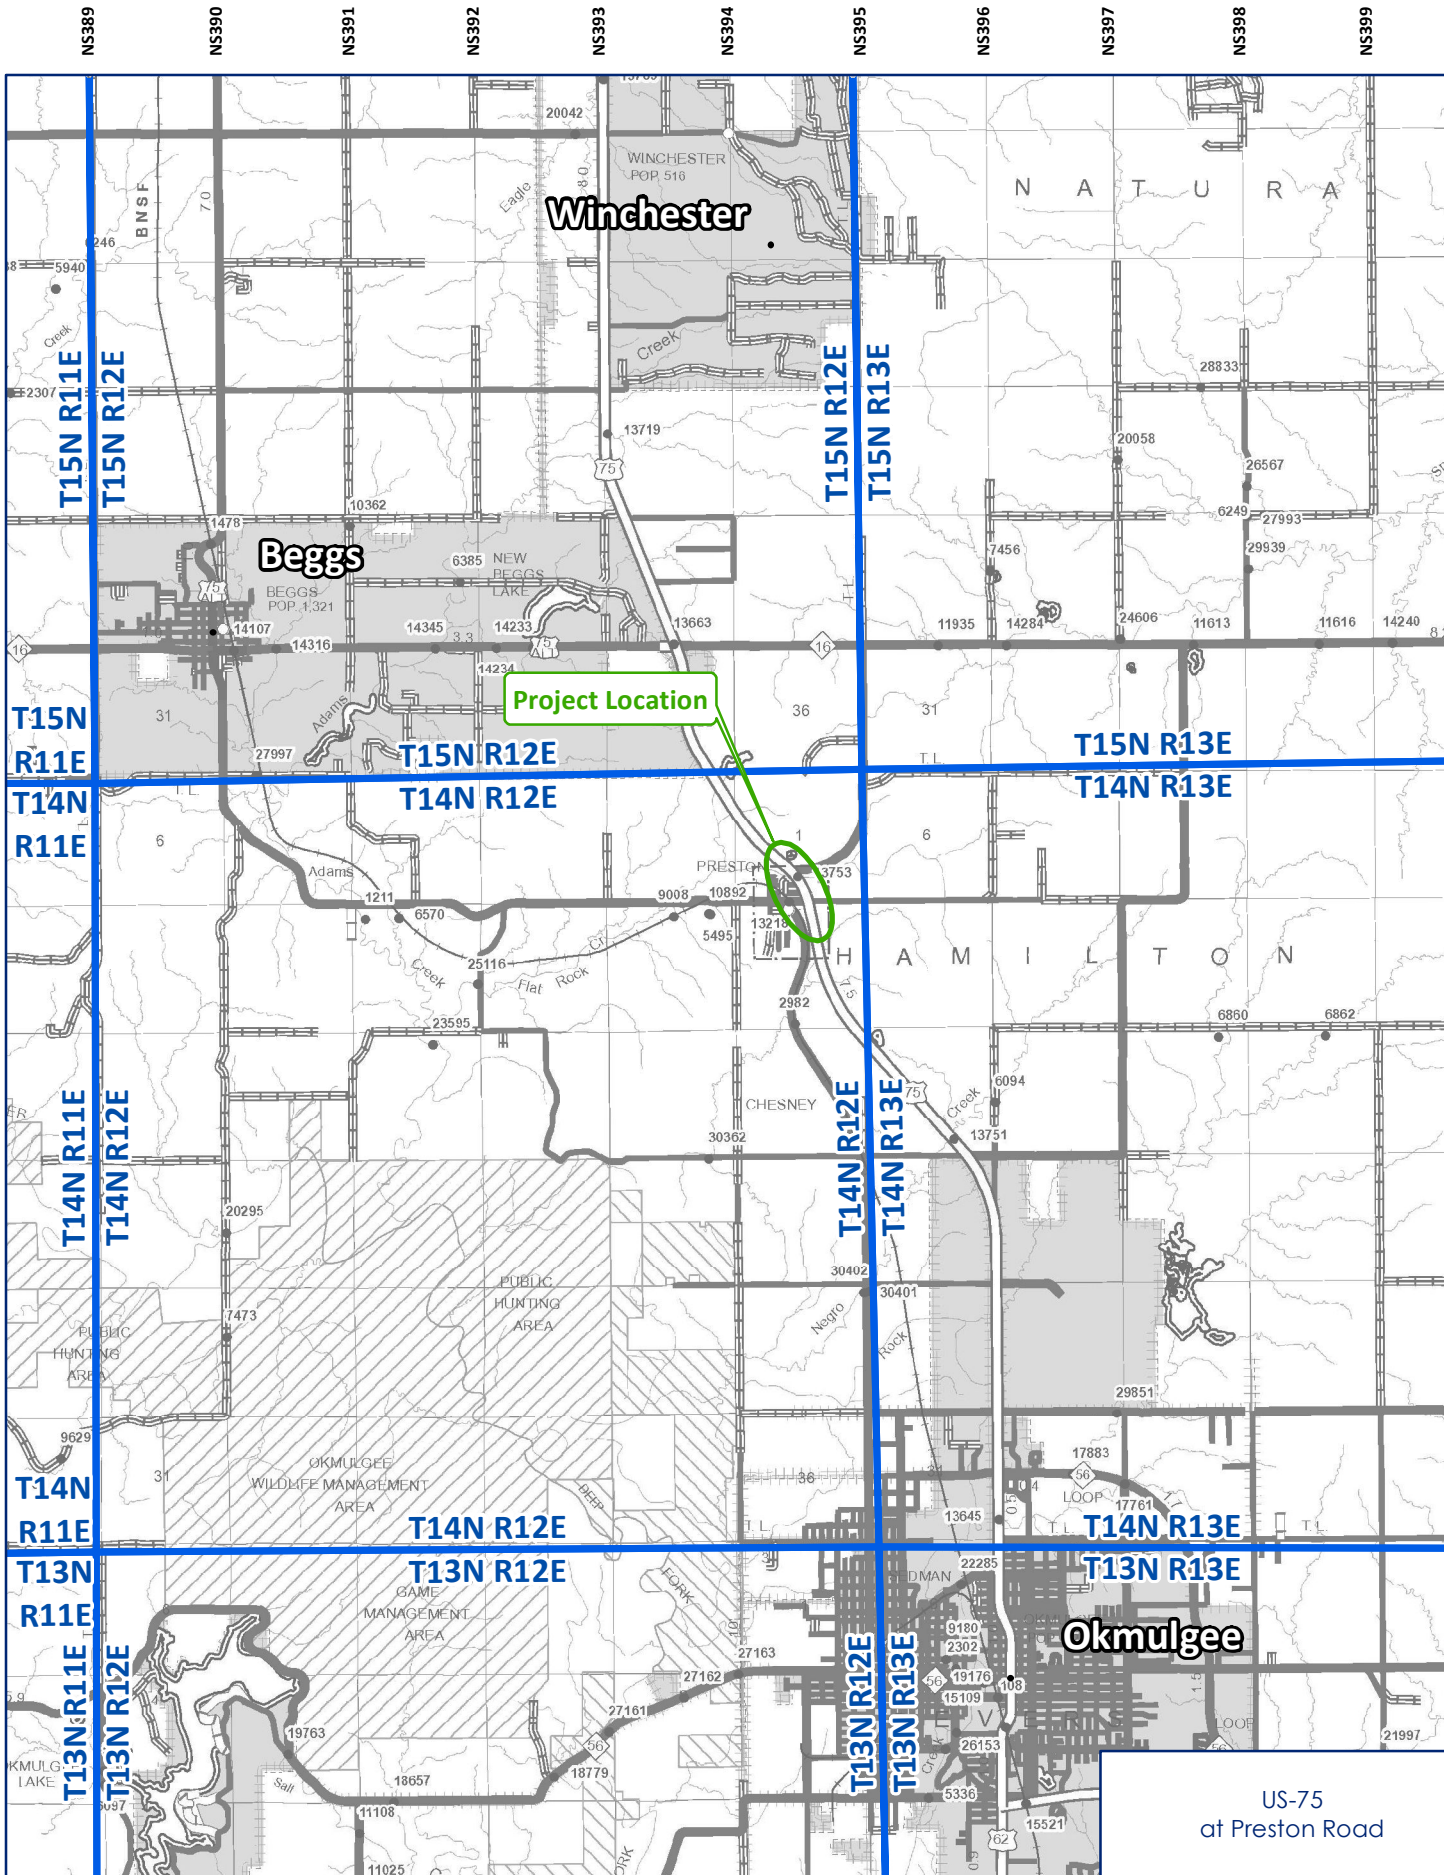

Should you have any questions regarding the project, please contact Scott Stegmann, CP&Y at (405) 835-2836 or SStegmann@cpyi.com or Leslie Novotny, Environmental Project Manager, ODOT, at (405) 521-2321 or environment@odot.org.
