**Former Employees of
BOEING COMMERCIAL AIRCRAFT (BCA) IN MULTIPLE CITIES
THROUGHOUT OKLAHOMA
Eligible for TAA/TRA Benefits**

Special Status Granted to Laid-off Company Employees by U.S. Department of Labor

OKLAHOMA CITY, OK – Displaced workers of **Boeing Commercial Aircraft (BCA) in Multiple Cities throughout Oklahoma** have been ruled eligible for the Trade Act program by the USDOL. Established by the Trade Act of 1974 (19USC 2273), Trade Act benefits aid those who lose jobs or significant work hours because of increased imports or a shift in production out of the country. The Trade Readjustment Assistance (TRA) program provides additional unemployment compensation to individuals who are in full time Trade Adjustment Assistance (TAA) occupational training. The goal is to help laid-off workers return to suitable employment as quickly as possible.

In order to seek certification as a Trade-Impacted Company, workers must meet three criteria:

- 1) Workers must be laid off or threatened with layoff; and
- 2) Sales or production for the employer must have decreased; and an increase in imports of products like or directly competitive with products made by the firm must contribute to layoffs or the threat of layoffs; or
- 3) There has been a shift by the workers' firm to a foreign country in the production of articles or supply of services like or directly competitive with those produced/supplied by the workers' firm.

Applicants who qualify for TAA and TRA have a limited amount of time after certification or qualifying separation from adversely affected employment to apply for benefits. The state may also grant a waiver of training enrollment to suspend this qualification for some individuals.

The USDOL report concludes “all workers of Boeing Commercial Aircraft (BCA) in Multiple Cities throughout Oklahoma including on-site leased workers from Artech Information Systems LLC., Chipton Ross INC., CTS Technical Services Inc., Moseley Technical Services Inc., PDS Technical Services, Searchpros Staffing LLC, Triad Systems International, 22nd Century Technologies Inc., and Volt Services who became totally or partially separated from employment on or after May 21, 2019 through two years from the date of certification (June 29, 2020) are eligible to apply for Trade Adjustment Assistance...” Separated employees who want to apply for Trade Act benefits should contact their nearest Oklahoma Works – American Job Center.
