Bathroom faucets, doors, etc. are easy to use	☐	☐	☐
Bathroom doors are wheelchair accessible	☐	☐	☐

Potential for adaptations/modifications to work site:

Job Analysis (1)

Essential Skill Areas:

Rating Codes:

E = Essential – an Essential skill needed in this job which **MUST** be performed or accommodated for successful training. Accommodations **MUST** be identified in the Natural Supports Training Plan for all Essential skills needing accommodation.

D = Desirable – not Essential to the job but Desirable. The employer will not refuse to hire someone who cannot perform this task with or without an accommodation, however, discrepancies in this area **MAY** require some accommodation for job retention.

M = Minimally Important – not relevant to this job or these skills are not needed in this job. Lack of these skills will not directly threaten job placement or retention and, therefore, require no accommodation planning.

Skill Area	Description of Skill Cluster	Rating (E, D, or M)	Notes
Social Skills	Comfort and interest in others, expressing feelings appropriately, getting along with others		
Cooperativeness	Listening, clarifying then following instructions, accepting criticism		
Work Habits	Timeliness, starting and finishing tasks on time, taking breaks		
Work Quality	Speed and quality, recognizing mistakes, need to self-prompt		
Personal Presentation	Hygiene, dress, basic conversation skills		
Task Demands	Physical demands, stamina/mental capacity, attention to detail, adaptation to change		

Work Schedule: (Ex. 10:15a-11:45p)
