Ms. Janet Cizek is interested in discussing doula services, specifically what services are covered and what the credentials/certifications and requirements for obtaining an OHCA contract for these services. Mr. Traylor Rains replied we are still in the rule making process and we hope they will be covered by July. There will be plenty of Provider education and notice before then. The rules regarding Doula's should be to the MAC in March and will have more information. We did a robust analysis of other states that have come before us in their Medicaid program.

Ms. Cizek also has some serious concerns about individuals have serious issues with access to controlled substances medications from pharmacies, with the self-imposed script limits and limitations on number of medication pills per patient. Mr. Rains responded that OHCA would investigate this.

OHCA is 4.4% over budget in revenues and 6.1% over budget in expenditures with the result that our budget variance is a negative \$31,802,840. On our website, we have a dedicated PHE page filled with resources for providers, and members. Members will get direct mailers 45 and 15 days prior to their expiration. The spending bill requires OHCA to provide continuous eligibility for children and adolescents in our CHIP program by January 2024. We're assessing impacts across the agency in terms of our operation with kids. Another requirement will be that our provider directory be more interactive as well.

On the eligibility side they looked over 340 eligibility decisions with only 7 errors on that side. ## **March MAC Proposed Rules Amendment Summaries**

These proposed PERMANENT rules were presented at the Jan. 3, 2023, Tribal Consultation, and were subject to a 30-day public comment period from Feb. 1 through Mar. 3, 2023.

The Agency is requesting the effective date to be Sept. 2023, contingent upon receiving legislature and gubernatorial approval.

**APA WF # 22-23A&B ADvantage Waiver Rule Changes** – The proposed revisions align policy with the recently approved waiver amendment, which added Assistive Technology and Remote Support services. Revisions outline and define the purpose and scope of remote support services, service description, provider requirements, guidelines, limitations, and service discontinuation. Additional revisions outline the assistive technology services and devices that are covered/non-covered. Further revisions correct formatting and grammatical errors.

**Budget Impact:** The estimated total cost for SFY 2023 is \$958,875. The estimated total cost for SFY 2024 is \$2,025,000. Oklahoma Human Services (OKDHS) is responsible for the projected cost of services.

**APA WF # 22-24A&B Developmental Disabilities Services (DDS) Policy Changes** – The proposed revisions update coverage limits for individual family training and group family training from \$5,500 to \$6,500 and remove outdated documentation requirements for family support services. The revisions add new criteria and standards for specialized foster care and criteria for providers of respite care and homemaker, remote, and agency companion services. The revisions also add optometry benefits to include routine eye examination and purchase of corrective lenses. Finally, revisions add language to support the increase of the public transportation limit, correct formatting/grammatical errors, and align policy with current business practices.

**Budget Impact:** Budget neutral.

**APA WF # 22-25 Behavioral Health Rules Cleanup** – The proposed revisions clarify timely completion of the placement tool for a substance use disorder (SUD) admission or extension request and update service plan, documentation, and signature requirements. Furthermore, the proposed revisions require providers to report to OKDHS instances of child abuse/neglect in residential settings in accordance with state law. Revisions also include grammatical and formatting changes as needed.

**Budget Impact:** Budget neutral.

**APA WF # 22-26 Crisis Intervention Rule Revisions** – The proposed revisions clarify crisis intervention services (CIS) as the provision of these services is expanding in the State. Rule changes will clearly define mobile versus on-site CIS and include other grammatical and formatting changes as needed.

**Budget Impact:** Budget neutral.

**APA WF # 22-27 Physician Assistant Rule Revisions** – The proposed revisions ensure that previous amendments to the Physician Assistant Practice Act by the State's Legislature are reflected in the rules. Rule changes include: updating the term "supervising" physician to "delegating" physician; removing the application to practice requirements and replace it with the practice agreement requirements; and a new timeframe of 10 business days for providers to submit any updated copy of the practice agreement due to changes. Other revisions will involve limited rewriting aimed at improving readability and overall flow of policy language.

**Budget Impact:** Budget neutral.

**APA WF # 22-28 Opioid Treatment Program (OTP) Rule Changes** – The proposed revisions revise OTP rules to align with federal regulations with updates to the phase requirements. Further revisions update service plan signatures to clarify requirements according to the member's age.

**Budget Impact:** Budget neutral.

**APA WF # 22-29 Laboratory Services Policy Cleanup** – The proposed revisions combine the existing laboratory policies into one centralized location. This will allow for better access to the policies and an easier understanding of services covered under the laboratory benefit. Language will be placed into policy to clarify coverage of reference (outside) laboratories when an independent or hospital laboratory refers a service to another laboratory.

**Budget Impact:** Budget neutral.

**APA WF # 22-30 Outdated/Obsolete Policy Language Cleanup** – The proposed revisions amend language to remove obsolete references and combine sections of policy to remove the overabundant number of sections that are currently in Title 317. These changes are necessary to comply with Oklahoma Executive Order 2020-03.

**Budget Impact:** Budget neutral.

**APA WF # 22-31 Eliminate Certificate of Medical Necessity (CMN) Form Requirement for Most Medical Supplies, Equipment, and Appliances** – The proposed revisions eliminate the requirement to include a CMN form when requesting the prior authorization (PA) for most medical supplies, equipment, and appliances. Rules will state that the CMN form continues to be required for enteral and parenteral nutrition.

**Budget Impact:** Budget neutral.

These proposed EMERGENCY rules were presented at the Jan. 3, 2023, Tribal Consultation, and were subject to at least a 15-day public comment period.

The Agency is requesting the effective date to be immediately upon receiving gubernatorial approval. The Governor will have until May 8, 2023, to approve or disapprove each rule, upon the Agency's submission for gubernatorial review.

**APA WF # 23-01 State Plan Personal Care Services for Expansion Adults, TEFRA Eligible Children and Certain MAGI Populations** – The proposed revisions will add new policy to delineate eligibility requirements, definitions, medical eligibility criteria for personal care, and the process for medical eligibility determinations. Additionally, rules add the current business practice for approving the TEFRA population and any EPSDT members who meet medical necessity to receive personal care services.

**Budget Impact:** The estimated budget impact, for SFY2023, will be an increase in the total amount of \$91,173; with \$25,200 in state share. The estimated budget impact, for SFY2024 will be an increase in the total amount of \$273,520; with \$88,921 in state share.

**APA WF # 23-05 Notification of Date of Service (NODOS) Timeframe Change** – The proposed revisions update rules on application procedures for filing a Notification of Date of Service (NODOS). The current five-day requirement for the hospital to file the electronic NODOS will remain in effect; however, after the electronic NODOS is filed, the applicant or someone acting on behalf of the applicant will have 40 days to submit a completed SoonerCare application instead of the current fifteen 15 days.

**Budget Impact:** The estimated total cost for SFY 2024 is \$420,861 (\$284,039 in federal share and \$136,822 in state share). The estimated total cost for SFY 2025 is \$561,147 (\$378,718 in federal share and \$182,429 in state share).

**APA WF # 23-06A&B Transition to SoonerSelect** – These changes comply with Oklahoma Senate Bill SB1337 and Oklahoma Senate Bill 1396 (SB 1396), which directed the Oklahoma Health Care Authority to transition to a new health care program, called SoonerSelect. Policy will define terms, processes, and regulations from SB1337 and the published Model Contract/Request for Proposals (RFP). The proposed rule additions/revisions outline and address state-sanctions and complementary non-compliance remedies required of the medical contracted entities (CEs) and dental benefit managers (DBMs). Other rule additions include, but are not limited to, managed care mandatory and voluntary populations (American Indian/Alaskan Native (AI/AN) members), processes for network adequacy, provider requirements, termination of contracts, transition of care policies, medical necessity, required notices and grievances and appeals.

**Budget Impact:** The OHCA Board approved expenditure authority for the SoonerSelect RFP at the January 18, 2023 meeting. The goal of the SoonerSelect delivery model over the term of the contracts (first year, plus 5 renewal years) is budget neutrality.

**TITLE 317. OKLAHOMA HEALTH CARE AUTHORITY  
CHAPTER 30. MEDICAL PROVIDERS-FEE FOR SERVICE**

**SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES**

**PART 85. ADVANTAGE PROGRAM WAIVER SERVICES**

**317:30-5-763. Description of services**

Services included in the ADvantage program are:

**(1) Case management.**

(A) Case management services, regardless of payment source, assist a member to gain access to medical, social, educational, or other services that may benefit him or her to maintain health and safety. Case managers:

(i) Initiate and oversee necessary assessments and reassessments to establish or reestablish waiver program eligibility;

(ii) Develop the member's comprehensive person-centered service plan, listing only the services necessary to prevent institutionalization of the member, as determined through the assessments;

(iii) Initiate the addition of necessary services or deletion of unnecessary services, as dictated by the member's condition and available support; and

(iv) Monitor the member's condition to ensure delivery and appropriateness of services and initiate person-centered service plan reviews. Case managers submit an individualized ~~Form 02CB014, Services Backup Plan~~, on all initial service plans, annually at reassessment, and on updates as appropriate throughout the year, reflecting risk factors and measures in place to minimize risks. When a member requires hospital or nursing facility (NF) services, the case manager:

(I) Assists the member in accessing institutional care and, as appropriate, periodically monitors the member's progress during the institutional stay;

(II) Helps the member transition from institution to home by updating the person-centered service plan;

(III) Prepares services to start on the date the member is discharged from the institution; and

(IV) Must meet ADvantage program minimum requirements for qualification and training prior to providing services to ADvantage members.

(B) Providers of ADvantage services for the member or for those who have an interest in or are employed by an ADvantage provider for the member must not provide case management or develop the person-centered service plan, except when the ADvantage Administration (AA) demonstrates the only willing and qualified entity to provide case management and/or develop person-centered service plans in a geographic area, also provides other ADvantage services. Prior to providing services to members receiving ~~Consumer Directed~~ Consumer Directed Personal Assistance Services and Supports (CD-PASS), case manager supervisors, and case managers are required to receive training and demonstrate knowledge regarding the CD-PASS service delivery model, "Independent Living Philosophy," and demonstrate competency in person-centered planning.

(C) Providers may only claim time for billable case management activities, described as:

(i) Any task or function, per Oklahoma Administrative Code (OAC) 317:30-5-763(1)(A) that only an ADvantage case manager ~~can perform on behalf of the member~~, because of skill, training, or authority, can perform on behalf of a member; and

(ii) Ancillary activities, such as clerical tasks, including, but not limited to, mailing, copying, filing, faxing, driving time, or supervisory and administrative activities are not billable case management activities. The administrative cost of these activities and other normal and customary business overhead costs are included in the reimbursement rate for billable activities.

(D) Case management services are prior authorized and billed per fifteen (15) minute unit of service using the rate associated with the location of residence of the member served.

(i) Case management services are billed using a standard rate for reimbursement for billable service activities provided to a member who resides in a county with a population density greater than twenty-five (25) persons per square mile.

(ii) Case management services are billed using a very rural/outside providers' service area rate for billable service activities provided to a member who resides in a county with a population density equal to, or less than twenty-five (25) persons per square mile. Exceptions are services to members who reside in Oklahoma ~~Department of Human Services (OKDHS)~~ Community Living, Aging and Protective Services identified zip codes in Osage County adjacent to the metropolitan areas of Tulsa and Washington counties. Services to these members are prior authorized and billed using the standard rate.

(iii) The latest United States Census, Oklahoma counties population data is the source for determination of whether a member resides in a county with a population density equal to, or less than twenty-five (25) persons per square mile; or resides in a county with a population density greater than twenty-five (25) persons per square mile.

**(2) Respite.**

(A) Respite services are provided to members who are unable to care for themselves. Services are provided on a short-term basis due to the primary caregiver's absence or need for relief. Payment for respite care does not include room and board costs unless more than seven (7) hours are provided in a NF. Respite care is only utilized when other sources of care and support are exhausted. Respite care is only listed on the service plan when it is necessary to prevent institutionalization of the member. Units of services are limited to the number of units approved on the service plan.

(B) In-home respite services are billed per fifteen (15) minute unit of service. Within any one (1) day period, a minimum of eight (8) units [two (2) hours] must be provided with a maximum of twenty-eight (28) units [seven (7) hours] provided. The service is provided in the member's home.

(C) Facility-based extended respite is filed for a per diem rate when provided in a NF. Extended respite must be at least eight (8) hours in duration.

(D) In-home extended respite is filed for a per diem rate. A minimum of eight (8) hours must be provided in the member's home.

**(3) Adult day health (ADH) care.**

(A) ADH is furnished on a ~~regularly scheduled~~ regularly scheduled basis for one (1) or more days per week in an outpatient setting. It provides both health and social services

necessary to ensure the member's optimal functioning. Most assistance with activities of daily living (ADLs), such as eating, mobility, toileting, and nail care are integral ~~services~~ to the ADH care service and are covered by the ADH care basic reimbursement rate.

(B) ADH care is a fifteen (15) minute unit of service. No more than eight (8) hours, [thirty-two (32) units] are authorized per day. The number of units of service a member may receive is limited to the number of units approved on the member's approved service plan.

(C) Physical, occupational, and speech therapies are only provided as an enhancement to the basic ADH care service when authorized by the service plan and are billed as a separate procedure. ADH care therapy enhancement is a maximum of one (1) session unit per day of service.

(D) Meals provided as part of this service do not constitute a full nutritional regimen. One (1) meal, that contains at least one-third (1/3) of the current daily dietary recommended intake (DRI), as established by the Food and Nutrition Board of the National Academies of Sciences, Engineering, and Medicine, is provided to those participants who are in the center for four (4) or more hours per day; and does not constitute a full nutritional regimen. Member's access to food at any time must also be available in addition to the required meal and is consistent with an individual not receiving Medicaid-funded services and supports.

(E) ~~Personal care~~ Personal care service enhancement in ADH is assistance in bathing, hair care, or laundry service, authorized by the person-centered service plan and billed as separate procedures. This service is authorized when an ADvantage waiver member who uses ADH requires assistance with bathing, hair care, or laundry to maintain health and safety. Assistance with bathing, hair care, or laundry ~~service~~ is not a usual and customary ADH care service. ADH personal care enhancement is a maximum of one (1) unit per day of bathing, hair care, or laundry service.

(F) OKDHS Home and Community-Based Services (HCBS) waiver settings have qualities defined in Home and Community-Based Services: Waiver Requirements, 42 Code of Federal Regulations, Section (§) 441.301 (c)(4) based on the individual's needs, defined in the member's authorized service plan.

(i) The ADH center is integrated and supports full access of ADvantage members to the greater community, including opportunities to:

- (I) Seek employment and work in competitive integrated ADH Center, not a requirement for persons that are retirement age;
- (II) Engage in community life;
- (III) Control personal resources; and
- (IV) Receive services in the community, to the same degree as individuals not receiving ADvantage Program or other Medicaid HBCS waiver services.

(ii) The ADH is selected by the member from all available service options and given the opportunity to visit and understand the options.

(iv) The ADH optimizes the member's initiative, autonomy, and independence in making life choices including, but not limited to:

- (I) Daily activities;
- (II) The physical environment; and

(III) Social interactions.

(vi) Each member has the freedom and support to control his or her own schedules, activities, and access to food at any time.

(vii) Each member may have visitors whenever he or she chooses.

(viii) The ADH center is physically accessible to the member.

(G) ADH centers that are presumed not to be HCBS settings per 42 C.F.R. § 441.301(c)(5)(v) include, ADH centers:

(i) ~~in~~In a publicly- or privately-owned facility providing inpatient treatment;

(ii) ~~on~~On the grounds of or adjacent to a public institution; and

(H) When the ADH is presumed not HCBS, according to 42 C.F.R. § 441.301(c)(5)(v), it may be subject to heightened scrutiny by AA, the Oklahoma Health Care Authority (OHCA), and the Centers for Medicare and Medicaid Services (CMS). The ADH must provide evidence that the ADH portion of the facility has clear administrative, financial, programmatic, and environmental distinctions from the institution and comply with additional monitoring by the AA.

**(4) Environmental modifications.**

(A) Environmental modifications are physical adaptations to the home, required by the member's person-centered service plan that are necessary to ensure the member's health, welfare, and safety or enable the member to function with greater independence in the home, and that without such, the member would require institutionalization. Adaptations or improvements to the home ~~but~~ not of direct medical or remedial benefit to the waiver member are excluded.

(B) All services require prior authorization.

**(5) Specialized medical equipment and supplies.**

(A) Specialized medical equipment and supplies are devices, controls, or appliances specified in the person-centered service plan that enable members to increase their abilities to perform ADLs, or to perceive, control, or communicate with the environment in which they live. Necessary items for life support, ancillary supplies, and equipment necessary for the proper functioning of such items, and durable and non-durable medical equipment not available under the Oklahoma Medicaid State Plan are also included. This service excludes any equipment ~~and/or~~ supply items not of direct medical or remedial benefit to the waiver member and necessary to prevent institutionalization.

(B) Specialized medical equipment and supplies are billed using the appropriate HealthCare Common Procedure Code (HCPC). Reoccurring supplies shipped and delivered to the member are compensable only when the member remains eligible for waiver services, continues to reside in the home, and is not institutionalized in a hospital, skilled nursing facility, or nursing home. It is the provider's responsibility to verify the member's status prior to shipping and delivering these items. Payment for medical supplies is limited to the SoonerCare (Medicaid) rate when established, to the Medicare rate, or to actual acquisition cost, plus thirty percent (30%). All services must have prior authorization.

**(6) Advanced supportive/restorative assistance.**

(A) Advanced supportive/restorative assistance services are maintenance services used to assist a member who has a chronic, yet stable condition. These services assist with ADLs that require devices and procedures related to altered body functions. These services are for maintenance only and are not utilized as treatment services.

(B) Advanced supportive/restorative assistance service is billed per fifteen (15) minute unit of service. The number of units of service a member may receive is limited to the number of units approved on the person-centered service plan.

**(7) Nursing.**

(A) Nursing services are services listed in the person-centered service plan that are within the scope of the state's Nurse Practice Act. These services are provided by a registered nurse (RN), a licensed practical nurse (LPN), or a licensed vocational nurse (LVN) under the supervision of an RN licensed to practice and in good standing in the state in which services are provided. Nursing services may be provided on an intermittent or part-time basis or may be comprised of continuous care. The provision of the nursing service works to prevent or postpone the institutionalization of the member.

(B) Nursing services are services of a maintenance or preventative nature provided to members with stable, chronic conditions. These services are not intended to treat an acute health condition and may not include services reimbursable under either the Medicaid or Medicare home health program. This service primarily provides nurse supervision to the personal care assistant or to the advanced supportive/restorative assistance aide and assesses the member's health and prescribed medical services to ensure they meet the member's needs as specified in the person-centered service plan. A nursing assessment/evaluation, on-site visit is made to each member, with additional visits for members with advanced supportive/restorative assistance services authorized to evaluate the condition of the member and medical appropriateness of services. An assessment/evaluation report is forwarded to the ADvantage program case manager and the skilled nurse in accordance with review schedule determined between the case manager and the skilled nurse and outlined in the member's person-centered service plan, to report the member's condition or other significant information concerning each ADvantage member.

(i) The ADvantage program case manager may recommend authorization of nursing services as part of the interdisciplinary team planning for the member's person-centered service plan and/or assessment/evaluation of the:

Skills training, including return skills demonstration to establish competency, to the member, family, or other informal caregivers as specified in the person-centered service plan for preventive and rehabilitative care procedures are also provided.

(C) Nursing service includes interdisciplinary team planning and recommendations for the member's person-centered service plan development and/or assessment/evaluation or for other services within the scope of the nurse's license, including private duty nursing. Nursing services are billed per fifteen (15) minute unit of service. A specific procedure code is used to bill for interdisciplinary team planning and recommendations for the member's person-centered service plan, but other procedure codes may be used to bill for all other authorized nursing services. A maximum of eight (8) units [two (2) hours], per day of nursing for service plan development and assessment evaluation are allowed. An agreement by a provider to perform a nurse evaluation is also an agreement to provide the Medicaid in-home care services for which the provider is certified and contracted. Reimbursement for a nurse evaluation is denied when the provider that produced the nurse evaluation fails to provide the nurse assessment identified in the Medicaid in-home care services for which the provider is certified and contracted.

**(8) Skilled nursing services.**

(A) Skilled nursing services are listed in the person-centered service plan, ~~that are~~ within the state's Nurse Practice Act scope, ~~of the state's Nurse Practice Act~~ and are ordered by a licensed physician, osteopathic physician, physician assistant, or ~~an~~ advanced practice nurse, and are provided by an RN, LPN, or LVN under the supervision of an RN, licensed to practice and in good standing in the state ~~in which~~ where services are provided. Skilled nursing services provided in the member's home or other community setting are services requiring the specialized skills of a licensed nurse. The scope and nature of these services are intended for treatment of a disease or a medical condition and are beyond the scope of ADvantage nursing services. These intermittent nursing services are targeted toward a prescribed treatment or procedure that must be performed at a specific time or other predictable rate of occurrence. The RN contacts the member's physician to obtain necessary information or orders pertaining to the member's care. When the member has an ongoing need for service activities requiring more or less units than authorized, the RN must recommend, in writing, that the service plan be revised.

(B) Skilled nursing services are provided on an intermittent or part-time basis, and billed per fifteen (15) minute unit of service. Skilled nursing services are provided when nursing services are not available through Medicare or other sources or when SoonerCare plan

Each meal must have a nutritional content equal to at least one-third (1/3) of the dietary reference intakes as established by the Food and Nutrition Board of the National Academies of Sciences, Engineering and Medicine. Home-delivered meals are only provided to members who are unable to prepare meals and lack an informal provider to do meal preparation.

(B) Home-delivered meals are billed per meal, with one (1) meal equaling one (1) unit of service. The limit of the number of units a member is allowed to receive is in accordance with the member's person-centered service plan. The provider must obtain a signature from the member or the member's representative at the time the meal is delivered. In the event the member is temporarily unavailable, such as at a doctor's appointment, and the meal is left at the member's home, the provider must document the reason a signature was not obtained. The signature logs must be available for review.

**(10) Occupational therapy services.**

(A) Occupational therapy services are services that increase functional independence by enhancing the development of adaptive skills and performance capacities of members with physical disabilities and related psychological and cognitive impairments. Services are provided in the member's home and are intended to help the member achieve greater independence, enabling him or her to reside and participate in the community. Treatment involves the therapeutic use of self-care, work, and play activities, and may include modification of the tasks or environment to enable the member to achieve maximum independence, prevent further disability, and maintain health. Under a physician's order, a licensed occupational therapist evaluates the member's rehabilitation potential and develops an appropriate written, therapeutic regimen. The regimen utilizes paraprofessional, occupational therapy assistant services, within the limitations of his or her practice, working under the supervision of a licensed occupational therapist. The regimen includes education and training for informal caregivers to assist with and/or maintain services when appropriate. The occupational therapist ensures monitoring and documentation of the member's rehabilitative progress and reports to the member's case manager and physician to coordinate the necessary addition or deletion of services, based on the member's condition and ongoing rehabilitation potential.

Under a physician's order, a licensed physical therapist evaluates the member's rehabilitation potential and develops an appropriate, written, therapeutic regimen. Under the Oklahoma Physical Therapy Practice Act, a physical therapist may

evaluate a member's rehabilitation potential and develop and implement an appropriate, written, therapeutic regimen without a referral from a licensed health care practitioner for a period not to exceed thirty (30) calendar days. Any treatment required after the thirty (30) calendar day period requires a prescription from a physician or the physician's assistant of the licensee. The regimen utilizes paraprofessional physical therapy assistant services, within the limitations of his or her practice, working under the licensed physical therapist's supervision ~~of the licensed physical therapist~~. The regimen includes education and training for informal caregivers to assist with and/or maintain services when appropriate. The licensed physical therapist ensures monitoring and documentation of the member's rehabilitative progress and reports to the member's case manager and physician to coordinate the necessary addition or deletion of services, based on the member's condition and ongoing rehabilitation potential.

**(13) Hospice services.**

(A) Hospice services are palliative and comfort care provided to the member and his or her family when a physician certifies the member has a terminal illness, with a life expectancy of six (6) months or less, and orders hospice care. ADvantage hospice care is authorized for a six (6) month period and requires physician certification of a terminal illness and orders of hospice care. When the member requires more than six (6) months of hospice care, a physician or nurse practitioner must have a face-to-face visit with the member thirty (30) calendar days prior to the initial hospice authorization end-date, and re-certify that the member has a terminal illness, has six (6) months or less to live, and orders additional hospice care. After the initial authorization period, additional periods of ADvantage hospice may be authorized for a maximum of sixty (60) calendar day

The member signs a statement choosing hospice care instead of routine medical care with the objective to treat and cure the member's illness. Once the member has elected hospice care, the hospice medical team assumes responsibility for the member's medical care for the illness in the home environment. Hospice care services include nursing care, physician services, medical equipment and supplies, drugs for symptom and pain relief, home health aide and personal care services, physical, occupational and speech therapies, medical social services, dietary counseling, and grief and bereavement counseling to the member and/or the member's family.

(C) A hospice person-centered service plan must be developed by the hospice team in conjunction with the member's ADvantage case manager before hospice services are provided. The hospice services must be related to the palliation or management of the member's terminal illness, symptom control, or to enable the member to maintain ADL and basic functional skills. A member who is eligible for Medicare hospice provided as a Medicare Part A benefit, is not eligible to receive ADvantage hospice services.

(D) Hospice services are billed per diem of service for days covered by a hospice person-centered service plan and while the hospice provider is responsible for providing hospice services as needed by the member or member's family. The maximum total annual reimbursement for a member's hospice care within a twelve (12) month period is limited to an amount equivalent to eighty-five percent (85%) of the Medicare hospice cap payment, and must be authorized on the member's person-centered service plan.

PERS is connected to the person's phone and programmed to signal, per member preference, a friend, relative, or a response center, once the "help" button is

activated. For an ADvantage member to be eligible for PERS service, the member must meet all of the service criteria in (i) through (vi). The member:

- (C) An APSA provides assistance with ADLs to a member with a stable, chronic condition, when such assistance requires devices and procedures related to altered body function if such activities, in the opinion of the attending physician or licensed nurse, may be performed if the member were physically capable, and the procedure may be safely performed in the home. Services provided by the APSA are maintenance services and are never used as therapeutic treatment. Members who develop medical complications requiring skilled nursing services while receiving APSA services are referred to his or her attending physician, who may order home health services, as appropriate. APSA includes assistance with health maintenance activities that may include:
- (i) Routine personal care for persons with ostomies, including tracheotomies, gastrostomies, and colostomies with well-healed stoma, external, indwelling, and suprapubic catheters that include changing bags and soap and water hygiene around the ostomy or catheter site;

(F) The APSA service is billed per fifteen (15) minute unit of service. The number of units of APSA a member may receive is limited to the number of units approved on the person-centered service plan.

(17) ~~Institutional~~Institution transition services.

(A) ~~Institutional~~Institution transition services are those services necessary to enable a member to leave the institution and receive necessary support through ADvantage waiver services in his or her home and community.

(B) Transitional case management services are services per OAC 317:30-5-763(1) required by the member and included on the member's person-centered service plan that are necessary to ensure the member's health, welfare, and safety, or to enable the member to function with greater independence in the home, and without which, the member would continue to require institutionalization. ADvantage transitional case management services assist institutionalized members who are eligible to receive ADvantage services in gaining access to needed waiver and other State Plan services, as well as needed medical, social, educational, and other services to assist in the transition, regardless of the funding source for the services to which access is gained. Transitional case management services may be authorized for periodic monitoring of an ADvantage member's progress during an institutional stay and for assisting the member to transition from institution to home by updating the person-centered service plan, including necessary ~~institutional~~institution transition services to prepare services and supports to be in place or to start on the date the member is discharged from the institution. Transitional case management services may be authorized to assist individuals that have not previously received ADvantage services, but were referred by **OKDHS ASCAP** to the case management provider for assistance in transitioning from the institution to the community with ADvantage services support.

(i) ~~Institutional~~Institution transition case management services are prior authorized and billed per fifteen (15) minute unit of service using the appropriate HCPC procedure code and modifier associated with the location of residence of the member served, per OAC 317:30-5-763(1)~~(C)~~-(D).

- (ii) A unique modifier code is used to distinguish institution transitional case management services from regular case management services.
- (C) ~~Institutional~~Institution transition services may be authorized and reimbursed, per the conditions in (i) through (iv).
  - (i) The service is necessary to enable the member to move from the institution to his or her home.
  - (ii) The member is eligible to receive ADvantage services outside of the institutional setting.
  - (iii) ~~Institutional~~Institution transition services are provided to the member within one-hundred and eighty (180) calendar-days of discharge from the institution.
  - (iv) Services provided while the member is in the institution are claimed as delivered on the day of discharge from the institution.
- (D) When the member receives ~~institutional~~institution transition services but fails to enter the waiver, any ~~institutional~~institution transition services provided are not reimbursable.
- (18) **Assisted living services (ALS).**
  - (A) ALS are personal care and supportive services furnished to waiver members who reside in a homelike, non-institutional setting that includes twenty-four (24) hour on-site response capability to meet scheduled or unpredictable member needs and to provide supervision, safety, and security. Services also include social and recreational programming and medication assistance, to the extent permitted under State law. The ALS provider is responsible for coordinating services provided by third parties to ADvantage members in the assisted living center (ALC). Nursing services are incidental rather than integral to the provision of ALS. ADvantage reimbursement for ALS includes services of personal care, housekeeping, laundry, meal preparation, periodic nursing evaluations, nursing supervision during nursing intervention, intermittent or unscheduled nursing care, medication administration, assistance with cognitive orientation, assistance with transfer and ambulation, planned programs for socialization, activities, and exercise, and for arranging or coordinating transportation to and from medical appointments. Services, except for planned programs for socialization, activities, and exercise, are to meet the member's specific needs as determined through the individualized assessment and documented on the member's person-centered service plan.
  - (B) The ADvantage ALS philosophy of service delivery promotes member choice, and to the greatest extent possible, member control. A member has control over his or her living space and his or her choice of personal amenities, furnishings, and activities in the residence. The ADvantage member must have the freedom to control his or her schedule and activities. The ALS provider's documented operating philosophy, including policies and procedures, must reflect and support the principles and values associated with the ADvantage assisted living philosophy and approach to service delivery emphasizing member dignity, privacy, individuality, and independence.
  - (C) ADvantage ALS required policies for admission and termination of services and definitions.
    - (i) ADvantage-certified assisted living centers (ALC) are required to accept all eligible ADvantage members who choose to receive services through the ALC, subject only to issues relating to, one (1) or more of the following:
      - (I) Rental unit availability;
      - (II) The member's compatibility with other residents;

- (III) The center's ability to accommodate residents who have behavior problems, wander, or have needs that exceed the services the center provides; or
  - (IV) Restrictions initiated by statutory limitations.
- (ii) The ALC may specify the number of units the provider is making available to service ADvantage members. At minimum, the ALC must designate ten (10) residential units for ADvantage members. Residential units designated for ADvantage may be used for other residents at the ALC when there are no pending ADvantage members for those units. Exceptions may be requested in writing subject to the approval of AA.
- (iii) Mild or moderate cognitive impairment of the applicant is not a justifiable reason to deny ALC admission. Centers are required to specify whether they are able to accommodate members who have behavior problems or wander. Denial of admission due to a determination of incompatibility must be approved by the case manager and the AA. Appropriateness of placement is not a unilateral determination by the ALC. The ADvantage case manager, the member, or member's designated representative, and the ALC in consultation determine the appropriateness of placement.
- (iv) The ALC is responsible for meeting the member's needs for privacy, dignity, respect, and freedom from coercion and restraint. The ALC must optimize the member's initiative, autonomy, and independence in making life choices. The ALC must facilitate member choices regarding services and supports, and who provides them. Inability to meet those needs is not recognized as a reason for determining an ADvantage member's placement is inappropriate. The ALC agrees to provide or arrange and coordinate all-of-the services listed in the Oklahoma State Department of Health (OSDH) regulations, per OAC 310:663-3-3, except for specialized services.
- (v) In addition, the ADvantage participating ALC agrees to provide or coordinate the services listed in (I) through (III).
- (I) Provide an emergency call system for each participating ADvantage member.
  - (II) Provide up to three (3) meals per day plus snacks sufficient to meet nutritional requirements, including modified special diets, appropriate to the member's needs and choices; and provide members with twenty-four (24) hour access to food by giving members control in the selection of the foods they eat, by allowing the member to store personal food in his or her room, by allowing the member to prepare and eat food in his or her room, and allowing him or her to decide when to eat.
  - (III) Arrange or coordinate transportation to and from medical appointments. The ALC must assist the member with accessing transportation for integration into the community, including opportunities to seek employment and work in competitive integrated settings, engage in community life, and control his or her personal resources and receive services in the community to the same degree of access as residents not receiving ADvantage services.
- (vi) The provider may offer any specialized service or rental unit for members with Alzheimer's disease and related dementias, physical disabilities, or other special needs the facility intends to market. Heightened scrutiny, through additional monitoring of the ALC by AA, is utilized for those ALC's that also provide inpatient treatment; settings on the grounds of or adjacent to a public institution and/or other

settings that tend to isolate individuals from the community. The ALC must include evidence that the ALC portion of the facility has clear administrative, financial, programmatic and environmental distinctions from the institution.

(vii) When the provider arranges and coordinates services for members, the provider is obligated to ensure the provision of those services.

(viii) Per OAC 310:663-1-2, "personal care" is defined as "assistance with meals, dressing, movement, bathing or other personal needs or maintenance, or general supervision of the physical and mental well-being of a person [Title 63 of the Oklahoma Statutes (O.S.), Section (§) 1-1902.17] and includes assistance with toileting." For ADvantage ALS, assistance with "other personal needs" in this definition includes assistance with grooming and transferring. The term "assistance" is clarified to mean hands-on help, in addition to supervision.

(ix) The specific ALS assistance provided along with amount and duration of each type of assistance is based upon the member's assessed need for service assistance and is specified in the ALC's service plan that is incorporated as supplemental detail into the ADvantage comprehensive person-centered service plan. The ADvantage case manager in cooperation with ALC professional staff, develops the person-centered service plan to meet member needs. As member needs change, the person-centered service plan is amended consistent with the assessed, documented need for change in services.

(x) Placement, or continued placement of an ADvantage member in an ALC, is inappropriate when any one (1) or more of the conditions in I through IV exist.

(I) The member's needs exceed the level of services the center provides. Documentation must support ALC efforts to provide or arrange for the required services to accommodate participant needs.

(II) The member exhibits behaviors or actions that repeatedly and substantially interfere with the rights or well-being of other residents, and the ALC documented efforts to resolve behavior problems including medical, behavioral, and increased staffing interventions. Documentation must support the ALC's attempted interventions to resolve behavior problems.

(III) The member has a complex, unstable, or unpredictable medical condition and treatment cannot be developed and implemented appropriately in the assisted living environment. Documentation must support the ALC's attempts to obtain appropriate member care.

(IV) The member fails to pay room and board charges ~~and/or~~ or OKDHS determined vendor payment obligation.

(xi) Termination of residence ensues when inappropriately placed. Once a determination is made that a member is inappropriately placed, the ALC must inform the member, the member's representative, if applicable, the AA, and the member's ADvantage case manager. The ALC must develop a discharge plan in consultation with the member, the member's representative, the ADvantage case manager, and the AA. The ALC and case manager must ensure the discharge plan includes strategies for providing increased services, when appropriate, to minimize risk and meet the higher care needs of members transitioning out of the ALC, when the reason for discharge is inability to meet member needs. When voluntary termination of residency is not arranged, the ALC must provide written notice to the member and

to the member's representative, with a copy to the member's ADvantage case manager and the AA. The written notice provides intent to terminate the residency agreement and move the member to an appropriate care provider. The thirty (30) calendar-day requirement must not apply when emergency termination of the residency agreement is mandated by the member's immediate health needs or when the termination of the residency agreement is necessary for the physical safety of the member or other ALC residents. The written involuntary termination of residency notice for reasons of inappropriate placement must include:

- (I) A full explanation of the reasons for the termination of residency;
  - (II) The notice date;
  - (III) The date notice was given to the member and the member's representative, the ADvantage case manager, and the AA;
  - (IV) The date the member must leave ALC; and
  - (V) Notification of appeal rights and the process for submitting appeal of termination of Medicaid ALS to OHCA.
- (D) ADvantage ALS provider standards in addition to licensure standards.
- (i) **Physical environment.**
    - (I) The ALC must provide lockable doors on the entry door of each rental unit and an attached, lockable compartment within each member unit for valuables. Members must have exclusive rights to his or her unit with lockable doors at the entrance of the individual or shared rental unit. Keys to rooms may be held by only appropriate ALC staff as designated by the member's choice. Rental units may be shared only when a request to do so is initiated by the member. Members must be given the right to choose his or her roommate.
    - (II) The member has a legally enforceable agreement, or lease, with the ALC. The member must have the same responsibilities and protections from eviction as all tenants under the landlord-tenant law of the state, county, city, or other designated entity.
    - (III) The ALC must provide each rental unit with a means for each member to control the temperature in the residential unit through the use of a damper, register, thermostat, or other reasonable means under the control of the member and that preserves privacy, independence, and safety, provided that the OSDH may approve an alternate means based on documentation that the design of the temperature control is appropriate to the special needs of each member who has an alternate temperature control.
    - (IV) For ALCs built prior to January 1, 2008, each ALC individual residential unit must have a minimum total living space, including closets and storage areas, of two-hundred and fifty (250) square feet; for ALCs built after December 31, 2007, each ALC individual residential unit must have a minimum total living space, including closets and storage areas, of three-hundred and sixty (360) square feet.

The member must have the freedom to furnish and decorate the rental unit within the scope of the lease or residency agreement.

**SUBCHAPTER 17. ADVANTAGE WAIVER SERVICES**

**317:35-17-3. ADvantage program services**

(a) The ADvantage program is a Medicaid Home and Community-Based waiver used to finance non-institutional, long-term care services for the elderly and a targeted group of physically disabled adults when there is a reasonable expectation that within a thirty (30) calendar day period, the person's health, due to disease process or disability, would without appropriate services, deteriorate and require long-term care (LTC) facility care to arrest the deterioration. Individuals may not be enrolled in ADvantage for the sole purpose of enabling them to obtain Medicaid eligibility. Eligibility for ADvantage program services is contingent on an individual requiring one (1) or more of the services offered in the waiver, at least monthly, to avoid institutionalization.

(b) The number of individuals who may receive ADvantage services is limited.

(1) To receive ADvantage program services, individuals must meet one of ~~the categories~~ the categories in (A) ~~through~~ (D) of this paragraph. He or she must:

(A) Be sixty-five (65) years of age ~~and~~ or older; or

(B) Be twenty-one (21) to sixty-four (64) years of age, physically disabled and not developmentally disabled; or

(C) When developmentally disabled, and twenty-one (21) to sixty-four (64) years of age; and does not have an intellectual disability or a cognitive impairment related to the developmental disability; or

(D) Be twenty-one (21) to sixty-four (64) years of age, not physically disabled but has clinically documented, progressive, degenerative disease process that responds to treatment and previously required hospital or LTC facility level of care services to maintain the treatment regimen to prevent health deterioration.

(2) In addition, the individual must meet criteria in (A) through (C) of this paragraph. He or she must:

(C) Meet program eligibility criteria, per OAC 317:35-17-3(g).

(c) ADvantage members are eligible for limited types of living arrangements. The specific living arrangements are set forth in (1) ~~through~~ (5) of this subsection.

(1) ADvantage program members are not eligible to receive services while residing in an unlicensed institutional living arrangement, such as a room and board home ~~and/or~~ or facility; an institutional setting including, but not limited to, licensed facilities, such as a hospital, a LTC facility, licensed residential care facility, or licensed assisted living facility, unless the facility is an ADvantage assisted living center.

(2) Additional living arrangements in which members may receive ADvantage services are the member's own home, apartment, or independent-living apartment, or a family or friend's home or apartment. A ~~home/apartment~~ home or apartment unit is defined as a self-contained living space having a lockable entrance to the unit and including a bathroom, ~~and~~ and food storage ~~and/or~~ and preparation amenities in addition to the bedroom ~~and/or~~ or living space.

(3) ADvantage program members may receive services in a shelter or similar temporary-housing arrangement that may or may not meet the definition of home ~~and/or~~ apartment in emergency situations, for a period not to exceed sixty (60) calendar days during which location and transition to permanent housing is sought.

(4) For ADvantage members who are full-time students, a dormitory room qualifies as an allowable living arrangement in which to receive ADvantage services while the member is a student.

(5) Members may receive ADvantage respite services in an LTC facility for a continuous period not to exceed thirty (30) calendar days.

(d) Home and Community-Based waiver services are outside of the scope of Medicaid State Plan services. B. 1., and without such services would be institutionalized. The estimated cost of providing an individual's care outside of the LTC facility cannot exceed the annual cost of caring for that individual in ~~an~~ a LTC facility. When determining the ADvantage service plan cost cap for an individual, the comparable ~~SoonerCare~~ Medicaid cost to serve that individual in ~~an~~ a LTC facility is estimated.

(e) Services provided through the ADvantage waiver are:

- (1) Case management;
- (2) Respite;
- (3) Adult day health care;
- (4) Environmental modifications;
- (5) Specialized medical equipment and supplies;

When a member's identified needs cannot be met through provision of the ADvantage program or Medicaid State Plan services and other formal or informal services are not in place or immediately available to meet those needs, the individual's health, safety, or welfare in his or her home cannot be ensured. The ADvantage Administration (AA) determines ADvantage program eligibility through the service plan approval process. As a part of the procedures requesting redetermination of program eligibility, ~~OKDHS~~ ASCAP provides technical assistance to the provider for transitioning the individual to other services.

**TITLE 317. OKLAHOMA HEALTH CARE AUTHORITY  
CHAPTER 30. MEDICAL PROVIDERS-FEE FOR SERVICE**

**SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES**

**PART 1. PHYSICIANS**

**317:30-5-20. Laboratory services**

~~This Section covers the guidelines for payment of laboratory services by a provider in his/her office, a certified laboratory and for a pathologist's interpretation of laboratory procedures.~~

~~(1) **Compensable services.** Providers may be reimbursed for compensable clinical diagnostic laboratory services only when they personally perform or supervise the performance of the test. If a provider refers specimen to a certified laboratory or a hospital laboratory serving outpatients, the certified laboratory or the hospital must bill for performing the test.~~

~~(A) Reimbursement for lab services is made in accordance with the Clinical Laboratory Improvement Amendment of 1988 (CLIA). These regulations provide that payment may be made only for services furnished by a laboratory that meets CLIA conditions, including those furnished in physicians' offices. Eligible providers must be certified under the CLIA program and have obtained a CLIA ID number from Centers for Medicare and Medicaid Services and have a current contract on file with the Oklahoma Health Care Authority (OHCA). Providers performing laboratory services must have the appropriate CLIA certification specific to the level of testing performed.~~

~~(B) Only medically necessary laboratory services are compensable.~~

~~(i) Testing must be medically indicated as evidenced by patient specific indications in the medical record.~~

~~(ii) Testing is only compensable if the results will affect patient care and are performed to diagnose conditions and illnesses with specific symptoms.~~

~~(iii) Testing is only compensable if the services are performed in furtherance of the diagnosis and/or treatment of conditions that are covered under SoonerCare.~~

~~(C) Laboratory testing must be ordered by the physician or non-physician provider, and must be individualized to the patient and the patient's medical history or assessment indicators as evidenced in the medical documentation.~~

~~(D) Laboratory testing for routine diagnostic or screening tests following clinical guidelines such as those found in the American Academy of Pediatrics (AAP) Bright Futures' periodicity schedule, the United States Preventive Services Task Force (USPSTF) A and B recommendations, the American Academy of Family Practitioners (AAFP), or other nationally recognized medical professional academy or society standards of care, is compensable. Additionally, such sources as named in this subdivision should meet medical necessity criteria as outlined in Oklahoma Administrative Code (OAC) 317:30-3-1(f).~~

~~(2) **Non-compensable laboratory services.**~~

~~(A) Laboratory testing for routine diagnostic or screening tests not supported by the clinical guidelines of a nationally recognized medical professional academy or society standard of care, and/or testing that is performed without apparent relationship to treatment or diagnosis of a specific illness, symptom, complaint or injury is not covered.~~

~~(B) Non-specific, blanket panel or standing orders for laboratory testing, or lab panels which have no impact on the patient's plan of care are not covered.~~

~~(C) Split billing, or dividing the billed services for the same patient for the same date of service by the same rendering laboratory into two (2) or more claims is not allowed.~~

~~(D) Separate payment is not made for blood specimens obtained by, arterial puncture, or urine specimens collected by a provider who is also performing the laboratory testing as these services are considered part of the laboratory analysis. These services are considered part of the laboratory analysis.~~

~~(E) Claims for inpatient full service laboratory procedures are not covered since this is considered a part of the hospital rate.~~

~~(F) Billing multiple units of nucleic acid detection for individual infectious organisms when testing for more than one (1) infectious organism in a specimen is not permissible. Instead, OHCA considers it appropriate to bill a single unit of a procedure code indicated for multiple organism testing.~~

~~(G) Billing multiple Current Procedural Terminology (CPT) codes or units for molecular pathology tests that examine multiple genes or incorporate multiple types of genetic analysis in a single run or report is not permissible. Instead, OHCA considers it appropriate to bill a single CPT code for such test. If an appropriate code does not exist, then one (1) unit for an unlisted molecular pathology procedure may be billed.~~

~~(3) **Covered services by a pathologist.**~~

~~(A) A pathologist may be paid for the interpretation of inpatient surgical pathology specimen when the appropriate CPT procedure code and modifier is used.~~

~~(B) Full service or interpretation of surgical pathology for outpatient surgery performed in an outpatient hospital or ambulatory surgery center setting.~~

~~(4) **Non-compensable services by a pathologist.** The following are non compensable pathologist services:~~

~~(A) Experimental or investigational procedures. For more information regarding experimental or investigational including clinical trials, see OAC 317:30-3-57.1.~~

~~(B) Interpretation of clinical laboratory procedures.~~

For laboratory policies please refer to Part 7, Laboratories (Independent, Physician, And Hospital), of this Chapter.

**317:30-5-20.1. Drug screening and testing**

~~(a) **Purpose.** Drug Testing is performed for undisclosed drug use and/or abuse, and to verify compliance with treatment. Testing for drugs of abuse to monitor treatment compliance should be included in the treatment plan for pain management when chronic opioid therapy is involved.~~

~~(1) Qualitative (presumptive) drug testing may be used to determine the presence or absence of a drug or drug metabolite in the sample and is expressed as a positive or negative result. Qualitative testing can be performed by a CLIA waived or moderate complexity test, or by a high complexity testing method.~~

~~(2) Quantitative (definitive) drug testing is specific to the drug or metabolite being tested and is expressed as a numeric result or numeric level which verifies concentration.~~

~~(3) Specimen validity testing is used to determine if a specimen has been diluted, adulterated or substituted. Specimen validity tests include, but are not limited to, creatinine, oxidants, specific gravity, urine pH, nitrates and alkaloids.~~

~~(b) **Eligible providers.** Providers performing drug testing should have CLIA certification specific to the level of testing performed as described in 317:30-5-20(1)(A).~~

~~(c) **Compensable services.** Drug testing must be ordered by the physician or non-physician provider and must be individualized to the patient and the patient's medical history or assessment indicators as evidenced in the medical documentation.~~

~~(1) Compensable testing must be medically indicated as evidenced by patient specific indications in the medical record.~~

~~(A) Testing is only compensable if the results will affect patient care.~~

~~(B) Drugs or drug classes being tested should reflect only those likely to be present.~~

~~(2) The frequency of drug screening and/or testing is determined by the patient's history, patient's physical assessment, behavioral assessment, risk assessment, treatment plan and medication history.~~

~~(3) Quantitative (definitive) drug testing may be indicated for the following:~~

~~(A) To identify a specific substance or metabolite that is inadequately detected or undetectable by a qualitative (presumptive) test; or~~

~~(B) To definitively identify specific drugs in a large family of drugs; or~~

~~(C) To identify drugs when a definitive concentration of a drug is needed to guide management; or~~

~~(D) To identify a negative, or confirm a positive, qualitative (presumptive) result that is inconsistent with a patient's self report, presentation, medical history or current prescribed medication plan; or~~

~~(E) To identify a non-prescribed medication or illicit use for ongoing safe prescribing of controlled substances.~~

~~(d) **Non-compensable services.** The following tests are not medically necessary and therefore not covered by the OHCA:~~

~~(1) Specimen validity testing is considered a quality control measure and is not separately compensable;~~

~~(2) Drug testing for patient sample sources of saliva, oral fluids, or hair;~~

~~(3) Testing of two different specimen types (urine and blood) from the same patient on the same date of service;~~

~~(4) Drug testing for medico-legal purposes (court ordered drug screening) or for employment purposes;~~

~~(5) Non-specific, blanket panel or standing orders for drug testing, routine testing of therapeutic drug levels, or drug panels which have no impact to the member's plan of care;~~

~~(7) Reflex testing for any drug is not medically indicated without specific documented indications;~~

~~(8) Confirmatory testing exceeding three specific drug classes at an interval of greater than every thirty (30) days will require specific documentation in the medical record to justify the medical necessity of testing; and~~

~~(9) Quantitative (definitive) testing of multiple drug levels that are not specific to the patient's medical history and presentation are not allowed. Justification for testing for each individual drug or drug class level must be medically indicated as reflected in the medical record documentation.~~

~~(e) **Documentation requirements.** The medical record must contain documents to support the medical necessity of drug screening and/or testing. Medical records must be furnished on request and may include, but are not limited to, the following:~~

- ~~(1) A current treatment plan;~~
- ~~(2) Patient history and physical;~~
- ~~(3) Review of previous medical records if treated by a different physician for pain management;~~
- ~~(4) Review of all radiographs and/or laboratory studies pertinent to the patient's condition;~~
- ~~(5) Opioid agreement and informed consent of drug testing, as applicable;~~

~~(b) **Medical necessity.**~~

- ~~(1) PCR testing for infectious diseases, following clinical guidelines such as those set forth by the Infectious Disease Society of America's (IDSA) or other nationally recognized medical professional academy or society standards of care, may be compensable.~~

~~(5) Documentation requirements for lab developed tests/protocols include diagnostic test/assay, lab manufacturer, names of comparable assays/services (if relevant), descriptions of assay, analytical validity evidence, clinical validity evidence, and clinical utility.~~

~~(6) Billing providers are required to code specificity; however, if an unlisted or not otherwise specified Current Procedural Terminology (CPT) code is used, the documentation must clearly identify the unique procedure performed. When multiple procedure codes are submitted (unique, unlisted, and/or not otherwise specified), the documentation supporting each code should be easily identifiable. If on review the billed code cannot be linked to the documentation, this service may be denied.~~

~~(7) When the documentation does not meet the criteria for the service rendered/requested or the documentation does not establish the medical necessity for the service, the service may be denied as not reasonable and necessary.~~

Without prior authorization, payment is not authorized.

~~(c) Covered SUD treatment services for adolescents and adults in SUD residential treatment shall be reimbursed utilizing the per diem rates for each level of care.~~ Separate payment may be made for medications, physician services, and treatment services provided to dependent children in accordance with the Oklahoma Medicaid State Plan. Separate payment for such services will follow existing prior authorization requirements, if applicable.

- (d) Ambulance Transportation to a Veteran's Administration (VA) Hospital is covered when the trip has not been authorized by the VA.
- (e) If ambulance transportation is provided out of the transport locality, the claim must be documented with the reason for the transport outside of the service area.
- (f) If it is determined the member was transported out of locality and the closest facility could have cared for the member, payment will be made only for the distance to the nearest medical institution with the appropriate facilities.
- (g) Any transportation which begins or ends outside of the Oklahoma geographic border requires prior authorization. The exception to this rule is if transportation begins or ends within one hundred (100) miles of Oklahoma's geographic border, no prior authorization is required.

**317:30-5-336.4. Transport outside of locality [REVOKED]**

- ~~(a) If ambulance transportation is provided out of the transport locality, the claim must be documented with the reason for the transport outside of the service area.~~

- (a) Nursing services and home health aide services are covered services on a per visit basis. Thirty-six (36) visits per calendar year of nursing and/or home health aide services for any member do not require prior authorization; however, any visit surpassing the thirty-sixth (36) visit will require prior authorization and medical review.
- (b) Reimbursement for durable medical equipment and supplies will be made using the amount derived from the lesser of the Oklahoma Health Care Authority (OHCA) fee schedule or the

provider's usual and customary charge. When a procedure code is not assigned a maximum allowable fee for a unit of service, a fee will be established. Once the service has been provided, the supplier is required to include a copy of the invoice documenting the supplier's cost of the item with the claim.

(c) Reimbursement for oxygen and oxygen supplies is as follows:

(1) Payment for oxygen systems (stationary, liquid and oxygen concentrators) is based on continuous rental, i.e., a continuous monthly payment is made as long as it is medically necessary. The rental payment includes all contents and supplies, i.e., regulators, tubing, masks, etc. Portable oxygen systems are also considered continuous rental. Ownership of the equipment remains with the supplier.

(2) Separate payment will not be made for maintenance, servicing, delivery, or for the supplier to pick up the equipment when it is no longer medically necessary.

(3) Payment for oxygen and oxygen equipment and supplies will not exceed the Medicare fee for the same procedure code. The fee schedule will be reviewed annually and adjustments to the fee schedule may be made at any time based on efficiency, budget considerations, and quality of care as determined by the OHCA.

(4) Physical therapy, occupational therapy, and/or speech pathology and audiology services, are not covered when provided by a home health agency.

(d) All home health services are billed using Healthcare Common Procedure Coding System (HCPCS) codes.

**317:30-5-548. Procedure codes [REVOKED]**

~~All home health services are billed using Healthcare Common Procedure Coding System (HCPCS) codes.~~

**TITLE 317. OKLAHOMA HEALTH CARE AUTHORITY  
CHAPTER 30. MEDICAL PROVIDERS-FEE FOR SERVICE**

**SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES**

**PART 17. MEDICAL SUPPLIERS**

**317:30-5-211.10. Medical supplies, equipment, and appliances**

(a) **Medical supplies, equipment, and appliances.** See the definition for medical supplies, equipment, and appliances at Oklahoma Administrative Code (OAC) 317:30-5-211.1.

(b) **Certificate of medical necessity (CMN).** Certain items of medical supplies, equipment, and appliances require a CMN/OHCA CMN which should be submitted with the request for prior authorization. These items include, but are not limited to:

- (1) ~~External infusion pumps;~~ Enteral and parenteral nutrition; and
- (2) ~~Hospital beds;~~ Support surfaces.
- (3) ~~Oxygen and oxygen related products;~~
- (4) ~~Pneumatic compression devices;~~
- (5) ~~Support surfaces;~~
- (6) ~~Enteral and parenteral nutrition; and~~
- (7) ~~Osteogenesis stimulator.~~

(c) **Rental.** Several medical supplies, equipment, and appliance products are classified as either a capped rental or a continuous rental. Payment for a capped rental is capped at thirteen (13) months and a continuous rental is paid monthly for as long as it is medically necessary. Both require documentation showing that the product is medically necessary.

(d) **Purchase.** Medical supplies, equipment, and appliances may be purchased when a member requires the product for an extended period of time. During the prior authorization review, the Oklahoma Health Care Authority (OHCA) may change the authorization from a rental to a purchase or a purchase to a rental based on the documentation submitted.

(e) **Backup equipment.** Backup equipment is considered part of the rental cost and is not a covered service without prior authorization.

(f) **Home modification.** Home modifications that require permanent installation are not covered services as they are not removable and therefore do not meet the definition of medical supplies, equipment, and appliances per 42 Code of Federal Regulations (C.F.R.) § 440.70. Refer to Title 317, Chapters 40 and 50 for home modifications covered under Home and Community Based Services Waivers, including the ADvantage Waiver.

**317:30-5-211.11. Oxygen and oxygen equipment**

(a) **Medical necessity.** Oxygen and oxygen supplies are covered when medically necessary. Medical necessity is determined from results of arterial blood gas analysis (ABG) or pulse oximetry (SaO<sub>2</sub>) tests. ABG data are not required for children, but may be used if otherwise available. The test results to document Medical Necessity must be within ~~30~~ thirty (30) days of the date of the qualified medical practitioner's ~~Certificate of Medical Necessity~~ order. Prior authorization is required after the initial three (3) months of billing whether qualifying tests were done at rest, during sleep, or during exercise. Appropriate documentation of ABG or SaO<sub>2</sub> data from the member's chart should be attached to the prior authorization request (PAR).

- (1) The ABG or oximetry test used to determine medical necessity must be performed by a

medical professional qualified to conduct such testing. The test may not be performed or paid for by a DMEPOS supplier, or a related corporation. A referring qualified medical practitioner may perform the test in his/her office as part of routine member care.

(2) In addition to ABG data, the following three (3) tests are acceptable for determining medical necessity for oxygen prescription:

(A) At rest and awake "spot oximetry."

(B) During sleep:

(i) Overnight Sleep Oximetry done inpatient or at home.

(ii) Polysomnogram, which may be used only if medically necessary for concurrent evaluation of another condition while in a chronic stable state.

(C) During exercise with all three (3) of the following performed in the same testing session.

(i) At rest, off oxygen showing a non-qualifying result.

(ii) During exercise, off oxygen showing a qualifying event.

(iii) During exercise, on oxygen showing improvement over test (C) ii above.

(3) Certification criteria:

(A) All qualifying testing must meet the following criteria:

(B) **Adults.** Initial requests for oxygen must include ABG or resting oximetry results. At rest and on room air, the arterial blood saturation (SaO<sub>2</sub>) cannot exceed ~~89%~~eighty-nine percent (89%) or the pO<sub>2</sub> cannot exceed 59mm Hg.

(C) **Children.** Members ~~20~~twenty (20) years of age or less must meet the following requirements:

(i) birth through three (3) years, SaO<sub>2</sub> equal to or less than ~~94%~~ninety-four percent (94%); or

(ii) ages four (4) and above, SaO<sub>2</sub> level equal to or less than ~~90%~~ninety percent (90%).

(iii) Requests from the qualified medical practitioner for oxygen for children who do not meet these requirements should include documentation of the medical necessity based on the child's clinical condition. These requests are considered on a case-by-case basis.

~~(b) Certificate of medical necessity.~~

~~(1) The DMEPOS supplier must have a fully completed current CMN(CMS 484 or HCA 32 must be used for members 20 years of age and younger) on file to support the claims for oxygen or oxygen supplies, and to establish whether coverage criteria are met and to ensure that the oxygen services provided are consistent with the physician's prescription (refer to instructions from Palmetto Government Benefits Administration, the Oklahoma Medicare Carrier, for further requirements for completion of the CMN).~~

~~(2) The CMN must be signed by the qualified medical practitioner prior to submitting the initial claim. If a verbal order containing qualifying data is received by the DME provider, oxygen and supplies may be dispensed using the verbal order date as the billing date. The CMN initial date, the verbal order date, and the date of delivery should be the same date. It is acceptable to have a cover letter containing the same information as the CMN, stating the qualified medical practitioner's orders. The CMN signed by the qualified medical practitioner must be attached to the PAR.~~

~~(3) The medical and prescription information on the CMN may be completed by a non-physician clinician, or an employee, for the qualified medical practitioner's review and~~

signature.

~~(4) When a Certificate of Medical Necessity for oxygen is recertified, a prior authorization request will be required.~~

~~(5) Re-certification and related retesting will be required every 12 months.~~

~~(6) CMN for oxygen services must be updated at least annually and at any time a change in prescription occurs during the year. All DMEPOS suppliers are responsible for maintaining the prescription(s) for oxygen services and CMN in each member's file.~~

~~(7) The OHCA or its designated agent will conduct ongoing monitoring of prescriptions for oxygen services to ensure guidelines are followed. Payment adjustments will be made on claims not meeting these requirements.~~

**(b) Guidelines.** For full guidelines, please refer to [www.okhca.org/mau](http://www.okhca.org/mau).

### **317:30-5-211.22. Pulse oximeter**

**(a) Pulse oximeter.** Pulse oximeter is a device used for measuring blood oxygen levels in a non-invasive manner.

**(b) Medical necessity.** Pulse oximeters must be determined by a provider to be medically necessary and documented in the member's plan of care as medically necessary and used for medical purposes. A request by a qualified provider for pulse oximeters in and of itself shall not constitute medical necessity. The Oklahoma Health Care Authority (OHCA) shall serve as the final authority pertaining to all determinations of medical necessity. Refer to Oklahoma Administrative Code (OAC) 317:30-5-211.2 and OAC 317:30-3-1(f) for policy on medical necessity.

**(c) Documentation.** All documentation submitted to request services must demonstrate, through adequate objective medical records, evidence sufficient to justify the member's need for the service, in accordance with OAC 317:30-3-1(f)(2). Documentation must include:

(1) A current oxygen order signed and dated by an OHCA-contracted provider, ~~along with a certificate of medical necessity (CMN);~~

(2) Pertinent information relating to the member's underlying diagnosis and condition which results in the need for the oximeter and supplies, including documentation of unstable airway events and documentation of current monitor readings if available; and

(3) Documentation of an available trained caregiver in the home who is able to intervene and address changes in the member's oxygen saturation levels in a medically safe and appropriate manner.

(4) For full guidelines, please refer to [www.okhca.org/mau](http://www.okhca.org/mau).

**(d) Reimbursement.**

(1) Temporary probe covers are not reimbursed separately for rented oximeters as they are included in the price of the rental.

(2) Pulse oximeters are not reimbursed in conjunction with apnea monitors.

**TITLE 317. OKLAHOMA HEALTH CARE AUTHORITY  
CHAPTER 35. MEDICAL ASSISTANCE FOR ADULTS AND CHILDREN-  
ELIGIBILITY**

**SUBCHAPTER 16. STATE PLAN PERSONAL CARE SERVICES FOR EXPANSION  
ADULTS, TEFRA ELIGIBLE CHILDREN AND CERTAIN MAGI POPULATIONS**

**317:35-16-1. State Plan Personal Care Services (SPPC)**

(a) The State Plan Personal Care services described in this subchapter are available to the following:

- (1) Expansion adults;
- (2) TEFRA children; and
- (3) Certain MAGI populations (children) who qualify under the EPSDT program.

(b) SPPC services assist a member in carrying out Activities of Daily Living (ADLs) or Instrumental Activities of Daily Living (IADLs) directly related to the member's personal care needs. SPPC services prevent or minimize physical health regression or deterioration. SPPC services require a skilled nursing assessment to:

- (1) Assess a member's needs;
- (2) Develop a care plan to meet the member's identified personal care needs;
- (3) Manage care plan oversight; and
- (4) Periodically reassess and update the care plan when necessary.

(c) SPPC services do not include technical services, such as:

- (1) Suctioning;
- (2) Tracheal care;
- (3) Gastrostomy-tube feeding or care;
- (4) Specialized feeding due to choking risk;
- (5) Applying compression stockings;
- (6) Bladder catheterization;
- (7) Colostomy irrigation;
- (8) Wound care;
- (9) Applying prescription lotions or topical ointments;
- (10) Range of motion exercises; or
- (11) Operating equipment of technical nature, such as a patient lift or oxygen equipment.

(d) SPPC members may receive services in limited types of living arrangements as per (1) through (5) of this subsection.

(1) SPPC members are not eligible to receive services while residing in an institutional setting including, but not limited to:

(A) Licensed facilities, such as a:

- (i) Hospital;
- (ii) Nursing facility;
- (iii) Licensed residential care facility; or
- (iv) Licensed assisted living facility; or

(B) In an unlicensed institutional living arrangement, such as a room and board home or facility.

(2) SPPC is not approved when the member lives in the personal care assistant's (PCA) home, except with approval of the OHCA supervisor overseeing SPPC. For approval, a clinical evaluation of the household composition must be conducted and reviewed. The clinical evaluation shall include, but is not limited to, the following:

(A) Informal supports available;

(B) All legal obligations of the household member, including the individual who is a legally responsible family member such as a spouse, legal guardian, or parent of a minor child as defined per OAC 317:35-16-7(3);

(C) Urgency of the services; and

(D) Any other factors that may arise warranting approval as determined by the OHCA Supervisor.

(3) Members may receive SPPC services in the member's own home, apartment, or a family member's or friend's home or apartment. A home or apartment unit is defined as a self-contained living space having a lockable entrance to the unit including a bathroom and food storage and preparation amenities in addition to bedroom and living space.

(4) For SPPC members who are full-time students, a dormitory room qualifies as an allowable living arrangement to receive SPPC services.

(5) With prior approval from an OHCA supervisor overseeing SPPC, services may be provided in an educational or employment setting to assist the member to achieve vocational goals identified in the care plan.

(e) SPPC services eligibility is contingent on a member requiring one (1) or more of the services offered at least monthly including personal care, meal preparation, housekeeping, laundry, shopping or errands, or specified special tasks to meet ADL or IADL assessed needs.

**317:35-16-2. Determination of medical eligibility for State Plan Personal Care (SPPC) services for Expansion Adults, TEFRA, and certain MAGI populations**

(a) Eligibility. The OHCA Clinical Review team (OHCA nurse) determines medical eligibility for SPPC services based on the Uniform Comprehensive Assessment Tool (UCAT) Part III and the determination that the member has unmet care needs that require personal care assistance. SPPC services are initiated to support the regular care provided in the member's home. SPPC services are not intended to take the place of regular care, general maintenance tasks, or meal preparation provided by natural supports, such as spouses or other adults who live in the same household. Additionally, SPPC services are not furnished when they principally benefit the family unit. To be eligible for SPPC services, the applicant:

(1) Has adequate informal supports. This means there is adult supervision that is present or available to contribute to care, or decision-making ability, as documented on the UCAT Part III. To remain in his or her home without risk to his or her health, safety, and well-being, the applicant:

(A) Must have the decision-making ability to respond appropriately to situations that jeopardize his or her health and safety, or has available supports that compensate for his or her lack of ability as documented on the UCAT Part III; or

(B) His or her decision-making ability, lacks the physical capacity to respond appropriately to situations that jeopardize health and safety, and an OHCA nurse has informed his/her of potential risks and consequences of remaining in the home.

(2) Requires a care plan for planning and administering services delivered under a professional personnel's supervision;

(3) Has a physical impairment or combination of physical and mental impairments as documented on the UCAT Part III. An applicant who poses a threat to himself or herself or others, as supported by professional or credible documentation, may not be approved for SPPC services. An individual who is actively psychotic or believed to be in danger of potential harm to himself or herself or others may not be approved;

(4) Does not have household members or persons who routinely visit the household who, as supported by professional or credible documentation, pose a threat of harm or injury to the applicant or other household visitors;

(5) Lacks the ability to meet personal care needs without additional supervision or assistance, or to communicate needs to others; and

(6) Requires assistance, not of a technical nature, to prevent or minimize physical health regression and deterioration.

(b) **Definitions.** The following words and terms, when used in this subsection, shall have the following meaning, unless the context clearly indicates otherwise:

(1) "**Activities of Daily Living**" (ADL) means activities that reflect the applicant's or member's ability to perform self-care tasks essential for sustaining health and safety, such as:

(A) Bathing;

(B) Eating;

(C) Dressing;

(D) Grooming;

(E) Transferring, including activities such as getting in and out of a tub or moving from bed to chair;

(F) Mobility;

(G) Toileting; and

(H) Bowel or bladder control.

(2) "**ADLs score of three (3) or greater**" means the applicant or member cannot do at least one (1) ADL at all or needs some help with two (2) or more ADLs.

(3) "**Applicant or Member support very low**" means the applicant's or member's UCAT Part III Support score is zero (0), this indicates, in the UCAT Part III assessor's clinical judgment, the formal and informal sources are sufficient for the applicant's or member's present need level in most functional areas.

(4) "**Applicant or Member support low**" means the member's UCAT Part III Support score is five (5), this indicates, in the UCAT Part III assessor's clinical judgment, the support from formal and informal sources are nearly sufficient for the applicant's or member's present need level in most functional areas. The applicant or member, family, or informal supports are meeting most needs typically expected of family or household members to share or do for one another, such as general household maintenance. There is little risk of institutional placement with loss of current supports.

(5) "**Applicant or Member support moderate**" means the UCAT Part III applicant or member score is fifteen (15), this indicates, in the UCAT Part III assessor's clinical judgment, the formal and informal support is available, but overall, it is inadequate, changing, fragile, or otherwise problematic. The applicant or member requires additional assistance that usually includes personal care assistance with one (1) or more ADLs not available through Medicare, the Veterans Administration, or other federal entitlement programs. Informal caregiver support is considered questionable or unreliable due to one (1) or more criteria in (A) through (D) of this paragraph:

- (A) Care or support is required continuously with no relief or backup available;
- (B) Informal support lacks continuity due to conflicting responsibilities such as work or child care;
- (C) Persons with advanced age or disability provide care; or
- (D) Institutional placement can reasonably be expected with any loss of existing support.

(6) "**Applicant or Member support high**" means the applicant or member score is twenty-five (25) this indicates, in the UCAT Part III assessor's clinical judgment, the formal and informal supports are not sufficient as there is very little or no support available to meet the applicant's or member's high degree of need.

(7) "**Community Services Worker**" means any non-licensed health professional employed by or under contract with a community services provider who provides, for compensation or as a volunteer, health-related services, training, or supportive assistance to frail elderly, disabled person(s), or person(s) with developmental disabilities.

(8) "**Community Services Worker Registry**" means a registry established by the OKDHS per Section (§) 1025.1 of Title 56 of the Oklahoma Statutes (O.S.) to list community services workers who have a final investigative finding of abuse, neglect, or exploitation, per 43A O.S. § 10-103, involving a frail elderly, disabled person(s), or person(s) with developmental disabilities was made by OKDHS or an administrative law judge; and amended in 2002, to include the listing of SoonerCare (Medicaid) personal care assistants (PCAs) providing personal care services.

(9) "**Instrumental Activities of Daily Living (IADL)**" means those daily activities that reflect the applicant or member's ability to perform household chores and tasks within the community essential for sustaining health and safety, such as:

- (A) Shopping;
- (B) Cooking;
- (C) Cleaning;
- (D) Managing money;
- (E) Using a phone;
- (F) Doing laundry;
- (G) Taking medication; and
- (H) Accessing transportation.

(10) "**IADLs score is at least six (6)**" means the applicant or member needs some help with at least three (3) IADLs or cannot do two (2) IADLs at all.

(11) "**IADLs score of eight (8) or greater**" means the applicant or member needs some help with at least four (4) IADLs or the member cannot do two (2) IADLs at all and needs some help with one (1) or more other IADLs.

(12) "**MSQ**" means the Mental Status Questionnaire.

(13) "**MSQ moderate risk range**" means a total weighted-score of seven (7) to eleven (11) that indicates an orientation-memory-concentration impairment or memory impairment.

(14) "**Nutrition moderate risk**" means a total weighted UCAT Part III Nutrition score is eight (8) or greater that indicates poor appetite or weight loss combined with special diet requirements, medications, or difficulties in eating.

(15) "**Social Resource score is eight (8) or more**" means the applicant or member lives alone, has no informal support when he or she is sick or needs assistance, or has little or no contact with others.

(c) **Medical eligibility minimum criteria for SPPC.** The medical eligibility minimum criteria

for SPPC services are the minimum UCAT score criteria that an applicant or member meets for medical eligibility and are:

(1) ADLs score is five (5) or greater; or has an IADLs score of eight (8) or greater; or Nutrition score is (8) or greater; or the MSQ score is seven (7) or greater; or the ADLs score is three (3) and IADLs score is at least six (6); and

(2) Applicant or Member Support score is fifteen (15) or more; or Applicant or Member Support score is five (5) and the Social Resources score is eight (8) or greater.

(d) **Medical eligibility determination.** Medical eligibility for personal care is determined by the OHCA. The medical decision for personal care is made by the OHCA supervisor, overseeing SPPC services, utilizing the UCAT Part III. The member will be notified prior to UCAT III assessment that the result could indicate a need for disability review.

(1) Referrals will be made to the OKDHS if the applicant requires a disability review based on information obtained in referral and/or UCAT Part III.

(2) Upon receipt of the referral the OHCA nurse is responsible for completing the UCAT Part III assessment visit within ten (10) business days of the personal care application for the applicant who is SoonerCare eligible at the time of the request. The OHCA nurse completes the assessment visit within twenty (20) business days of the referral for the applicant not determined SoonerCare eligible at the time of the request. When the application indicates the request is from an individual who resides at home and an immediate response is required to ensure the applicant's health and safety, to prevent an emergency situation, or to avoid institutional placement, the UCAT Part III assessment visit has top-scheduling priority.

(3) During the assessment visit, the OHCA nurse completes the UCAT III and reviews rights to privacy, fair hearing, provider choice, and the pre-service acknowledgement agreement with the member. The OHCA nurse informs the applicant of medical eligibility criteria and provides information about OHCA long-term care service options. The OHCA nurse documents if the member wants to be considered for nursing facility level of care services or if the member is applying for a specific service program on the UCAT Part III. When, based on the information obtained during the assessment, the OHCA nurse determines if the member may be at risk for health and safety, an immediate referral is made to Adult Protective Services or Child Protective Services, as applicable. The referral is documented on the UCAT Part III.

(A) When the applicant's needs cannot be met by personal care services alone, the OHCA nurse provides information about other community long-term care service options. The OHCA nurse assists in accessing service options the applicant or member selects in addition to, or in place of, SPPC services.

(B) When multiple household members are applying for SoonerCare SPPC services, the UCAT Part III assessment is done for all the household members at the same time.

(C) The OHCA nurse provides the applicant or member with information about the qualified agencies in his or her local area that provide services and obtains the applicant's or member's primary and secondary agency choice. When the applicant or family declines to choose a primary personal care service agency, the round-robin rotation system is used for agency selection. The OHCA nurse documents the selected personal care provider agency's name.

(4) The OHCA nurse completes the UCAT Part III and sends it to an alternate OHCA nurse for medical eligibility determination. SPPC services eligibility is established on the date medical eligibility is approved and financial eligibility is established. This date serves as the certification date for services to be initiated.

(A) When the time length from the initial assessment to the date of service eligibility determination exceeds ninety (90) calendar days, a new UCAT Part III assessment is required.

(B) The OHCA nurse assigns a medical certification period of not more than thirty-six (36) months for persons eighteen (18) years of age and older or not more than twelve (12) months for persons younger than eighteen (18) years of age. The service plan period is for twelve (12) months and is provided by the OHCA nurse.

(5) Upon establishing SPPC certification, the OHCA nurse notifies the applicant's or member's preferred provider agency, or when necessary, the secondary provider agency or the provider agency selected by the round robin rotation system. Within one (1) business day of provider agency acceptance, the OHCA nurse submits the information via electronic system to the provider agency for plan development. Refer to OAC 317:35-15-8(a).

(6) Following the provider agency's SPPC plan development, and within three (3) business days of receipt from the provider agency, the OHCA nurse reviews the documentation to ensure agreement with the plan. Once agreement is established, the plan is submitted to OHCA Personal Care Supervisor for review and then the plan is authorized.

(7) Within one (1) business day of knowledge of the authorization, the OHCA nurse submits the plan authorization to the provider agency via electronic system.

**317:35-16-3. General financial eligibility requirements for State Plan Personal Care**

Financial eligibility for SPPC is determined using the rules on income and resources according to the eligibility group the member is related to

**317:35-16-4. Determining financial eligibility of categorically needy individuals**

Financial eligibility for State Plan Personal Care (SPPC) services for categorically needy individuals is determined as follows:

(1) **Financial eligibility for Modified Adjusted Gross Income (MAGI) eligibility groups.** See MAGI eligibility rules in Subchapter 6 of this Chapter to determine financial eligibility.

(2) **Determining financial eligibility for State Plan Personal Care (SPPC).** For individuals determined categorically needy for SPPC, the member will not pay a vendor payment for SPPC services.

**317:35-16-5. Certification for State Plan Personal Care**

(a) **State Plan Personal Care (SPPC) certification period.** The first month of the SPPC certification period is the first month the member is determined financially and medically eligible for SPPC. When eligibility or ineligibility for SPPC is established, OHCA updates the computer-generated notice and the appropriate notice is mailed to the member.

(b) **Financial certification period.** The financial certification period for SPPC services is twelve (12) months. Eligibility redetermination is completed according to the categorical relationship.

(c) **Medical certification period.** A medical certification period of not more than thirty-six (36) months is assigned for a member who is approved for SPPC. The certification period for SPPC services is based on the Uniform Comprehensive Assessment Tool evaluation and clinical judgment of the OHCA nurse.

**317:35-16-6. Agency State Plan Personal Care (SPPC) service authorization and monitoring**

(a) Within ten (10) business days of referral receipt for SPPC services, the personal care provider

agency nurse completes an assessment of the member's personal care service needs and completes and submits a person-centered plan based on the member's needs to the OHCA nurse. The plan includes the:

- (1) Adv/SPPC-Nurse Evaluation;
- (2) SPPC-Service Planning; and
- (3) SPPC Member Service Agreement.

(b) When more than one (1) person in the household is referred to receive SPPC or ADvantage services, all household members' plans are discussed and developed with the eligible members so service delivery is coordinated to achieve the most efficient use of resources. The number of SPPC service units authorized for each individual is distributed between all eligible family members. This ensures one (1) family member's absence does not adversely affect the family member(s) remaining in the home. When one (1) or more persons in the same household with a SPPC member is referred to or receives other formal services, such as ADvantage or Developmental Disability Services, then those services are coordinated as well.

(c) The personal care provider agency receives documentation from the OHCA nurse for authorization to begin services. The agency provides a copy of the plan to the member upon initiating services.

(d) Prior to the provider agency placing a Personal Care Assistant (PCA) in the member's home or other service-delivery setting, an Oklahoma State Bureau of Investigation background check, an Oklahoma State Department of Health Registry check, and an OKDHS Community Services Worker Registry check is completed per Sections 1-1944 through 1-1948 of Title 63 of the Oklahoma Statutes. Payment is made for PCAs who provide SPPC services and meet criteria Oklahoma Administrative Code (OAC) 317:35-15-2(c) (1) through (8).

(e) The provider agency nurse monitors the member's care plan.

(1) The personal care provider agency nurse or staff contacts the member within five (5) business days of authorized document receipt in order to ensure services are implemented according to the authorized care plan.

(2) The provider agency nurse makes a monitoring visit using the Adv/SPPC Nurse Evaluation at least every six (6) months to assess the member's satisfaction with his or her care and to evaluate the care plan for adequacy of goals and authorized units. Whenever a monitoring visit is made, the provider agency nurse documents findings in the electronic system. The provider agency submits monitoring documentation to OHCA nurse for review within five (5) business days of the visit. A registered nurse (RN) conducts the monitoring visit when the PCA is performing hands-on personal care. A licensed practical nurse may only conduct the monitoring visit when the PCA is not performing hands-on personal care. An RN also co-signs the progress notes.

(3) The provider agency nurse's requests to change the number of authorized units in the SPPC plan are submitted via the electronic system to the OHCA nurse to approve or deny prior to changed number of authorized units implementation.

(4) Annually, or more frequently when the member's needs change, the provider agency nurse re-assesses the member's needs and develops a new plan to meet the member's needs. The provider agency nurse completes and submits the annual reassessment documents to the OHCA nurse no sooner than sixty (60) calendar days before the existing service plan end-date, and no later than fourteen (14) calendar days prior to service.

(5) When the member is unstaffed, the provider agency nurse or staff communicates with the member and makes efforts to re-staff. When consecutively unstaffed for seven (7) calendar

days, or fewer depending on the member's needs, the provider agency nurse or staff contacts the unstaffed member weekly by phone to actively monitor the member's health and safety and documents ongoing efforts to provide staff using the electronic system. When the member is unstaffed for thirty (30) days, the provider agency notifies the OHCA nurse. The OHCA nurse contacts the member and when the member chooses, initiates a member transfer to another provider agency that can provide staff.

### **317:35-16-7. Agency State Plan Personal Care services; billing, and problem resolution**

The ADvantage Administration (AA) certifies qualified personal care provider agencies and facilitates the execution of the agencies' SoonerCare (Medicaid) contracts on the Oklahoma Health Care Authority's (OHCA) behalf. OHCA checks the list of providers barred from Medicare/SoonerCare (Medicaid) participation to ensure that the personal care services agency is not listed.

**(1) Payment for State Plan Personal Care (SPPC).** Payment for SPPC services is made for care provided in the member's own home or in other limited living arrangement types, per Oklahoma Administrative Code (OAC) 317:35-15-2(b) (1 through 4).

**(A) Provider agency use.** To provide SPPC services, an agency must be licensed by the Oklahoma State Department of Health, meets certification standards identified by Oklahoma Human Services (OKDHS), and possesses a current SoonerCare (Medicaid) contract.

**(B) Reimbursement.** SPPC services payment on a member's behalf is made according to the service type and number of authorized service units.

(i) The amount paid to provider agencies for each service unit is determined according to established SoonerCare (Medicaid) rates for the personal care services. Only authorized units contained in each eligible member's individual plan are eligible for reimbursement. Provider agencies serving more than one member residing in the same residence ensure the members' plans combine units in the most efficient manner to meet the needs of all eligible persons in the residence.

(ii) SPPC services payment is for tasks performed in accordance with the authorized care plan per OAC 317:30-5-951. Payment for personal care skilled nursing service is made on the member's behalf for assessment, evaluation, and associated service planning per nursing visit.

(iii) SPPC service time is documented through Electronic Visit Verification System (EVV), previously known as Interactive Voice Response Authentication (IVRA) system, when services are provided in the home.

**(2) Issue resolution.**

(A) The provider agency provides a written copy of their grievance process to each member at service commencement. The written grievance process includes the name and phone number of a provider agency contact person who is responsible for responding to such complaints and grievances. When the member is dissatisfied with the SPPC provider agency or the assigned PCA and has exhausted attempts to work with the agency's grievance process without resolution, the member is referred to the OHCA team to attempt to resolve the issue(s). The member has the right to appeal to OHCA per OAC 317:2-1-2.

(B) When a PCA performance issue is identified, provider agency staff conducts a counseling conference with the member or the PCA as appropriate. Provider agency staff

counsels the PCA regarding problems with his or her performance.

(3) **Persons ineligible to serve as a PCA.** Payment from SoonerCare funds for SPPC services may not be made to an individual who is a legally responsible family member of the member, such as a spouse, legal guardian, or parent of a minor child, when he or she is providing SPPC services.

### **317:35-16-8. Financial eligibility redetermination for State Plan Personal Care**

The OHCA nurse reviews the electronic system to confirm member eligibility before the end of the certification period. A notice is generated only if there is a change affecting the member's financial eligibility.

### **317:35-16-9. Medical eligibility redetermination for State Plan Personal Care (SPPC) services**

(a) **Medical eligibility redetermination.** The OHCA nurse completes a medical redetermination before the end of the SPPC certification period.

(b) **Recertification.** The OHCA nurse re-assesses the SPPC service members eighteen (18) years of age and older, for medical re-certification based on the member's needs and level of caregiver support required, using the Uniform Comprehensive Assessment Tool (UCAT) at least every thirty-six (36) months. Members younger than eighteen (18) years of age, are re-evaluated by the OHCA nurse using the UCAT on a twelve (12) month basis or sooner when needed. During this re-certification assessment, the OHCA nurse informs the member of the state's other SoonerCare (Medicaid) long-term care options. The OHCA nurse submits the re-assessment to the OHCA nurse for recertification. Documentation is sent to the OHCA nurse no later than the tenth (10<sup>th</sup>) calendar day of the month certification expires. When the OHCA nurse determines medical eligibility for SPPC services, a recertification review date is entered on the system.

(c) **Change in amount of units or tasks.** When the SPPC provider agency determines a need for a change in the amount of units or tasks in the service, a care plan is completed and submitted to the OHCA nurse within five (5) business days of identifying the assessed need. The OHCA nurse approves or denies the change prior to implementation.

(d) **SPPC services voluntary closure.** When a SPPC member decides personal care services are no longer needed to meet his or her needs, a medical decision is not needed. The member is sent a Voluntary Withdrawal Request for confirmation and signature, and the request is entered into the electronic system upon receipt. A closure notification is submitted to the provider agency.

(e) **Resuming personal care services.** When a SPPC member approved for SPPC services is without services for less than ninety (90) calendar days, but the member has current medical and SoonerCare (Medicaid) financial eligibility approval, SPPC services may be resumed using the member's previously approved care plan. The personal care provider agency nurse contacts the member to determine when changes in health or service needs occurred. When changes are identified, the provider agency nurse completes an assessment visit and submits a SPPC services skilled nursing need re-assessment within ten (10) business days of the resumed plan start date. When the member's needs dictate, the personal care provider agency may submit a request for a change in authorized SPPC service units. When no changes occur, the OHCA agency nurse documents the contact in the electronic system for the OHCA ten (10) business days of the resumed plan start date.

**(f) Financial ineligibility.** When the OHCA nurse determines the member has lost SoonerCare eligibility, they notify the member of the determination and his or her right to appeal the decision in writing. A closure notification is also submitted to the provider agency.

**(g) Closure due to medical ineligibility.** When the OHCA determines a member to be medically ineligible for SPPC services, they notify the member of the determination, and his or her right to appeal the decision, in writing. When medical eligibility redetermination is not made prior to current medical eligibility expiration, the existing medical eligibility certification is automatically extended until care level redetermination is established. For members:

(1) Who are not hospitalized or in an extended medical care facility, the existing medical eligibility certification is extended for a maximum sixty (60) calendar days from the date of the previous medical eligibility expiration date;

(2) Who are hospitalized or in an extended medical care facility, the existing medical eligibility certification is extended for thirty (30) calendar days from the date of discharge from the facility or for sixty (60) calendar days from the date of previous medical eligibility expiration date, whichever is longer;

(3) Whose medical eligibility redetermination is not made by applicable extended deadline, the member is determined to be medically ineligible; or

(4) Who no longer meet medical eligibility or cannot be located to complete the redetermination assessment, the OHCA nurse notifies the OHCA personal care supervisor. The OHCA personal care supervisor updates the system's medical eligibility end date and notifies the OHCA nurse of effective end date. A closure notification is submitted to the provider agency.

**(h) State Plan Personal Care services termination.**

(1) State Plan Personal Care (SPPC) services may be discontinued when:

(A) Professional documentation supports the member poses a threat to self or others;

(B) Other household members or persons who routinely visit the household who, as professional or credible documentation supports, pose a threat to the member or other household visitors;

(C) The member or the other household members use threatening, intimidating, degrading, or sexually inappropriate language or innuendo or behavior towards service providers, either in the home or through other contact or communications. Efforts to correct such behavior are unsuccessful as professional or credible documentation supports;

(D) The member or family member fails to cooperate with SPPC service delivery or to comply with Oklahoma Health Care Authority (OHCA) or OKDHS rules as professional or credible documentation supports;

(E) The member's health or safety is at risk as professional or credible documentation supports;

(F) Additional services, either "formal" such as, paid by Sooner Care (Medicaid) or some other funding source or "informal" such as, unpaid are provided in the home. This eliminates the need for SoonerCare SPPC services;

(G) The member's living environment poses a physical threat to self or others as professional or credible documentation supports, and measures to correct hazardous conditions or assist the person to move are unsuccessful or are not feasible; or

(H) The member refuses to select or accept a provider agency or Personal Care Assistant (PCA) service for ninety (90) consecutive days as professional or credible documentation

supports.

(2) For members receiving SPPC services, the provider agency submits documentation with the recommendation to discontinue services to the OHCA. The OHCA nurse reviews the documentation and submits it to the OHCA personal care supervisor for determination. The personal care provider agency or PCA is notified of the decision to terminate services via the electronic system. The member is sent an official closure notice informing him or her of appropriate member rights to appeal the decision to discontinue services.

### **317:35-16-10. Case changes**

(a) Any time there are changes affecting the State Plan Personal Care case eligibility, computer generated notices are issued.

(b) A member has the right to withdraw their request for SPPC services at any time during the process, but if the member is determined to meet eligibility under another aid category based on information available to the agency during this time (as referenced under 317:35-6-60.1), we are required to take action on this regardless of the withdrawal of the request for SPPC services.

### **317:35-16-11. Billing procedures for State Plan personal care**

Billing procedures for State Plan Personal Care (SPPC) services are contained in the Oklahoma Medicaid Management Information Systems (OKMMIS) Billing and Procedure Manual. Questions regarding billing procedures that cannot be resolved through studying the manual are referred to the Oklahoma Health Care Authority (OHCA). SPPC contractors bill on CMS-1500 claim form. The contracted provider submits a claim for each member. The contracted provider prepares claims for services provided and submits the claims to the fiscal agent responsible for ensuring claims are properly completed. All personal care contractors must have a unique provider number. New contracted providers are mailed the provider number after being placed on the claims processing contractor's provider file. All services provided in the member's home, including Personal Care and Nursing, and all work completed in the provider's office, are documented through the Electronic Visit Verification (EVV) system. The EVV system provides alternate backup solutions if the automated system is unavailable; however, in the event of an EVV system failure, the provider documents time in accordance with internal provider agency policy and procedures backup plan. This documentation is sufficient to account for both in-home and in-office services. The provider agency's backup procedures are only permitted when the EVV system is unavailable.

### **317:35-16-12. Social services referral**

In many situations, members receiving medical services through SoonerCare (Medicaid) need social services. If a member, who is eligible for State Plan Personal Care Services through this Subchapter, has a need for social services, the OHCA will process those necessary referrals.

**TITLE 317. OKLAHOMA HEALTH CARE AUTHORITY  
CHAPTER 35. MEDICAL ASSISTANCE FOR ADULTS AND CHILDREN-  
ELIGIBILITY**

**SUBCHAPTER 6. SOONERCARE FOR PREGNANT WOMEN AND FAMILIES WITH  
CHILDREN**

**PART 3. APPLICATION PROCEDURES**

**317:35-6-15. SoonerCare application for pregnant women, families with children, and expansion adults; forms**

(a) **Application.** An application for pregnant women, families with children, and expansion adults consists of the SoonerCare application. The application form is signed by the individual, parent, spouse, guardian, or someone else acting on the individual's behalf. An individual does not have to have received a medical service nor expect to receive one to be certified for SoonerCare. Individuals who wish to use a paper application form to apply for coverage under a MAGI Modified Adjusted Gross Income (MAGI) eligibility group must submit the federal Single Streamlined Application to apply for SoonerCare.

(1) An application may be made in a variety of locations, for example, a physician's office, a hospital or other medical facility, Oklahoma Department of Health, in the individual's county Oklahoma Department of Human Services (OKDHS) office, or online. A face-to-face interview is not required. Applications are mailed to the ~~OHCA~~Oklahoma Health Care Authority (OHCA) Eligibility Unit. When an individual indicates a need for SoonerCare, the physician or facility may forward an application to the OHCA Eligibility Unit for processing. If the applicant is unable to sign the application, someone acting on his/her behalf may sign the application. An application for SoonerCare may also be submitted through the Health Insurance Exchange.

(2) OKDHS form 08MA005E, Notification of Needed Medical Services, is required only for preauthorization of medical services. Although not required, the form may be submitted by the physician or facility as notification of a need for medical services. The form also may be accepted as medical verification of pregnancy.

(3) Receipt of the SoonerCare application form or OKDHS form 08MA005E constitutes an application for SoonerCare.

(4) If OKDHS form 08MA005E is received and a SoonerCare application cannot be completed, receipt of OKDHS form 08MA005E constitutes an application which must be registered and subsequently denied. The applicant and provider are notified by computer-generated notice.

(5) A hospital providing services may file an electronic Notification of Date of Service (NODOS) form with OHCA up to five (5) days from the date services are rendered. The hospital, applicant, or someone acting on the applicant's behalf has ~~fifteen (15)~~forty (40) days from the date the NODOS form was received by OHCA to submit a completed SoonerCare application. Filing a NODOS does not guarantee coverage and if a completed application is not submitted within ~~fifteen (15)~~forty (40) days, the NODOS is void.

(b) **Date of application.** When an application is made online, the date of application is the date the application is submitted online. The date of application for a paper application is the date a signed application is received and stamped in by contracted agency partners or OHCA. When a

request for SoonerCare is made orally, and that request is followed within twenty (20) days by a signed application, the documented date of the oral request is the date of application. When OKDHS form 08MA005E is received by OKDHS, or received by OHCA and forwarded to OKDHS, the earliest of the date stamps is considered the date of request and should be honored when followed within twenty (20) days by a signed application for SoonerCare.

(c) **Other application and signature requirements.** For additional rules regarding other application and eligibility determination procedures, see Part 7 of Subchapter 5 of this Chapter.

DRAFT

**TITLE 317. OKLAHOMA HEALTH CARE AUTHORITY  
CHAPTER 2. GRIEVANCE PROCEDURES AND PROCESS**

**SUBCHAPTER 1. ADMINISTRATIVE APPEALS**

**317:2-1-2. Appeals**

**(a) Request for appeals.**

(1) For the purpose of calculating the timeframe for requesting an administrative appeal of an ~~agency~~Agency action, the date on the written notice shall not be included. The last day of the timeframe shall be included, unless it is a legal holiday as defined by Title 25 of the Oklahoma Statutes (O.S.) Section (§) 82.1, or any other day the Oklahoma Health Care Authority (OHCA) is closed or closes early, in which case, the timeframe runs until the close of the next full business day.

(2) An appeals request that an aggrieved member or provider sends via mail is deemed filed on the date that the ~~agency~~Agency receives it.

**(b) Member process overview.**

(1) The appeals process allows a member to appeal a decision relating to program benefits. Examples are decisions involving medical services, prior authorizations for medical services, or discrimination complaints.

(2) In order to initiate an appeal, the member must file a LD-1 (Member Complaint/Grievance Form) within thirty (30) calendar days of the date the OHCA sends written notice of its action, in accordance with Oklahoma Administrative Code (OAC) 317:2-1-2(a), above, or, in matters in which a formal notice is not sent by the ~~agency~~Agency, within thirty (30) days of the date on which the member knew or should have known the facts or circumstances serving as the basis for appeal.

(3) If the LD-1 form is not received timely, the OHCA administrative law judge (ALJ) will cause to be issued a letter stating the appeal will not be heard. In the case of tax warrant intercept appeals, if the LD-1 form is not received by OHCA within the timeframe pursuant to 68 O.S. § 205.2, OHCA similarly will cause to be issued a letter stating the appeal will not be heard because it is untimely.

(4) If the LD-1 form is not completely filled out or if necessary, documentation is not included, then the appeal will not be heard.

(5) OHCA will advise members that if assistance is needed in reading or completing the grievance form, arrangements will be made to provide such assistance.

(6) Upon receipt of the member's appeal, a fair hearing before the OHCA ALJ will be scheduled. The member will be notified in writing of the date and time of the hearing. The member, and/or his/her designated authorized ~~representative~~representative, must appear at the hearing, either in person or telephonically. The preferred method for a hearing is telephonically, requests for an in-person hearing must be received in writing on OHCA's Form LD-4 (Request for In-Person Hearing) no later than ten (10) calendar days prior to the scheduled hearing date.

(7) The hearing shall be conducted according to OAC 317:2-1-5. The OHCA ALJ's decision may in certain instances be appealed to the CEO of the OHCA, or his or her designated independent ALJ, which is a record review at which the parties do not appear (OAC 317:2-1-13).

(8) Member appeals are ordinarily decided within ninety (90) days from the date on which the member's timely request for a fair hearing is received, unless:

(A) The appellant was granted an expedited appeal pursuant to OAC 317:2-1-2.5;

(B) The OHCA cannot reach a decision because the appellant requests a delay or fails to take a required action, as reflected in the record;

(C) There is an administrative or other emergency beyond OHCA's control, as reflected in the record; or

(D) The appellant filed a request for an appeal of a denied step therapy exception request, pursuant to OAC 317:2-1-18.

(9) Tax warrant intercept appeals will be heard directly by the OHCA ALJ. A decision is normally rendered by the OHCA ALJ within twenty (20) days of the hearing.

**(c) Provider process overview.**

(1) The proceedings as described in this subsection contain the hearing process for those appeals filed by providers. These appeals encompass all subject matter cases contained in OAC 317:2-1-2(d)(2).

(2) All provider appeals are initially heard by the OHCA ALJ under OAC 317:2-1-2(d)(2).

(A) In order to initiate an appeal, a provider must file the appropriate LD form within thirty (30) calendar days of the date the OHCA sends written notice of its action, in accordance with OAC 317:2-1-2(a), above. LD-2 forms should be used for Program Integrity audit appeals; LD-3 forms are to be used for all other provider appeals.

(B) Except for OHCA Program Integrity audit appeals, if the appropriate LD form is not received timely, the OHCA ALJ will cause a letter to be issued stating that the appeal will not be heard.

(C) A decision ordinarily will be issued by the OHCA ALJ within forty-five (45) days of the close of all evidence in the appeal.

**(2) Enrollee-requested disenrollment.** Enrollees shall seek redress through the CE's or DBM's grievance process before OHCA will make a determination on an Enrollee's request for disenrollment. The CE or DBM shall accept Enrollee requests for disenrollment orally or in writing. The CE or DBM shall complete a review of the request within ten (10) days of the Enrollee filing the grievance. If the Enrollee remains dissatisfied with the result of the grievance process, the CE or DBM shall refer the disenrollment request to OHCA. The Contractor shall send records gathered during the grievance process to OHCA to facilitate OHCA's decision-making process. Disenrollment requests will be adjudicated by OHCA and, if approved, will become effective on a date established by OHCA.

If the Contractor fails to complete the grievance process in time to permit disenrollment by OHCA, the disenrollment shall be considered approved for the effective date that would have been established had the Contractor complied with this timeframe. Re-enrolled Enrollees will have the right to change CE/DBM in accordance with this Section and the Contract.

(e) **Eligibles voluntarily opting out of SoonerSelect Children's Specialty program.** FFC and children receiving adoption assistance shall be enrolled in the SoonerSelect Children's Specialty program. These Eligibles may opt-out of enrollment in the Children's Specialty program; however, the legal guardian of the Eligible will be required to enroll the Eligible with a CE.

(e) **Non discrimination.** The CE or DBM shall not discriminate an Enrollee on the basis of the Enrollee's health or need for medical services.

(f) **Failure to comply.** If the CE or DBM fails to comply with OAC 317:55-3-10, the OHCA may impose any or all the CE intermediate sanctions, found at OAC 317:55-5-10 and the CE Contract, or DBM administrative remedies, found at OAC 317:55-5-11 and the DBM Contract.

### **317:55-3-11. Intermediate sanctions**~~Cost sharing~~

Part 438. In this situation, OHCA will also grant enrollees the right to terminate enrollment without cause, as described in 42 C.F.R. § 438.702(a)(3), and must notify the affected enrollees of their right to terminate enrollment. ~~(g) **Right to request fair hearing.** Though not required under federal regulation, OHCA provides~~

each MCO the right, upon notice of a sanction other than optional or required temporary management, to request a fair hearing before an administrative law judge (ALJ) retained by OHCA. The cost of actions necessary to process an MCO's request will be paid by OHCA.

(1) An MCO must file any request for fair hearing within thirty (30) days after receiving the notice.

(2) The ALJ has jurisdiction to hear any request under this section. The ALJ will review the appeal for legal authority and jurisdiction. If legal authority and jurisdictional requirements are met, the ALJ will conduct an administrative hearing according to the hearing practices of OAC 317:2-1-5, provide proposed findings of fact and conclusions of law to the parties, and send written notice to the parties of the final order sustaining or denying imposition of the sanction.

(3) At the ALJ's discretion, the ALJ will:

- (A) Establish a scheduling order;
- (B) Establish reasonable procedures such as authorizing pleadings to be filed by facsimile or electronic mail;

~~rules promulgated thereto, or the terms and conditions of the contract, OHCA may enforce any damages or remedies for non-compliance as required by CMS, as provided for in the contract, or as permitted by State or Federal law.~~

(a) **Provider contracts.** A CE or DBM must provide or arrange for the delivery of covered health care services described in OAC 317:55-3-5 through a provider agreement with SoonerCare-contracted providers. All provider agreements must be in writing and in accordance with the Contract and 42 C.F.R. §§ 434.6 and 438.6. The CE's or DBM's execution of a provider agreement does not terminate the CE's or DBM's legal responsibility to the OHCA to ensure all the CE's and DBM's activities and obligations are performed in accordance with Okla. Admin. Code § 317, as applicable, the CE's or DBM's Contract with the OHCA, and all applicable federal, state, and local regulations. - (1) The CE and DBM must maintain, in accordance with 42 C.F.R. § 438.206(b)(1), a network of appropriate participating providers that is supported by a signed provider agreement and is sufficient to provide adequate access and availability to all services covered under the Contract with the OHCA, including those with limited English proficiency or physical or mental disabilities.
- (2) The CE and DBM must ensure that all requirements found at 42 C.F.R. § 438.3(q)(1) and (q)(3) are met.
- (3) The CE and DBM must meet and require its participating providers to meet state standards for timely access to care and services, in accordance with 42 C.F.R. § 438.206(c) and all contractual requirements.
- (4) The OHCA shall monitor and review the CE's and DBM's compliance with all standards as part of all ongoing oversight activities.

**(c) Credentialing and recredentialing.**

- (1) All CE and DBM must utilize the same single Credential Verification Organization (CVO) that is certified by a CMS-approved accrediting organization and approved by OHCA as part of its provider credentialing and recredentialing process. The CE and DBM credentialing and recredentialing processes shall comply with relevant state and federal regulations, including, but not limited to, 42 C.F.R. §§ 438.12, 438.206(b)(6), and 438.214, and all applicable contractual requirements.
- (2) The CE and DBM must ensure that providers have been properly credentialed to ensure provider facilities, organizations, and staff meet all qualifications and requirements for participation in the Oklahoma Medicaid program. All applications must be credentialed and the CE's or DBM's claim systems must be able to recognize the provider as a SoonerSelect program network provider, within all applicable timeframes as outlined within the Contract with the OHCA.
- (3) The recredentialing process must take into consideration provider performance data including Enrollee grievance and appeal, quality of care, and utilization management.
- (4) The CE and DBM must review and approve the credentials of all applicable licensed and unlicensed participating and contracted providers who participate in the CE's or DBM's provider network at least once every three (3) years.

(5) If the CE or DBM fails to comply with the credentialing and recredentialing standards per OAC 317:55-5-12(c), the OHCA may impose any or all the CE intermediate sanctions, found at OAC 317:55-5-10 and the CE Contract, or DBM administrative remedies, found at OAC 317:55-5-11 and the DBM Contract.

**(d) Non-discrimination against providers.**

(1) The CE's and DBM's written policies and procedures shall not discriminate against providers that serve high-risk populations or specialize in conditions that require costly treatment, per 42 C.F.R. §§ 438.12(a)(2) and 438.214(a).

(2) In accordance with 56 O.S. § 4002.4(B), shall not exclude essential community providers, providers who receive directed payments in accordance with 42 C.F.R. Part 438, and such other providers, as directed by OHCA from execution of provider agreements.

**317:55-3-13. Termination of managed care contract Time, distance, and access standards**

**(a) Termination of an MCO, permitted by 42 C.F.R. § 438.708.** Members impacted by the contract termination of an MCO will be enrolled with a different MCO or be provided Medicaid benefits through options as prescribed in the Oklahoma Medicaid State Plan. OHCA may terminate a contract with an MCO if OHCA determines that the MCO:

(1) Failed to carry out the substantive terms of the contract; or

(2) Failed to meet applicable requirements of sections 1903(m), 1905(t), or 1932 of the Act.

**(b) Termination permitted by contract, MCO or DBM.** Grounds for termination include:

(1) **Mutual consent.** OHCA and the MCO or DBM may terminate the contract by a mutually written agreement. The MCO or DBM does not have the right to appeal the termination. Enrollees impacted by the contract termination will be enrolled with a different MCO or DBM of their choosing or, if no choice is made, a default MCO or DBM.

(2) **Termination for convenience.** OHCA may terminate a contract for convenience, in whole or part, with a sixty (60) day written notice to the MCO or DBM if the State determines that termination is in the State's best interest. Any partial termination of the contract will not be construed as a waiver of, and will not affect, the rights and obligations of any party regarding portions of the contract that remain in effect. Upon receipt of notice of such termination, the MCO or DBM will immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice.

(3) **Termination for unavailability of funds.** OHCA may terminate a contract for lack of the availability of funds with written notice to the managed care. OHCA will give written notice to the MCO or DBM, effective the close of business on the day specified. OHCA is the final authority on the availability of funds, and the MCO or DBM does not have the right to appeal this termination.

(4) **Termination for lack of authority.** In the event that the State is determined, in whole or part, to lack Federal or State approval or authority to contract with an MCO or DBM, OHCA may terminate the contract immediately, effective on the close of business on the day specified. The MCO or DBM does not have the right to appeal this termination.

(5) **Termination for default.** OHCA may terminate the contract, in whole or in part, whenever the MCO has failed to carry out the terms of the contract or meet the applicable readiness requirements of §§ 1932, 1903(m) or 1905(t) of the Act.

(6) **Termination for financial instability.** In the event that OHCA, in its sole discretion, deems an MCO or DBM to be financially unstable to the point of threatening the ability of OHCA to obtain the services provided for under this contract, or to conduct business in the normal course, makes a general assignment for the benefit of creditors or suffers or permits the appointment of

a receiver for its business or its assets, then OHCA may, at its option, immediately terminate the contract effective on the close of business on the date specified. In the event OHCA elects to terminate the contract under this provision, the MCO or DBM will be notified in writing specifying the date of termination. In the event of the filing of a petition in bankruptcy court by or against a principal subcontractor, the MCO or DBM will immediately advise OHCA. The MCO or DBM will ensure that all tasks related to the subcontract are performed in accordance with the terms of the contract.

~~(7) **Termination for debarment.** Section 1932(d)(1) of the Act prohibits affiliations with individuals debarred by federal agencies.
