13.c Preventive Services

A doula, or birth worker, is a trained professional who provides emotional, physical, and informational support during the prenatal, labor, delivery, and postpartum periods. Doulas are non-clinical and do not provide medical care. Doulas should not replace the services of licensed and trained medical professionals including, but not limited to, physicians, physician assistants, advanced practice registered nurses, and certified nurse midwives.

Services:

Doula services may include, but are not limited to:

- Providing emotional and physical support, including but not limited to prenatal coaching, physical comfort measures, and person-centered care honoring cultural and family traditions;
- Advocating and working as part of the beneficiary's multidisciplinary team;
- Prenatal counseling and assisting the beneficiary in preparing for and carrying out plans for birth;
- Teaching and advocating on behalf of the birthing parent during appointment visits;
- Facilitating and assuring access and linkage to resources that can improve birth-related outcomes, such as transportation, housing, alcohol & drug cessation, WIC, SNAP, and intimate partner violence resources;
- Providing ongoing education, with emphasis on postpartum care and resources;
- Providing information on infant feeding, breastfeeding guidance and resources, including referrals to lactation consultants as needed; and
- Supporting the whole birth team, including the birthing parent's partner, family members and other support persons.

Limitations:

- Doula services must be recommended by a physician or other licensed practitioner of the healing arts, including physician assistants, certified nurse practitioners, obstetricians, certified nurse midwives.
- Beneficiaries are allowed eight visits, including one Labor & Delivery Care visit. Visits have a minimum duration of 60 minutes and may be conducted face-to-face or via telehealth, but the Labor & Delivery Care visit may not be conducted via telehealth. The doula will work with the beneficiary to determine how to utilize these visits to best meet the needs of the beneficiary, including how many visits will occur during the prenatal period or postpartum period.
 - A prior authorization is required for visits beyond eight, for beneficiaries with extenuating medical circumstances.
- Doulas will coordinate directly with the beneficiary to determine the most appropriate service location for prenatal and postpartum visits, which may include the beneficiary's residence, the physician's office, the doula's office, a hospital or in the community. The Labor & Delivery Care visit may not occur in the beneficiary's residence.
- For the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) population, services are furnished based on medical necessity.

Eligible Providers:

- All providers of doula services must be at least 18 years of age and have an NPI number.
- Providers must be certified by an organization recognized by the Oklahoma Health Care Authority for the certification of doulas. This list may be found at www.oklahoma.gov/ohca/doula.
 - The types of certifications accepted are:
 - Birth Doula
 - Postpartum Doula
 - Full-Spectrum Doula
 - Community-Based Doula

13.c Preventive Services

Reimbursement for doula services will be made based on a percentage of the physician fee schedule, according to the type of visit:

- For prenatal and postpartum visits, payment will be made at 40% of the physician fee schedule.
- For labor & delivery visits, payment will be made at 40% of the physician fee schedule for a cesarean delivery-only visit, or at 65% for vaginal delivery-only, vaginal delivery after previous cesarean delivery, or cesarean delivery following vaginal delivery attempt.
- Doula providers will use the appropriate code modifier for all procedure codes.
- Doulas must meet the requirements in Title 317 of the Oklahoma Administrative Code for payment under this section.

<u>Procedure Code/Modifier</u>	<u>Code Description</u>	<u>Physician Fee Schedule %</u>
<u>59899 HD</u>	<u>Prenatal and Postpartum Visits</u>	<u>40%</u>
<u>59409 HD</u>	<u>Labor & Delivery: Cesarean Delivery Only</u>	<u>40%</u>
<u>59514 HD</u>	<u>Labor & Delivery: Vaginal Delivery Only</u>	<u>65%</u>
<u>59612 HD</u>	<u>Labor & Delivery: Vaginal Delivery After Previous Cesarean Delivery</u>	<u>65%</u>
<u>59620 HD</u>	<u>Labor & Delivery: Cesarean Delivery Following Vaginal Delivery Attempt</u>	<u>65%</u>

The agency's fee schedule rate was set as of October 1, 2019 and is effective for services provided on or after that date. All rates are published on the agency's website at <http://www.okhca.org/feeschedules>.
