

**MODEL APPLICATION TEMPLATE FOR  
STATE CHILD HEALTH PLAN UNDER TITLE XXI OF THE SOCIAL SECURITY ACT  
STATE CHILDREN'S HEALTH INSURANCE PROGRAM**

**Preamble**

Section 4901 of the Balanced Budget Act of 1997 (BBA) amended the Social Security Act (the Act) by adding a new title XXI, the State Children's Health Insurance Program (SCHIP). Title XXI provides funds to states to enable them to initiate and expand the provision of child health assistance to uninsured, low-income children in an effective and efficient manner. To be eligible for funds under this program, states must submit a state plan, which must be approved by the Secretary. A state may choose to amend its approved state plan in whole or in part at any time through the submittal of a plan amendment.

This model application template outlines the information that must be included in the state child health plan, and any subsequent amendments. It has been designed to reflect the requirements as they exist in current regulations, found at 42 CFR part 457. These requirements are necessary for state plans and amendments under Title XXI.

The Department of Health and Human Services will continue to work collaboratively with states and other interested parties to provide specific guidance in key areas like applicant and enrollee protections, collection of baseline data, and methods for preventing substitution of Federal funds for existing state and private funds. As such guidance becomes available, we will work to distribute it in a timely fashion to provide assistance as states submit their state plans and amendments.
