RE: PCMH Panel Limits Removed

Dear Provider,

The Oklahoma Health Care Authority is pleased to announce that as of Nov. 4, 2022, panel size maximum limits have been removed for primary care physicians (PCP) within the Patient Centered Medical Home (PCMH) program.

Allowing PCMH PCPs to determine the maximum capacity of their panel size empowers providers to make choices that best suit their practice. Changes to panel size are available in real time and can be updated in the provider portal. If you need assistance or have questions about these changes, please contact SoonerCareEducation@okhca.org.

Please note, the minimum capacity for panels did not change and remains at 50 patients (refer to Oklahoma Administrative Code [317:25-7-5](#)).

Thank you for your continued support and the services you provide to SoonerCare members.

Sincerely,

Traylor Rains
State Medicaid Director
