**RE: SoonerSelect Service Process Change to Remove GLP1 Medications From Drug Maintenance List for Oklahoma Complete Health and Oklahoma Complete Health Children's Specialty Program**

Dear Provider,

The SoonerSelect contracted entities (CEs) are required to administer medically necessary, covered services in a manner that is no more restrictive than what is required by OHCA in the SoonerCare fee-for-service (FFS) program (see O.A.C. 317:55-3-10). CE's may request to implement alternative processes for administration of medically necessary, covered services under the SoonerSelect program. The alternatives requested are subject to OHCA review and approval.

Oklahoma Complete Health (OCH) and Oklahoma Complete Health Children's Specialty Program recently requested to implement changes related to the prescribing and dispensing of GLP1 medications (Trulicity, Byetta, Victoza). This change will remove these medications from the Drug Maintenance List allowing for a reduction from 90-day supplies to 30 days.

OHCA subject matter experts (SMEs) reviewed OCH's proposed revisions and assessed the appropriateness of the proposed practices. The approved changes are effective for Oklahoma Complete Health and Oklahoma Complete Health Children's Specialty Program members for dates of service on or after May 1, 2025.

If you have any questions or comments about the implementation of this request to change service provisions, please contact Oklahoma Complete Health at 833-752-1664 or Oklahoma Complete Health Children's Specialty Program at 833-752-1665 or online at [OklahomaCompleteHealth.com](https://OklahomaCompleteHealth.com).

Thank you for your continued service to Oklahoma's SoonerCare and SoonerSelect members.

Sincerely,

Melody Anthony  
Interim State Medicaid Director
