WELCOME AND INTRODUCTIONS

TRIBAL GOVERNMENT RELATIONS DEPARTMENT

The Tribal Government Relations (TGR) department serves as a liaison between OHCA and CMS, Indian Health Service, Urban Indian facilities, and Oklahoma tribal governments for state and national level issues including tribal consultation, workgroups, policy development, legislation, and tribal sovereignty issues.

TRIBAL GOVERNMENT RELATIONS AND SOONERCARE PARTNERSHIP MISSION

The mission of the Tribal Government Relations department and OHCA is to improve services to American Indian SoonerCare members, Indian health care providers, and sovereign tribal governments through effective meaningful communication and by maximizing partnerships.

TRIBAL GOVERNMENT RELATIONS DEPARTMENT

In addition to SoonerCare and tribal health care collaboration, the TGR team has a wide range of experience in Indian Country including:

- I/T/U provider education
- I/T/U administration
- Legislative affairs
- Nonprofit/advocacy
- Indian health education
- Elder care
- Behavioral health
- Partner collaboration

PATHWAYS TO COMMUNITY LIVING

About Pathways

Money Follows the Person (MFP) transitions qualified Oklahomans from a nursing home back into the community of their choice. The MFP tribal initiative (Pathways) was modified to work more independently with tribes to give funds more specific to their needs.

Outreach

Our team has community outreach coordinators who will:

- Engage tribal partners
- Attend/present at tribal events across the state
- Maintain relationships

100% FMAP

WHAT IS 100%FMAP

The 100% Federal Medical Assistance Percentage (100%FMAP) is when OHCA can reimburse the I/T/U provider at an enhanced rate after administrative costs have been met. When the requirements are met, this converts the regular FMAP to 100% FMAP, saving state general fund dollars.

HOW DOES 100% FMAP WORK AT OHCA?

The SoonerCare contracted I/T/U provider will refer SoonerCare American Indian/Native Alaskan (AI/AN) member to a non- I/T/U provider under a signed Care Coordination Agreement (CCA).

The federal policy requires four main conditions.

- Participation by providers and patient must be voluntary.
- Services outside the I/T/U must be provided via a written care coordination agreement (CCA) with a referral from the I/T/U provider.
- I/T/U provider must maintain responsibility for patient care.
- Medical records from the non-I/T/U provider must be shared with the I/T/U provider.

HOW DOES I/T/U FACILITIES START RECEIVING 100% FMAP?

OHCA's requires that the I/T/U providers have an initial Care Coordination Agreement (CCA) signed by the I/T/U provider and non-I/T/U provider with the understanding of CMS and OHCA policies and guidelines.

GUIDELINES

The referring I/T/U provider will provide a request for specific services (by electronic or other verifiable means) and relevant information about his or her patient to non-I/T/U provider.

Non-I/T/U provider sending information about the care he or she provides to the patient, including the results of any screening, diagnostic or treatment procedures, to the I/T/U provider.

I/T/U provider continues to assume responsibility for the patient's care by assessing the information and taking appropriate action, including, when necessary, furnishing or requesting additional services.

I/T/U provider incorporates the patient's information in the medical record through the Health Information Exchange or other agreed-upon means.

HOW WILL OHCA DISTRIBUTE THE FUNDS?

OHCA has set up an I/T/U Shared Savings Program that will deposit the extra money into a savings fund for the I/T/U providers to have available for financial resources and support to the AI/AN population by addressing the critical health needs.

NOTE: *Non-Natives served at the facility are reimbursed at the state's usual FMAP and NOT at 100% FMAP*

I/T/U SHARED SAVINGS PROGRAM

WHAT IS THE I/T/U SHARED SAVINGS PROGRAM?

The I/T/U Shared Savings Program is a voluntary program that directs the reinvestment of any savings to the Oklahoma Health Care Authority (OHCA) generated by enhanced federal matching authorized under Section 1905(b) of the Social Security Act at a rate of one hundred percent (100%) for covered services received through participating Indian Health Service, Tribal and Urban Indian facilities.

WHO CAN PARTICIPATE?

ALL I/T/U PROVIDERS CAN PARTICIPATE

Participating I/T/U's

- Choctaw Nation
- IHS
- Chickasaw Nation

OHCA'S GUARANTEE

- Participating I/T/U facilities will be used to increase care coordination and to support health care initiatives for AI/AN populations.
- OHCA will deposit up to 50% shared savings that remain after administrative costs have been fully paid to the I/T/U provider into the I/T/U Shared Savings Revolving fund to increase Medicaid provider rates.
- The I/T/U Shared Savings Revolving fund will not be used to replace any other general revenue appropriated and funded by the Oklahoma Legislature or other revenues used to support Medicaid.
- OHCA will make distributions on a quarterly basis to participating I/T/U facilities based on claims data.

NOTE: The calculation will include the paid claims from the non-I/T/U provider that a member was referred to by an I/T/U. The referring ITU provider will need to be listed on the claim, and there must be an active Care Coordination Agreement (CCA) on file with OHCA. A CCA must be executed between the I/T/U facility and the non-I/T/U provider.

CARE COORDINATION AGREEMENT (CCA)

CCA PROCESS FOR OHCA AND I/T/U PROVIDERS

STEP 1

The I/T/U provider will secure a proper CCA with CMS requirements from the non-I/T/U provider

<https://oklahoma.gov/content/dam/ok/en/okhca/documents/a0301/20419.pdf>

STEP 2

The I/T/U provider will send over the provided Care Coordination Agreements excel file to tribalgovernmentrelations@okhca.org with the required information. Excel file can be found on the Tribal Relations Department website.
