RE: COVID Vaccine Coverage for the 2023-2024 Season

COVID Vaccine Coverage

- COVID vaccines are available to members 19 years of age and older through both the SoonerCare prescription drug benefit and the medical benefit.
- Members 18 years of age and younger must now receive the COVID vaccine through a federal Vaccines for Children (VFC) Program provider. **COVID vaccines for children 18 years old and younger are no longer covered through non-VFC participating providers.**
- COVID vaccines administered by pharmacies do not count against a member’s monthly prescription limit, and there is no copay to members.
- Vaccine Billing Guidance is outlined in Table 1 below.
- **Only the outer package NDCs listed below are covered.** As other NDCs become FDA and CDC authorized, coverage will be added as appropriate.
