COVID-19 Test Coverage and Pediatric COVID-19 Vaccine Coverage

COVID-19 Tests

SoonerCare is making over-the-counter (OTC) COVID-19 tests available through the pharmacy point of sale system. The COVID-19 tests should be submitted as a normal pharmacy claim. In addition to the cost of the test, a regular dispensing fee will be paid.

- 1 test should be billed as a 3-day supply. 2 tests should be billed as a 5-day supply.
- Age limits based on U.S. Food and Drug Administration (FDA) Emergency Use Authorization (EUA) should be followed
- Most OTC COVID-19 self-administered tests are covered without a prior authorization (PA); covered NDCs are listed in the table below
- OTC COVID-19 tests do not count against the member’s monthly prescription limit and have no copay

OTC COVID-19 Tests Covered without a PA	
NDC	Test
08337-0001-58	InteliSwab
11877-0011-40	BinaxNow
14613-0339-72	QuickVue
50010-0224-31; 50010-0224-32; 50010-0224-33	CareStart
56362-0005-89; 56362-0005-90; 56362-0005-96	iHealth
82607-0660-26; 82607-0660-27; 82607-0660-47	FlowFlex

COVID-19 Vaccine for Pediatrics

SoonerCare is also covering the pediatric Pfizer-BioNTech COVID-19 vaccine for members 5 to 11 years of age as authorized by the FDA EUA issued on October 29, 2021. The vaccine should be billed to SoonerCare as 0.2mL per 21 days, similar to adult and adolescent billing.

All other Advisory Committee on Immunization Practices (ACIP) recommended pediatric vaccines for SoonerCare members are only available through approved Vaccines for Children (VFC) program providers.

Thank you for the services you provide to the Oklahomans insured by SoonerCare!
