#### Businesses taking advantage of health insurance assistance

*Oklahoma City* – More than 280 small businesses across Oklahoma have signed up to receive health insurance premium assistance through the state's Oklahoma Employer/Employee Partnership for Insurance Coverage (O-EPIC) program.

As of April 2006, just four months since the program began taking applications from businesses, 286 employers had been approved. 548 employees had been determined qualified for the program that is being administered by the Oklahoma Health Care Authority (OHCA).

The program is open to all Oklahoma employers with 25 or fewer workers, including those that currently offer health insurance coverage. Premium assistance is available for workers and spouses with household incomes at or below 185 percent of the federal poverty level.

Participating employers, as well as employees, are required to pay a portion of the premiums. Employees are also responsible for any applicable deductibles and co-payments. Employers are required to contribute 25 percent of the premium amounts. Individuals pay up to 15 percent of the monthly premium; the state and federal government pay the remaining share.

Oklahoma currently has one of the highest uninsured rates in the country. In 2003, 20.4 percent of the state's residents were uninsured, as compared to 15.2 percent of the population nationally. The O-EPIC program is making affordable health coverage available to adults throughout the state who are either uninsured or at risk of losing their coverage due to high premium costs.

O-EPIC Premium Assistance is the first phase of a statewide initiative designed to use public and private partnerships to make health insurance more affordable. The second phase of the plan, the O-EPIC Individual Plan, is slated for implementation later this year. This plan will extend coverage to those additional qualified individuals and groups including uninsured self-employed individuals, workers whose employers do not provide health plans or who are not qualified to participate in their employer's health plan, sole proprietors not qualified for small group health plans and the unemployed who are currently seeking work. This program will allow qualified Oklahomans to buy a health plan directly through the state.

For more information about the O-EPIC program, visit <u>www.oepic.ok.gov</u> or call 1-888-3-OK-EPIC (1-888-365-3742).
