13-18	100% to 185%	18,964
<b>Total</b>		<b>63,185</b>

State Fiscal Year 2006 Enrollment by Aid Category

State Fiscal Year is defined as the period between July 1 and June 30 of each fiscal year. BCC is the acronym for Oklahoma Cares (Breast and Cervical Cancer coverage) and FP is SoonerPlan (Family Planning) members. TEFRA is included in the OTHER category.

**October is National Breast Cancer Awareness Month!**

For more than 20 years, National Breast Cancer Awareness Month (NBCAM) has educated women about early breast cancer detection, diagnosis and treatment. NBCAM continues reaching out to women with several key messages, most notably, the importance of early detection through annual mammography screening for women over 40, or earlier for women at increased risk.

Mammography screenings are a woman's best chance for detecting breast cancer early. When coupled with new treatment options, mammography screenings can significantly improve a woman's chances of survival. We are pleased that our efforts have contributed to more women than ever participating in mammography screening. Independent reports indicate that this has been instrumental in the increase in the survival rate for women with breast cancer. For more information on NBCAM, go to [www.nbcam.org](http://www.nbcam.org).

Oklahoma Cares, OHCA's qualifying program for women needing further diagnosis and/or treatment for breast and/or cervical cancer, has made health care benefits available to more than 7,000 women since January 2005. During the period of January 2005 and June 2006, Oklahoma spent more than \$20 million on these women between the ages of 19 and 65 with low-income and no cancer insurance coverage.

Women can find a Breast and Cervical Cancer Early Detection Program (BCCEDP) screening provider in their area by contacting the:

- Take Charge program at the Oklahoma State Department of Health: (866) 550-5585;
- Cherokee Nation: (877) 458-4491 or (918) 458-4491;
- Kaw Nation of Oklahoma: (580) 362-1039 ext. 228.

Once a woman has been screened by means of clinical breast exam, mammogram, or pap smear and found to be in need of further diagnosis and treatment, she or her screener can call the Oklahoma State Department of Health's Take Charge program to find out if she qualifies financially and how to apply for Oklahoma Cares.
