SoonerCare HMP Principles

Focus is on the person-not the disease

Teach the member how to self-manage – rather than do it

Providers must be included

Redesigning practice to support team based care

Grant Project:
Three Aims

1. Evaluate methods for collection and reporting of the Medicaid Adult Core Set measures within varying delivery care settings (e.g. managed care, fee-for-service, long term care settings such as nursing homes and intermediate care facilities).

2. Develop staff capacity to report the data, analyze, and use the data for monitoring and improving access and the quality of care in Medicaid.

3. Conduct at least two Medicaid quality improvement projects (QIPs) relating to Medicaid Adult Core Set measures.
