

OKLAHOMA
Office of Management
& Enterprise Services

Sept. 14, 2026

State procurement professionals,

OMES Central Purchasing is excited to share an updated version of the Oklahoma Purchasing Manual, now available on the Central Purchasing webpage.

This latest edition builds on the original comprehensive guidance with new sections covering:

- Requirements for state contracts (Section 7)
- Contract management (Section 8)
- Procurement ethics and penalties (Section 9)

We hope the updated version of the Oklahoma Purchasing Manual remains a trusted resource across state agencies, equipping you with the knowledge and support necessary to perform your responsibilities with integrity, efficiency and confidence.

Thank you for your continued partnership!

Amanda Otis

State Purchasing Director
